### Event Title: IEA Visiting Artist: Ray Ferreira

March 13-17, 2016

The Institute for Electronic Arts at the School of Art and Design of the New York State College of Ceramics

Sponsored by: The Institute for Electronic Arts and the Division of Expanded Media

Ray Ferreira, of Brooklyn, NY, will be at the Institute for Electronic Arts for an artist residency over the week of March 13th. Ray, who received his MFA from Hunter College in 2016, uses Englishes, Spanishes, and body languages to explore ways, which his body is manifested and manifests worlds, and ways his body aims to create a different ontoepistoethics. He views his texts as modular, pieces coming into and out of existence, stretching across spaces, times, and matters. During his residency, Ray intends to explore his texts using the IEA's analog and digital tools to further explore his texts and create new mixes. He will be experimenting with what happens when the spiral goes out of control - as in different systems - exploring what happens when audiovisual textures weave in and out as the text dances around.

The Institute for Electronic Art's Visiting Artist Program is sponsored in part by the New York State Council on the Arts with the support of Governor Andrew Cuomo and the New York State Legislature.

### **Writing Center Workshop: Using Other People's Words and Ideas Legally**

Cassidy Weese will provide an overview of how to incorporate others' ideas into your own writing through the use of quotation, paraphrase and summary. How do you paraphrase without plagiarizing? How can you use quotes from other authors to enhance your own writing? When do you have to cite your source in the body of your paper? How do you cite correctly? These are some of the questions that will be discussed in this workshop. You will have an opportunity to ask questions and practice. You'll also be able to take away some useful handouts. All this and free pizza! Thursday, March 16, 5:15 pm, Herrick Library Seminar Room. RSVP [CLW5@alfred.edu](mailto:CLW5@alfred.edu) so we know how much pizza to order.

### IEA Visiting Artist: Zorica Colic

May 8-12, 2017

Sponsored by: The Institute for Electronic Arts and the Division of Expanded Media

The IEA welcomes Zorica Colic of New York, NY, as our artist in residence over the week of May 8th. Zorica, who received her MFA from the Electronic Integrated Arts program of the New York State College of Ceramics at Alfred University. Zorica's work researches how contemporary life is structured and manipulated, with particular emphasis on the implications of the biopolitical management of human life. Through various hybridized forms of display, her works explore the complex relationships between politics, art and consumer worlds, examining how our lives are regulated or defined by taste, by products, and by mass-distributed role models. The goal is to identify new ways to subvert normative mass culture in order to re-contextualize images and signs that have become inflated from over-proliferation.

During her residency Zorica intends to further develop a video project titled Well-beings. These videos bring into focus a person defragmenting into commodity through the technological virtual, while investigating themes such as subtle manipulation of human emotions and behavior amidst current

conditions that are hyper-mediated, and increasingly focused on self-presentation. A face no longer functions as the site of identity but rather a terrain equally inhabited by intimacy, familiarity, strangeness, and the anxiety. For her residency, Zorica plans to extend her project into a multi-channel video installation with surround sound, presenting different "heads" or "creatures" put into a conversation.

The Institute for Electronic Art's Visiting Artist Program is sponsored in part by the New York State Council on the Arts with the support of Governor Andrew Cuomo and the New York State Legislature.

### Workshop with Sound Designer/Composer Adam Salberg

Workshop with visiting sound designer / composer Adam Salberg March 28 + 31

Sound designer, Adam Salberg is a composer and multi-disciplinary artist based in Brooklyn, NY. He has worked with off Broadway and regional theatres. His design credits include: The Woodsman (New World Stages), The 24 Hour Plays on Broadway, All the Fine Boys, Some of the Things Inside, and The Rocky Horror Show (Yale). Adam is a graduate of Fordham University, and a member of the Theatrical Sound Designers and Composers Association. He is currently collaborating with students and faculty on the Performing Arts production of As You Like It. During his residency at Alfred, he will be hosting a two part workshop on sound design for the performing arts. This workshop is open to all interested students and faculty.

March 28 5:30pm-6:30pm:

What is Sound Design? What is the role of a sound designer in a production? Examining a text, discussing basic theory, and exploring how sound design interacts with the other elements of a show.

March 31 3:30pm-4:30pm:

Tools of the trade. How does sound travel in space? What equipment do we have at our disposal to implement the sound design, and how do we design systems to create the most effective environment for the audience.

Please let us know if you have any questions.

### How To Post An Announcement On The New MyAU Portal

One change you will notice with the new MyAU portal is posting announcements.

We have combined these announcements with the Alfred Today application. This is a one stop shop where you can post all your announcements for both my.alfred.edu and Alfred Today.

There is still no approval process for announcements that are posted to my.alfred.edu. The only approval process is for announcements posted for Alfred Today.

The attached document explains how to post announcements on the new MyAU portal.
