Thank You to the AU Community

On behalf of the Office of Admissions I would like to extend my sincere appreciation to the entire Alfred University community. Our fall Autumn Visitation Days and Preview Days were a tremendous success due to the hard work and dedication of so many on campus.

Special thanks to Michelle Pomeroy for coordinating the events, the faculty and staff who represented their various programs and departments, AVI for an outstanding job providing great food and service, members of our physical plant who worked extremely hard to ensure beautiful grounds and space on campus, and members of our administration for taking the time to meet and mingle with our prospective students.

I'm delighted to report that we had a net attendance of closet to 200 prospective students!

Many thanks to all for spending part of your weekends to assist the University in meeting our enrollment targets.

Sincerely,

Corry D. Unis
Director of Admissions

Genetically Engineered Food Crops Survey (Still time left)

I am asking for your voluntary participation in my Environmental Studies senior research project. In accordance with Alfred University's policy on human subject research, this survey is voluntary. Participant names, though recorded for distribution of participation prizes, will not be used in the presentation or write up of the findings. There will be two respondent prize drawings, the first for five, \$20 gift certificates to a local restaurant of the respondent's choosing for the first respondents; and one for 15, \$10 gift certificates to a local restaurant of the respondent's choosing for randomly selected respondents, not in the first five.

Please click on either the link titled Survey to go to the survey or the URL provided in the message. It should take about fifteen minutes to complete the survey.

The Survey URL is <https://docs.google.com/s...>

History of the Genesee River Valley

Join the Baker's Bridge Historical Society on Monday, Nov. 19 at 7:30 p.m. for a talk on the Genesee River Valley presented by John Babbitt.

Long before the coming of humans, this area was covered with an extensive ice sheet. As it melted, the retreating ice produced much of the beautiful scenery that is found along the river.

The towns along the Genesee River have a colorful history and early trails, canals, tributaries and railroads all played a part in the growth of these river towns. Today the Genesee is a vastly different river from that of the 1700s and 1800s.

All who are interested in this topic or local history are invited to attend the meeting (no cost) held at the society's Meeting House at 5971 Hamilton Hill Road, Alfred Station.
