

FROSH DROP TWO GAMES

After giving promise of developing into a powerful team by defeating Geneseo by a lop-sided score, the yearling quintet went into a slump and dropped two games in succession.

Coach Lobaugh's charges obtained their victory over Geneseo, when they tallied 39 points to the opponents 21, at the Davis Track and Field House on the night of January 23rd. Whaley, center of the frosh squad, garnered scoring honors with 12 points, while his team-mate Adessa took second honors with 8.

Split Rock High School was the first to take the measure of the Frosh by a 20-16 score on the yearling's home court the following week. Alfred obtained an early lead and looked like the ultimate winners with the score 9-4 in the favor at the half. However, in the final period, the combination of Hanigan and Duxbury, former Alfred students, proved too strong and the visitors went off the floor with a victory by a 4 point margin.

Geneseo Wesleyan played host to the Frosh the next week and was the next to topple the yearlings, 36-24. The Lima team opened up early and at half-time had built up a comfortable seventeen point lead. The Alfred team came back strong in the second period to outplay and outscore their opponents, but were unable to overcome the early handicap.

Continued on page four.

FROSH DOWN SCHOOL OF COMMERCE

Once more Alfred's Frosh quintet maintained their superiority and with a fast finish overcame the Rochester School of Commerce 34-26 at the Davis Track and Field House, Saturday night. Adessa copped the scoring honors with twelve points to his credit.

The Flower City team obtained an early lead and throughout the first half both teams fought a hip and tuck battle. The yearlings left the floor at the rest period with the slender margin of two points, with the score at 16-14.

During the second period Rochester again took the lead, but the frosh attack steadied and in the final few minutes broke with fury to surpass the visitors, when Adessa dropped three tallies in succession to clinch the game.

The visitors showed a nice assortment of long and fancy shots by which most of their scoring was done. However, they were unable to pierce the Alfred defense, which was almost impregnable under the basket.

Summary:

Swarthmore Phoenix. Princeton University held a "World Court Rally" on Armistice night in order to further the entrance of the United States into the World Court.

PI ALPHA ANNIVERSARY CELEBRATION

Pi Alpha Pi sorority's ninth anniversary was observed Friday night at a formal dinner-party in the sorority home on Sayles street. More than 50 persons were present, including nine honor guests, nine visiting alumni and active members.

The house was prettily decorated throughout in the sorority colors, while the five-course dinner menu maintained green and orange colored foods in harmony with the newly redecorated dining room. A cozy atmosphere prevailed during the serving of the dinner, when only the soft glow from the table candles furnished the light.

Mrs. Boothe C. Davis, one of the honor guests and wife of President Davis of Alfred University, acted as toastmistress. Following the dinner she introduced the speakers. Miss Isabelle Moore, sorority president, welcomed the guests and visiting alumni.

Miss Agnes Rutherford also spoke concerning the activities of the sorority during the present year, and described an extensive program of repairs on the home, which were recently completed. Miss Mary Swan of Lyndonville discussed future ambitions of the sorority.

The guest-of-honor list included the following from Alfred: Mrs. B. C. Davis, Mrs. Raymond Reynolds, Mrs. Charles Rice, Mrs. Charles Amberg, Miss Ildra Harris, Mrs. Irwin Conroe, Mrs. A. E. Champlin, Mrs. G. W. Campbell and Mrs. Dora Degen.

Among the visiting alumni present were, Miss Florence Potter of Friendship, Miss Margrieta Coit of Bradford, Pa., Miss Bernice Sheetz of Alfred, Miss Ortense Potter of Friendship, Miss Alice Holbert of Wellsville, Miss Winifred Love of Cuba, Miss Eudora Perry of Jordan, Miss Marjorie Travis of Hornell and Miss Agnes Woodburn of Canisteo.

Miss Miriam VanDuyne of Hicksville, L. I., was general chairman of the affair. She was assisted by Miss Miriam Walton, who supervised decorations; Miss Bernadine Barry, dinner and Miss Dorothy B. Eaton, invitations.

INTRAMURAL BASKETBALL

There has been a lull in intra-mural activity since before final examination.

Play will be resumed in both leagues starting next week, however.

Lester Vance, president of the association, will post a new schedule of games this week-end.

The usual custom of playing two rounds of games will not be followed this year due to lack of time. Instead, one round will be played in each league and the respective winners will meet in a championship game or possibly a series of games.

SOPHS FAVORED IN INTERCLASS LEAGUE

The first game in the Interclass league was played off Saturday morning, Feb. 13th. The first round of games will not count toward the cup, as they are more or less practice games to see how the teams will shape up. In this first game the Sophs beat the Frosh 22-6. There was a Junior-Senior game scheduled for the same day, but as neither team had appeared by the end of the Frosh-Soph game, it was called off. Appearances favor the Sophs as the winners of the league, although it is expected that they will find stiff opposition in the Seniors.

UNIVERSITY RECEIVES \$25,000 GIFT

TREASURER RECEIVES CHECK FROM ESTATE OF MRS. BIGGS

As announced late in June the University had a communication from the executor of the estate of Mrs. Herman M. Biggs of New York City, that in her will Mrs. Biggs had bequeathed the munificent sum of \$25,000 to the University as a memorial to her parents, William Richardson and Elsie Hammond Richardson, both former students at Alfred, and former residents of Hornell. Her father was for many years the proprietor of a shoe factory in Hornell, that was located on Main street, about where the Penny store is now located. Previous to this gift Mrs. Biggs had established a \$2000 scholarship, and had given \$5000 in the Million Dollar Campaign.

The husband of Mrs. Biggs was for a number of years Health Commissioner of the state of New York—Sun.

VARSITY LEAVES ON TRIP; TO PLAY CHARITY GAME

Alfred's Varsity quintet will see plenty of action this week against three Conference teams. The results of these encounters will either make or break the team. It is a golden opportunity for the locals to climb out of the Conference cellar and register some games in the win column.

On Tuesday the Purple and Gold will travel to Geneva in an attempt to even things for the one-point defeat they suffered from Hobart in the Hornell Armory encounter. The following evening the Varsity will engage Clarkson at Alfred. The Potsdam team will offer strong opposition, but it is expected that Coach Galloway's new system will offset any advantage the visitors might have.

Olean will be the scene of the Niagara battle, where the two teams will play a charity game for the Olean Unemployed, Saturday night. While Buffalo has toppled Niagara from the Conference race, supremacy, nevertheless the Falls City team always has a tough aggregation. A victory here will be something for the locals to brag about.

NOTICE

Attention is called to the fact that the talking pictures Thursday night will start at seven o'clock instead of at seven-thirty.

COLLEGE CALENDAR

Daily: Chapel at 10:00 Note!
 Tuesday: Fiat Lux meeting at Gothic, 7:15
 Wednesday: S. D. B. Choir Practice at Church, 7:00 P. M. University Church choir at Parish House, 7:00 P. M. Girls' Basketball
 Thursday: Assembly at Alumni Hall at 11:30 A. M. Movie, Alumni Hall, 7:30 P. M. Sigma Chi rush party, Sigma Chi, 7:00.
 Friday: Vesper Organ Recital at Church, 7:30 P. M.
 Saturday: Girls Basketball S. D. B. services in the church at 11 A. M.
 Sunday: Union Services, 11:00 A. M. at the church. Christ Chapel evening prayer at Gothic.

CERAMIC DEPT. ATTENDS CONVENTION

This year the Ceramic Convention met in Washington, D. C., on February 7-12th. The convention had two divisions, the Art division and the Engineering division.

Dr. C. F. Binns, Mr. C. F. Harder, and Miss Fosdick were among those on the art program. Betty Rogers and Marian Burrows were sent as representatives of the Ceramic Art Guild. Hazel Mott, Anne Whitfield and several former Alfred graduates were also among those attending the convention.

The Art Division meeting began Tuesday, lasting through Thursday. During the meetings several interesting papers were read. Kenneth Smith, graduate of Alfred in '28, read a paper on "Further Experiments in Preparation and Application of Underglaze Crayons". Another paper was read by Hazel Mott '32, on the experimentation of the Egyptian Blue Glaze. This experiment was started by Dr. C. F. Binns and Myrtle Klem last year, being carried further towards a conclusion this year by Hazel Mott.

Mr. R. F. Bach from the Metropolitan Museum of Art in New York City, gave an address Tuesday night, February 9th, on Ceramic Art Architectural, Home Service, and Decorative. This was considered one of the high spots of the convention.

President Herbert Hoover gave a reception, Wednesday, February 10th, at the White House for the delegates.

Alfred faculty representatives were: Prof. Rice, Prof. Amberg, and Prof. Merritt. Student representatives were: S. DeLaney, W. Green, M. Barton, A. Tittsworth, L. Harwood, R. Schlehr, V. Wessles, H. Huffcut, and Dale Lockwood.

The convention opened Monday and among the interesting things explained was the Rotary Drier for the surface clay preparation. This drier has failed many times, but the Hancock Brick and Tile Company improved it to a paying proposition.

There was a trip through the Bureau of Standards, which afforded much to the convention.

The convention closed Friday with the visiting of Ceramic plants in Baltimore.

INTERSORORITY PROM

United by their annual dance, the members of Pi Alpha Pi, Theta Theta Chi and Sigma Chi Nu entertained at Social Hall on February 13, aided by Ted Van Order and his orchestra. Faculty guests were Miss Larkin, Mrs. Middaugh, Mrs. Wingate and Mrs. Camp. Many alumnae were back including Claire Persing, Margrieta Coit, Dorothy Hallock, Winifred Love and Mary Brown Allen.

LATIN CLUB ENTER-TAINED BY DR. NEASE

Last Wednesday evening, Feb. 10th, members of the Latin Club held another monthly session at the home of Dr. Nease. The primary object of the Latin Club is to stimulate and promote the interest in the classical languages.

Three or four short talks were presented by various members to show the usefulness of latin in present day life, especially in the fields of law and medicine. The topics selected for discussion were entertaining and instructive. Several latin games were played, which enthused the members. At the close of the program, refreshments were served.

The club has decided to accept four new members: Eleanor Witter, William Welch, Thelma Brasted, and Helen Hawkey.

DR. BINNS SPEAKS ON VIRGINIA TRIP

Doctor Charles F. Binns traveled to Virginia last week where he addressed two groups on subjects allied to the Ceramic art field. On Wednesday, February 3, Dr. Binns spoke to the Richmond Academy of Arts on "Pottery Making—Then and Now". On February 7th, he addressed the assembly of the combined middle and upper schools of St. Catherines School for Girls. The talk concerned the field of Ceramics and its allied arts and crafts. The remaining time Dr. Binns spent at the home of his son-in-law, Director A. D. Fraser, who is an instructor at the University of Virginia.

PI ALPHA AND THETA CHI WIN SLOW GAMES

On Wednesday evening, January 27th, Pi Alpha beat the Outsiders 22-6 in a rather slow, uninteresting tilt. Enthusiasts among the girls were greatly disappointed that this didn't turn out to be the lively game expected. The same evening Theta Chi took over Sigma Chi to the tune of 26-8. This was an equally uninteresting game, though nice guarding on the part of both teams helped somewhat to enliven it.

The line-up:

| Outside | Pi Alpha |
|---------------------------------|--------------------|
| Gardner, rf. | Bangert, rf. |
| Emery, rf. | Eaton, D. B., lf. |
| Lehman, lf. | Bastow, cf. |
| Clarke, cf. | Mitchell, cf. |
| Leach, cg. | Mourhess, rg. |
| Cornish, rg. | Walton, rg. |
| Vincent, lg. | VanDuyne, lg. |
| Gardner, lg. | Mourhess, lg. |
| Score | 1st 2nd 3rd 4th T. |
| Pi Alpha | 4 2 10 6—22 |
| Outside | 4 1 0 1—6 |
| Referee—Kilburn; Umpire—Coates. | |
| Theta Chi | Sigma Chi |
| McLean, rf. | Thompson, L., rf. |
| Parmalee, rf. | House, lf. |
| Heard, lf. | Krassidy, lf. |
| McLean, lf. | Carpenter, cf. |
| Smathers, cf. | Williams, L., cg. |
| Heard, lf. | Krassidy, rg. |
| Rogers, cg. | House, rg. |
| Sheheen, rg. | Heiserodt, rg. |
| Stillman, rg. | Heiserodt, lg. |
| Olmstead, lg. | House, lg. |
| Score | 1st 2nd 3rd 4th T. |
| Sigma Chi | 2 2 2 2—8 |
| Theta Chi | 11 4 2 9—26 |
| Referee—Kilburn; Umpire—Coates. | |

Wednesday evening, February 10th, those girls who turned out witnessed the last three of the games between the Sororities, the Brick and the Outsiders. In the two games regularly scheduled for the occasion the Brick lost to Pi Alpha by a score of 25-7, and Theta Chi took its first defeat of the season at the hands of the Outsiders. After these games were over, Sigma Chi and Brick played their game, which had been postponed from the 6th. In this last game the Brick won by a score of 24-4. The Brick-Pi Alpha game was sloppy on the part of the Brick team. When Billy Nichols, the Brick Captain, injured her knee and had to go out of the game in the first half it put the Brick at a further disadvantage. The Theta Chi-Outside game was close and fast, and proved to be fully as entertaining as expected. In the final game the Brick woke up and showed some nice playing.

The line-up:

| Pi Alpha | Brick |
|----------------------------------|--------------------|
| Eaton, D. B., rf. | Nichols, rf. |
| Bangert, lf. | Ravit, rf. |
| Bastow, cf. | Gillespie, lf. |

What Does Education Mean To You?

Some one once wrote: College could do more than give him the tools with which to earn money. It could give him the learning whereby he might plumb some of the mysteries of the complex experience which is called life. History fascinated him; he was thrilled by the splendid drama of the world; he wanted to know everything about the relentless battle between man and man or men and nature which is called economics; he wanted to learn the secrets of its generals and historians so that they might become his weapons and his skill; he wanted to know what the wise men of all time had thought and said about God and man; he wanted to learn the songs great singers had sung, to read the tales great story tellers had told, to learn the mysteries that men had unraveled from a rock or captured in a test tube; he wanted to speak the tongues of other races so that their lives and literature might be an open book to him—in short he wanted an education.

Do you want these things, or do you want a diploma which means that the work has been done well enough? An opportunity to get much of the type of education that the young man desired has been offered to Alfredians several times in the form of discussion groups at the Social Hall, Sunday nights. Travel, Art, Music and Literature have been discussed by perhaps a half dozen people. Why not arouse in yourself some latent interest and so give and receive as much as you can?

A. C.

Movies In Alfred

With the installation of vitaphone equipment in Alumni Hall, Alfred has advanced another rung on the ladder of progression. This addition represents the spirit of the "powers that be" in Alfred—to give the students the best there is. Because of lack of transportation facilities it is frequently inconvenient to see the movies in neighboring towns. Now is your opportunity to see the latest shows right at home and support your school at the same time.

The equipment installed is of the very best quality. The instigators are eager for suggestions of movies the students desire to see. An attempt is being made to bring the best and latest ones to Alfred. Many excellent movies have already been secured. Here is your chance to show your loyalty to Alfred. Support your school!

HUMOR

HOW TO RAISE HELL IN TEN EASY LESSONS

By Pat Hughes

Probably the first thing a dyed-in-the-wool rounder or prospective hell-raiser would do is to purchase a pedigreed hell outright. The big difficulty with this least-resistance procedure lies in the removal of a large portion of the pleasure and satisfaction from the fun of the Hade-culturist. Now if one really insists on enjoying the feat he should first go to the woods (where hell first broke loose) and capture a live young hell. The young of the species are the most desirable, yet the hardest to catch, the little devils.

After locating a thicket which appears to be full of hell (there are lots of them, you muck-raker) approach it cautiously. Then follow one

of the more popular methods of catching hell. If you are a football player try fumbling on the one-yard line in the big game; if you are a baseball player try stealing second with the bases full (a large group of hell may be caught easily in this manner); if you are a child in teens let mother find you smoking her cigarettes, and if no other opportunity presents itself try writing something like this.

Then, when you are at last the proud captor of one of these struggling, biting little furries take him (or her) to your home and raise him to your apartment on the tenth floor. Nurse tenderly along on morphine, Micky Finns, and grapefruit seeds. If possible get him in a bridge game and raise him on anything he bids. Then you'll catch hell raising hell! If he does anything around the house that a nice-mannered little hell shouldn't, raise him (with your foot).

Whenever he is hungry and whines throw him a cat or dog, or grannie's wooden leg to settle his appetite.

After he grows up and goes away to boarding school you'll no doubt miss him and wish he were back. I know you'll be sorry, but that's the whole thing in a nutshell, folks, and I trust you'll know what to do if the situation ever arises in your family.

The funeral services for Rev. Andrew J. Purdy, '94, former pastor of the North Park United Presbyterian church of Buffalo are being held from that church this afternoon. Mr. Purdy was the organizer of the first track team at Alfred, and is remembered by the present student body as an assembly speaker two years ago and also as a speaker before the Christian Associations last year. His genial personality, keen sense of humor and understanding of youth won him many friends.

Dr. Lowell F. Randolph '16, has been doing some interesting and constructive research work in his laboratory at Cornell University along the line of the effect of X-ray on the plant cell. He has succeeded in changing an annual plant into a perennial in one instance, and this opens the door to wide possibilities along which further investigation will follow. Mr. Randolph is a research associate at Cornell and an associate cytologist of the U. S. Department of Agriculture.

The friends of Phyllis Palmer '18, now Mrs. Arthur Anderson, will be interested to know that her husband has returned from his period of study in Italy, and is to begin an engagement with the Metropolitan Opera Company the first of February. Mr. and Mrs. Anderson have been in Alfred Station recently, visiting her parents.

Dr. Horace A. Hall '15, who has been busy for the past three years in building up a Sanitarium and Hospital in the Philippine Islands, has been given the rank of Fellow of the American College of Surgeons. After leaving Alfred, Dr. Hall went for his medical training to Loma Linda, California, and graduated in 1920. He reports the field in which he is now working as one much in need of more doctors and nurses.

President Paul E. Tittsworth of Chestertown was elected one of the vice-presidents of the Society of the Genesee at its recent meeting in New York City.

President J. W. Crofoot of Milton, Wisconsin, spent the day in Alfred, on his way to New Jersey and other parts of the East, which he is visiting on college business.

At the meeting of College Presidents held recently in Cincinnati, Alfred Alumni had three representatives: President Davis, President Crofoot, and President Tittsworth.

Gertrude Saunders, chairman of the Rhode Island Chapter of American Association of Social Workers which held a meeting in January for social workers, presented Dr. Richard C. Cabot of Boston as the principal speaker. Miss Saunders is the executive director of the International Institute in Providence.

Can we do as well? "Princeton University sent out questionnaires to its alumni to find out how they were getting along. They discovered that the average alumnus owns one and nine-tenths automobiles, six and one half suits of clothes, and has one and five-eighths babies"—Alumni Quarterly.

Swarthmore Phoenix. A hall of fame is maintained at Yale for the preservation of skeletons and stuffed specimens of champion dogs. Only the finest champions are accepted.

WHAT IS A QUACK?

I am not a plumber.
I am not a veterinarian.
I am not a taxidermist,
Nor a trapeze performer.
But I am a Barber!

It requires years of experience to become a good barber.

I have had that experience in first class city shops.

On that basis I solicit your patronage.

Brick Notes

A number of the girls took advantage of the few days vacation between semesters to go home. Those who did were the following:

Martha Cornish, Betty Hyde, Marion Clements, Jane Messimer, Barbara Galton, Frances Douglass, Elizabeth Dickover, Margaret Lloyd, Eleanor Witter, Mary Curry, Thelma Brasted, Lucile Bailey, Nina Thompson.

Dorothy Ravit and Felice Menz spent the week-end in New York City, visiting their respective homes.

Pi Alpha Pi

Kathleen Johnson and "Billie" Nichols were dinner guests Tuesday.

Margaret Lloyd, Marian Clements and Betty Gillespie were entertained at dinner Wednesday.

Alumnae and honoraries who were

present at the Birthday banquet were: Margerita Coit, Eudora Perry, Ortense Potter, Agnes Woodburn, Marjorie Travis, Alice Halbert, Bernice Sheetz, Winifred Love, Mrs. Conover, Miss Harris and Mrs. Amberg, Mrs. Boothe C. Davis, Mrs. G. W. Campbell, Mrs. Rice and Mrs. Reynolds.

Fraternities

Bartlett Dormitory

Don Henneky has left Alfred and is in the Cincinnati School of Embalming.

Delta Sigma Phi

Congratulations on a great meet, Wrestlers. Take the rest of them too.

Dave Hannigan and Bill Duxbury came over with the Split Rock aggregation and seemed to have their eagle eyes just as ever.

Tough luck, Varsity and Frosh, how about a double of wins next time.

Theta Kappa Nu

We take pleasure in announcing the pledging of Professor Nease.

"Hi" Holden made us a visit over the week-end.

We are glad to have Crawford Hallett and Frank Ryll with us this semester.

Now the tne exams are over the boys can relax.

Nice game, "Frosh".

Burdick Hall

Schultz spent the past week-end in Wellsville.

Louis Militello and Earl Davis have gone to Silver Creek and Rushville, respectively.

Dale Lockwood spent the past week at the Ceramic Convention in Washington.

The bridge fiends have started to practice again for the next tournament

Kappa Psi Upsilon

Activities this week-end have centered around Naples and vicinity.

We are still awaiting Bartons return from Washington.

Bauers room is having its face lifted. The boys are trying to get the paint off themselves, with some success.

Alumni back this week-end were "Ted" Flint, "Al" Perry and "Willie" Getz.

Nice party Sororities.

DELTA SIG BANQUET CELEBRATES 12TH ANNIVERSARY

On Feb. 7, the Delta Sigma Phi fraternity held its annual installation banquet at the House, celebrating the twelfth anniversary of the founding of the Alpha Zeta Chapter at Alfred. Short speeches were given by the faculty and the alumni members, who we were glad to welcome back.

Among them were the Perrone brothers, Pat and Tony, Gus Larson, Ken Nichols, Brahms Martin, and others.

Our guest was Capt. Ryan, editor of the Carnation, who gave us a nice speech.

The fellows all enjoyed the nice

party, and we wish to thank you, Sororities.

Wonderful pulling through Frosh basketball team; nice playing, too.

Tough luck wrestling teams; show them up next time.

We wish to express our regrets of losing Brother Jacquiss, who is transferring to Penn. State to take studies in Civil Engineering, and we hope that he does not get too homesick for dear old Alfred.

Brick Open House

Those who were unable to be away during the short vacation enjoyed themselves at the dance held in the Brick Saturday evening. It might have been called a Leap-Year Frolic inasmuch as the girls did the inviting and cutting in on dances.

Among the guests were Miss Haze Kenyon and Professors Bond and Williams, while the chaperones who officiated were Professor and Mrs. Boras and Professor and Mrs. Nease, and Mrs. Ellis.

"I was afraid Grandfather would be Shocked.."

"HE'S rather a bossy old darling, and I didn't know how he'd like the idea of my smoking.

"The first time I lit a Chesterfield in front of him, he sniffed like an old war-horse...and I braced myself for trouble. But all he said was, 'That's good tobacco, Chickabiddy.'

"You know Grandfather raised tobacco in his younger days, so he knows what's what. I don't, of course—but I *do* know that Chesterfields are milder. It's wonderful to be able to smoke whenever you want, with no fear you'll smoke too many.

"And it doesn't take a tobacco expert to prove that Chesterfield tobaccos are better. They *taste better*...that's proof enough. Never too sweet. No matter when I smoke them...or how many I smoke...they always taste exactly right.

"They must be absolutely pure...even to the paper which doesn't taste at all. In fact...as the ads say...'They Satisfy!'"

CHESTERFIELD'S RADIO PROGRAM

Nat Shilkret's Orchestra and Alex Gray, well-known soloist, will entertain you over the Columbia Coast-to-Coast Network every night, except Sunday, at 10:30 E. S. T.

THEY'RE Milder • • THEY'RE Pure • • THEY TASTE BETTER • • *They Satisfy*

CHAPEL PROGRAM FOR WEEK ANNOUNCED

Monday—Chaplain McLeod dealt with the subject, "The Highest Heredity". The most determining factor in every man's inheritance is not that which he gets from his grandfather, but what he gets from himself. Every man is his own most important ancestor. There is only one real ghost who will ever haunt us. It is the bright vision of the man we might have been.

Tuesday—"Do you have God on your visiting list, or do you call upon Him with the intimacy of a close friend like Abraham, who was a friend of God?" Many people pay their religious duty as a social form, listed by Professor Luccock of Yale as the occasional duty, the week-end visit, at church, the annual visit, which frequently comes at lent, and the last, the sick call. What a ghastly relation this affords to one who gives to us every day, every hour, every moment of His time!

Wednesday, "Ash Wednesday"—The most common thought connected with Lent is that of denial. As in all other practices, Jesus is our example, for He was every loyal to the cause of God, and loyalty always calls for denial.

Thursday—All men surrender to one of two great ideals. They determine to get all they can for themselves or to give all they can of themselves to the world. Chaplain McLeod classified these types as the go-getters and the go-givers, and among the go-givers he paid tribute to Thomas Edison, whose birthday it was. The challenge of the Lenten season is to surrender our lives to the cause of humanity.

Friday, "Abraham Lincoln"—Lincoln is a timberline American. He was born to struggle and hardship. Life for Lincoln was mostly winter, but in spite of the false criticism which hurt him deeply while he lived, it did not break him. He was a timberline American and the cold indifference of men, the raging stormy attacks of his enemies, could not deny him his place among the immortals.

FROSH TO MEET R. B. I. AND U. OF R. FROSH

Coach Lobaugh's frosh squad will invade Rochester this week-end, where they will meet the Rochester Business Institute team and the University of Rochester yearlings on Friday and Saturday nights.

The local basketballers have been going through strenuous practice sessions since the last two defeats they suffered and will have a new bag of tricks for the Flower City teams.

Marks left the squad intact and it is expected that Lobaugh will start his strong first string in an attempt to clinch victory from the start.

CO-ED SUMMARY

| | |
|----------------------------------|--------------------|
| Stillman, cg. | Cornish, lg. |
| Sheheen, rg. | |
| Fleischauer, lg. | |
| Score | 1st 2nd 3rd 4th T. |
| Outside | 0 3 3 1—7 |
| Theta Chi | 1 0 0 4—5 |
| Referee Carpenter; Umpire—House. | |
| Sigma Chi | Brick |
| Thompson, L., rf. | Thompson, N., rf. |
| Krassidy, lf. | Gillespie, lf. |
| Carpenter, cf. | Kilburn, cf. |
| Marshall, cf. | Armant, cg. |
| Carpenter, cg. | Jazombec, rg. |
| McCulloch, rg. | Grems, lg. |
| House, lg. | |
| Score | 1st 2nd 3rd 4th T. |
| Sigma Chi | 0 0 4 0—4 |
| Brick | 5 8 3 8—24 |
| Referee—Bastow; Umpire—Heard. | |

The results of this league are:
Team Won Lost
Brick 1 3
Outside 3 1
Theta Chi 3 1
Sigma Chi 0 4
Pi Alpha 3 1
The resulting tie between Theta Chi, Pi Alpha, and the Outsiders will not be played off, since it is impossible to arrange a time and keep up the schedule of interclass games.

Swarthmore Phoenix: At Southern California seventy freshmen are taking part in a three year experiment to determine the validity of scholastic aptitude tests as a criterion for admission to college.

Y. W. ALL-COLLEGE TEA

The Y. W. C. A. held an all college tea Friday afternoon from 3:30 to 5:30 at Social Hall.

The Hall presented a very attractive appearance, with a long table, at either end of which were the pourers, Miss Ford and Miss Harris. For the last hour, Mrs. Boraas and Mrs. McLeod poured.

Ruth Kenyon, Roberta Carke and Maxine Armstrong were those on the committee and all credit for the success of the tea is due to their efforts.

A large number of guests were entertained in spite of the numerous other activities which were on the calendar.

This tea is the first of several affairs which the Y is planning to give within the next month.

RAZEY INITIATED INTO BETA PI KAPPA

Robert Razez was initiated into membership to the Beta Pi Kappa honorary national Ceramic Society on January 13, at the Theta Kappa Nu house.

Dale Lockwood was elected to represent the Ceramic Society at the convention of the American Ceramic Society to be held in Washington, D. C., from February 8 to February 13. Among those in Ceramic School who will exhibit pottery at the convention are, Dr. Charles F. Binns, Miss Marion Fosdick, Professor Charles Harder, William Rosa, Dorothy Hallock, Frieda Smigrod, Elizabeth Rogers, Mary Brown Allen.

Swarthmore Phoenix: A new system of debating has been adopted at Syracuse University. Under it the speakers support only what is their honest and genuine point of view.

SOAP SCULPTURE EXHIBIT IN LIBRARY

The National Soap Sculpture Committee of 80 East Eleventh Street in New York have had on display in the library small sculptures of white soap medium. This is the annual competition for prizes offered by The Proctor & Gamble Company open to all amateurs.

Ninety-six prizes and four special awards totaling \$1950.00 are being offered. The purpose of this competition is to increase the widespread interest in carving of small sculpture, using white soap as a medium.

An exhibition of the entire collection of entries in the competition will be open to the public during June, 1932, in New York at a place selected by the committee. At the close of the exhibition, the sculptures will be sent on a tour to museums, art schools, and other art centers throughout the country.

All those interested may find minor details in the library. Come out and show your skill.

FOOTLIGHT CLUB TO PRESENT "SKIDDING" AT KEUKA COLLEGE

On Friday evening, Feb. 19, the Footlight Club will present "Skidding" at Keuka College. Much has been planned by Keuka for the entertainment of the cast. In the late afternoon there will be a tea, after which the play will be presented. A formal banquet will take place at the close of the play.

The St. Bona Venture: The town of Hanover, New Hampshire, requires all eligible Dartmouth students to vote, in order that the town may collect a poll tax from them. In retaliation, the students attended a town meeting where they introduced and passed two bills which proposed the construction of a city hall one foot wide and a mile high and a wall around the town eight miles high. Hanoverians had to take the affair to Washington to get out of building the two structures. Since then the Dartmouth students have not paid a poll tax.

The St. Bona Venture: At Hamline University a student does not receive a degree simply after acquiring a certain number of credits. Having proceeded at whatever rate he pleased all through his college years, the candidate is awarded his parchment, after a comprehensive examination has been passed.

The Springfield Student: We would make special note of the success of the recent disarmament conference held at Amherst. Pres. Pease made the following comment. "It is a happy sign when the undergraduates in our colleges turn from their trivialities

of college politics to discuss and further measures directed toward disarmament". The thought of the conference centered about that great picture of the famous warrior with head and hand cuts off or complete disarmament.
