"A pretty darn good newspaper serving Alfred since 1883 Of the Community. By the Community. For the Community. OFFICIAL NEWSPAPER OF TOWN AND VILLAGE OF ALFRED AND ALFRED-ALMOND CENTRAL SCHOOL DISTRICT

Vol. 129, No. 23 Alfred, Allegany County, New York State, U.S.A. 14802 Thursday, June 5, 2014

40 YEARS: Traffic light keeps a-changin'

ALFRED--The times they are a changin'...and so does Alfred's 40-year-old traffic light.

Join the Alfred community Friday, June 6 to celebrate Alfred's one-and-only traffic light and the control it has maintained in our town for FORTY, yes, forty years. This is the kind of gathering that raises questions such as "Where were you when . . . " No matter what your age, you shouldn't miss this--so that you can tell children and grandchildren where you were when THE light turned forty.

Join the parade! We are looking for organizations and individuals in costume and/or aboard a conveyance that celebrates this grand moment in our village's history. The parade forms at 6:30 p.m. on Park Street and steps off at 7 p.m. sharp.

The celebration begins as the parade makes its way to Main Street to pass under the light and then return for opening ceremonies. Short speeches from village personalities, the traffic light chant, games, story- telling, demonstrations of fire and ambulances, and a Terra Cotta building open house--all right there at that intersection.

There will also be a street dance under the light until 10 p.m., music provided by Sound Foundation. Arts and crafts vendors are invited to set up north of the traffic light on the McLane side of the street on the sidewalk. There is no charge for the space. Flavors of Alfred will be humming on the village green.

Traffic Light T-Shirts will be available in tangerine, TRAFFIC SAFETY green, sports gray, and apple green. Traffic jam is available in strawberry and apricot. All proceeds benefit the repairs to the Children's Park, initiated by the Alfred Montessori School.

Bring your organization, bring your family, join the parade and vie for prizes!

Village of Alfred Traffic Light Festival Whereas the Village of Alfred has only one traffic light Whereas the one traffic light in Alfred turns forty years Whereas the Village of Alfred is celebrating the 40th anniversary of the installation of the traffic light Whereas you are one who appreciates, in some form or other, the one and only traffic light in the Village of Alfred Therefore You are summoned to honor the significant anniversary by attending the Traffic Light Festival On June 6, 2014, in the Village of Alfred, Parade from Park Street to the traffic light 7:00 p.m., Opening ceremonies in the traffic light intersection, Street dance, games, storytelling, 7:30-10:00 p.m. You are not ordered to appear. You are invited to appear. Please consider marching in (gather 6:30 on Park Street), or watching, the parade. What is your plea?

The "new" one (Claire Volk) modeling a NEW Traffic Light tee shirt, while the "old" one (Bobpa Volk) models a ten-year-OLD one. Just realized Claire wasn't even BORN when the old shirts were new.

on a \$9 million expansion/renovation project at McMahon Engineering Building on the Alfred University campus.

۲

Doreen Edwards, dean of the Inamori School of Engineering and professor of materials sciaid the two-story addition will fill in the courtyard/parking lot in the rear of the building. In addition, several second and third-floor laboratories in the existing building will be renovated, along with common spaces, including restrooms and hallways. The main southwest entrance of the building will also be modernized The new addition will house the School's electron microscopy suite. "The addition has been designed with special vibration-damped rooms that will enable us to obtain high-resolution images required for nanoscale work," said Edwards. It will also house surface-analysis equipment, including x-ray photoelectron spectroscopy; atomic force microscopy and some of the x-ray diffraction equipment.

ble space to meet the needs of faculty, students and researchers, said Edwards, who anticipates it will typically be used as a casual gathering space, for students to collaborate on coursework, or for researchers to gather to discuss results. The space will be

of the Western New York Regional Economic Development Council.

We are very grateful for state support for this important initiative," said Edwards. "It demonstrates the state's commitment to the materials-based industries in New York State.

ufacturers in the state, including Corning, Incorporated and General Electric, but also some very promising start-up companies.

The building expansion/renovation is being funded by the State University of New York Construction Fund. The materiengineering, glass science engineering and materials science are part of the New York State College of Ceramics at Alfred University, a statutory college created by an act of the State Legislature in 1900. Alfred University receives an allocation from the State Legis

Other renovated lab spaces will accommodate thermal analysis equipment and sample preparation areas. An atrium in the infill area will provide flexiwell-equipped for wireless internet connections and house a few wired desktop computers. The space can be easily reconfigured to accommodate symposia, poster sessions or workshops.

The facility will serve as a hub for the Center for High-Temperature Characterization, a suite of specialized, and in some cases, custom-built, equipment that tests the properties of materials at high temperatures, said Edwards, dean of the Inamori School of Engineering at Alfred University.

The School has obtained \$6.9 million in state funding to purchase high-temperature characterization and processing equipment for the Center, said Edwards. The initial \$4 million was awarded through the Dormitory Authority of the State of New York (DASNY) through the efforts of State Senator Catharine Young, R-Olean. The remaining \$2.9 million was awarded by the Empire State Development Corporation on the recommendation

Luncheon to mark end of 120-year-old book club

ALFRED—A luncheon will be held at 1 p.m. Thursday, June 12 at the Alfred SDB Parish House. This will be the final action of the Amandine Club, as at the December 5, 2013 meeting it was voted to disband due to declining membership and attendance.

Active and former members should contact President Amanda Snyder, with reservations by Monday, June 9 by email at: alsnyd@gmail.com or phone 587-8420. Members are invited to bring a guest. Sandy McGraw is co-coordinating the luncheon.

Each person attending is asked to bring a photo of herself at a younger age. These pictures will be displayed to see if attendees can identify the person in the photo. [This was done at the Club March 18, 1902.] If any person wishes to bring a donation, it will defray expenses for this Luncheon and the Alfred SDB Women's Society as a final "Thank You" for the use of the building.

The Amandine Club was started officially in 1894 as a

reading club by Amanda Burdick with 56 people attending the first meeting. Mrs. Burdick, daughter of Judge Clark Crandall came to Alfred when she was 6 years old (born May 15, 1831). Amanda graduated from Alfred Academy having gained an unusual proficiency in music. She became a music teacher in Union Academy at Shiloh, NJ.

In 1854 Amanda continued her studies in music at Milton, WI and went to Appleton, WI to teach at Lawrence Academy. While there, Amanda met E.S. Prescott and they married in 1857. Mr. Prescott and Amanda had three children. Following Mr. Prescott's death in 1879, Amanda returned to Alfred. In 1885 she married widower, William C. Burdick. When W.C. died in 1905, Alfred University asked Mrs. Burdick to continue as a Trustee. Amanda was the first woman Trustee of Alfred University.

By 1916, Mrs. Burdick's advanced age led her to live with daughter and husband, Dr. and Mrs. R.A. MacArthur of Chicago. Amanda showed her continuing interest in the Amandine Club and love for its members by having pink carnations sent to each meeting. Amanda established the Amanda Malvina Burdick Scholarship and jointly with step-daughter Miss Susan M. Burdick gave Alfred University Burdick Hall and the site for the Carnegie Library. Amanda died in 1920.

OBITUARIESHonoring a Soldier: Sgt. Maj. Everett Bogle

By LAUREN BUTLER

Special to the Alfred Sun It was pouring rain Thursday, May 29th when we buried my friend Sergeant Major Everett Bogle.

Everett was a veteran of the Korean and Viet Nam wars. The fog that hung with the rain over the vibrant green was in sharp contrast to the white head stones and black umbrellas used by all but the service men who were there to honor my friend. It was an awe-inspiring and reverent experience.

Having never been to Arlington National Cemetery I was amazed at the sheer size of it and the head stones row upon row. We noticed as we drove to the caisson where Sergeant Major Bogle's ashes would be carried to his final resting place, that the dates on the head stones nearest the road were for WWII Veterans who passed in the 2000s. It reminds of how many of our WWII Veterans we are losing.

It is an honor to be buried in Arlington National Cemetery. It was an honor to witness the buruntil the flag was a perfect triangle. It was then that the flag was passed to a ninth serviceman

ial of my friend, Everett. We drove to the spot where the caisson was waiting with a flag draped casket where Everett's ashes would be transferred from his wife's car to the caisson. Led by six matched black horses the caisson then carried Sergeant Major Bogle's ashes to their place of interment.

When the caisson arrived at its destination his ashes were then placed on a podium where eight servicemen held the American flag aloft over them. While they stood at attention holding the flag a Military band played taps then America The Beautiful, followed by a 21 gun salute. They did this in pouring rain. After the 21 gun salute the Military Chaplain spoke briefly of Everett's time in Korea and Viet Nam as a mapmaker and thanked him for his service.

The snap of the flag as the servicemen began the folding brought us all to attention, snap, step, fold, snap, step, fold..... until the flag was a perfect triangle. It was then that the flag was passed to a ninth serviceman who then passed it to the Chaplain. The Chaplain placed the flag in the lap of Barbara Bogle, Everett's widow and my dear friend, speaking a couple of words of comfort. As he stepped back, a woman, escorted by another serviceman, stepped forward, leaned over and spoke to Barbara. I learned later that she was a representative of the Military Wives who volunteer to be present at the burial of every Military person. Once she stepped away and was once again escorted by the young serviceman, the ceremony was concluded.

To honor a man who served his country in two wars and who commanded loyalty from all those who served under him was a life altering experience. Sergeant Major Everett Bogle was a man of integrity, honesty and high principles. He will be greatly missed by all who knew him. We will miss his great stories and wholehearted laughter. May you rest in peace my friend, it was an honor to know you.

You know it's a small town when...Directions are given using "the" traffic light as a reference.

The 2014 4-H and FFA Tractor & Machinery Certification Program will be offered to boys and girls ages 14 and up at the BOCES Center in Belmont, June 25, 26 and 27 from 8:30 a.m. to 4 p.m. each day. Since State Law requires that 14-16 year olds be certified before operating farm tractors and machinery, Cornell University Cooperative Extension of Allegany County and the Vo-Ag Instructors are once again cooperating to provide this training. Registration is due by Friday, June 20. For more information or registration forms contact Cooperative Extension at 585-268-7644 ext. 10.

Sunday is June 8th and in order to make the first "summer"

Str8 Eight Night more familyfriendly, the tournament will begin two hours earlier at 6 p.m. on the second floor of Terra Cotta Coffeehouse. Additionally, anyone interested in becoming a member of the Str8 Eight Day Planning Committee is invited to remain after the June tournament to help finalize details for 2014 Str8 Eight Day and brainstorm ideas for 2015. As usual, the winner of the tournament will receive a gift card to the coffeehouse, so come out for an evening of free, family fun. And mark your calendars now for Friday, August 8th at 6 pm for the second annual Str8 Eight Day Tournament and the inaugural pre-teen Str8 Eight World Championship Tournament which will run concurrently at the Terra Cotta Coffeehouse.

To celebrate National HIV Testing Day the Allegany County Department of Health encourages people of all ages to "Take the Test, Take Control." The ACDOH will be hosting a Hepatitis C/HIV testing day in Belmont on Thursday, June 26, 2014 from 9-3. Walk-ins are welcome but appointments are appreciated. Walk-ins are welcome but appointments are appreciated. As always a sliding fee scale is available for people without insurance, otherwise insurance will be billed. Please bring your insurance cards. CAMPUS NOTES

Hannah M. Porter was awarded the Rebecca Snyder Scholarship by the SUNY Fredonia Department of Communication Disorders and Sciences at their annual scholarship banquet held on May 2, 2014. This award was established by the family of Rebecca (Becky) Snyder (1961 - 1992). Becky was a 1983 Fredonia graduate who returned to join the faculty in 1990 as a Clinical Audiologist. Academic standing (GPA), a student's clinical skills, perseverance, work ethic, and professional potential are considered. This scholarship is awarded to a graduate student through a review by the faculty of the Communication Disorders and Sciences Department. Hannah plans to complete the second

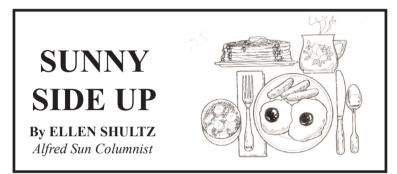

year of the graduate program and graduate in May 2015 with a Master of Science in Speech-Language Pathology. She was joined at the banquet by her mother, Lisa Porter; her brother, Mitchell Porter; and her Grandmother Stella Patrick.

Samuel Jonathan Huang, a senior majoring in neuroscience and psychology at the University of Rochester, has been elected to Phi Beta Kappa, the nation's oldest academic honorary society. Huang, the son of Wilfred V. and Yenfen I. Huang, is a resident of Alfred and a graduate of Alfred-Almond Central School in Almond.

Lauren Powell of Almond received a Bachelor of Science degree in Animal Sciences within the College of Agriculture & Life Science during commencement ceremonies on May 18, 2014 at the University of Vermont.

Keri Surita of Alfred is the recipient of the Presidential Diversity Scholarship at SUNY Oneonta. The college's award of \$6,170 annually will help Surita, who attends Alfred-Almond Central School, to pursue a bachelor's degree in sociology beginning in the fall 2014 semester.

A couple of spring vegetable recipes

I was cruising through a couple of old cookbooks this week looking for Spring vegetable recipes that might be a change from what we usually have. I came across these two and I can safely say I have never had either of them or could even imagine them. They are from Cooking Down East by Marjorie Standish published in Camden, Maine.

I might try the celery one, but am not so sure about the parsley. **Parsley Butter Sandwiches**

¹/₄ lb. butter

1 T. lemon juice a bit of salt

 $\frac{3}{4}$ c. finely minced parsley Allow butter to soften at room temperature. Mince parsley and add to butter. Add fresh lemon juice a bit at a time, working it all in until well-blended. Add salt. Make into sandwiches.

Celery Sandwiches

1 c. finely diced celery $\frac{1}{2}$ c. finely chopped $\frac{1}{2}$ c. finely chopped nuts stuffed olives Mix with mayonnaise. Makes two sandwiches.

۲

ate students earned their bachelor's degrees at the 87th Annual Commencement ceremony that took place at the Blue Cross Arena in Rochester, on May 11. Chelsea Burdick of Andover earned a bachelor of science in Communication Science & Disorders. Kaitlynn Burdick of Andover earned a bachelor of science in Business Administration

Thomas G. Raterman of Alfred received a Master of Science in Education in Mental Health Counseling from the Graduate School at Alfred University during commencement exercises May 17 at McLane Center on the AU campus. Raterman is the son of John and Mary Raterman of Alfred.

Jacob C. Vecchio of Alfred received a Bachelor of Arts Cum Laude in Psychology from the College of Liberal Arts & Sciences at Alfred University during commencement exercises May 17 at McLane Center on the AU campus. Vecchio is the son of Paul and Dawn Vecchio of Alfred and is a graduate of Springville High School.

Alexander C. Haase, a resident of Alfred received a Bachelor of Science in Marketing from the College of Professional Studies at Alfred University during commencement exercises May 17 at McLane Center on the AU campus. Haase is a graduate of Clay High School.

Eden M. Palmer of Alfred Station received a Bachelor of Science Cum Laude in Athletic Training from the College of Professional Studies at Alfred University during commence-ment exercises May 17 at McLane Center on the AU campus. Palmer was home schooled.

Julie Ormsby of Almond received a Bachelor of Arts in Early Childhood/Childhood Education from the College of Professional Studies at Alfred University during commence-ment exercises May 17 at McLane Center on the AU campus. Ormsby is the wife of John Ormsby of Almond. She is a graduate of Keshequa Central School.

Scene About Alfred

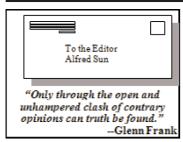

A weekly photo feature **By SHERRY VOLK** Alfred Sun Columnist

Spherical fluffs glowing in the sun will produce lions rampant next spring.

letter

Open Letter to Buffalo News:

Thank you for publishing the opinion editorial by Dr David Kowalski PhD "Radioactive Drilling Waste Poses a Serious on May 29,2014 Threat" http://www.buffalonews.com/opi nion/another-voice-radioactivedrilling-waste-poses-a-seriousthreat-20140529

May I offer one improvement? The flowback fluids that initially burst out of the newly drilled unconventional horizontal well - that fluid needs to be treated to remove the Radium dissolved in that liquid. It can be removed by catching the radium solid by filter paper or cloth and converting it from a soluable dissolved radium to a solid precipitate using barium. The scientists at U of Pittsburgh wrote a finding here published by ACS the American Chemical Society recently in March 2014 and the title is : "Copercipitation of Radium and Barium and Strontium Sulfate and its Impact on the Fate of Radium During Treatment of Produced Water from Unconventional Gas Extraction."

.http://pubs.acs.org/doi/abs/10.10 21/es405168b

The flowback fluid contains the ancient brine that has been dissolving Radium from Uranium present in black shale Marcellus for many millions of years before mankind was born. When this ancient brine is tapped, it is highly concentrated with Radium and it needs to be treated before it is transported and disposed of in a ordinary household landfill. Right now in NY landfills were it is disposed, it is lost track of and shows up in the leachate and then the groundwater and the drinking water eventually. The bulk of the radium better be collected and removed first by treating the flowback liquid and collecting as much as possible as solids using filters of paper or cloth . This is shipped to a special landfill for TENORM which stands for Technically enhanced NORM (Naturally Occurring Radioactive Material). Such a special landfill would be placed into the desert were the Radium is limited to end up in the groundwater. There is such a TENORM landfill in Utah for example

DEC of NY Deputy Commissioner Eugene Leff warned about this highly radioactive liquid and told Senator Mark Grisanti on Dec 12, 2011 at a public hearing sponsored by Grisanti as chair of the NY Senate Environmental Conservation Committee that this highly radioactive liquid would need to go to a specialized dump

Ser.

The Never-Changing Ever-Changing: Alfred's Lone Traffic Light Turns 40

Forty years is a long, long time To turn from green to yellow to red; Though clock or carillon chime, It'll never turn its head. But it's seen a lotta stoppin'

And it's seen a lotta runnin'

And it's heard a lotta brakin'

And it's heard a lotta gunnin' – But the stoplight never changes, As the stoplight ever changes.

In '74 it began to shine, Guiding cars down on the street At the corner of Main and Pine – But oblivious, should they meet. Oh, it's seen a lotta left turns And it's seen a lotta right turns And it's watched a lotta U-turns And a lotta "Well-I-might-turn"s -And the stoplight ever changes, But the stoplight never changes.

—Anon A. Mouse

by NY law not a household landfill

Industry will complain that this prior treatment of the flow back liquid is too expensive including the trucking and storing of the Radium filters... But the oil and gas industry is using money daily on fancy TV commercials, on lobbyists who twist the facts and on paying politicians to persuade them to do nothing and to say that the public is not asking for anything on that issue.

Of course the best alternative is not to frack at all- get ready to do it responsibly in the far future as needed and get going on sustainable clean energy ASAP. The whole thing with fracking is that it is temporary anyway and will run out and we should not be in a hurry to sell it off as quickly as possible and fracking stimulates climate change with the CO2 and the fugative methane.

It is not too late, only about 8,000 unconventional wells in Pa have been drilled but they are aiming for a total of about 60,000 in Pa alone. Get informed and call your elected representatives tell them of the latest research that the lobbyists won't bring up and insist that if any fracking is done it should be done with the current best practices and avoid Radium being dispersed in the drinking water forever. (radium has a half life of 1,600 years)

The writer worked as a nurse at the Head and Neck Unit at Roswell Park Cancer Institute and she is aware that once cancer is diagnosed, it is rare that the exact source can be pinpointed. However we do know that Radium dissolved in drinking water is absorbed by bone tissue and radiates from that source and causes various cancers: The watch dial Radium workers proved that.

Gudrun Scott RN Andover NY 14806

It was a whirlwind weekend! Doug would be proud.

It started for this library assistant early Thursday morning when I rose in time to drive to Syracuse for a workshop hosted by the Central New York Library Resources Council (CLRC).

Having a meeting in Morrisville on Friday, I checked in for the night at a 1950s style US 20 "motor court" motel in Madison before finding a place for dinner. I ventured over to West Eaton, wondering whether the Wallace Hotel, where my college friends and parents enjoyed a post-graduation dinner in 1976.

I was delighted to find that, while the name was changed, the awesome little restaurant in the middle of nowhere (now known as the Roadside Inn) was having a "Cruiser Night" complete with a huge truck, a '57 Chevy...and my appropriately named Personal Transport (PT) Cruiser. There, I enjoyed dinner with some of the locals while enjoying some tunes performed by a local solo guitarist/vocalist.

I had scheduled a Friday morning meeting with Brian McDowell, chair of the journalism program at Morrisville State College. Brian published a book a few years back that highlighted the first 40 years of the journalism program at Morrisville, from which I graduated in 1976. It was a fruitful meeting as both topics I wished to discuss were exhausted only after three hours! Brian was extremely helpful and I certainly appreciate the time he gave me.

Following that chat, I stopped by the "STUAC," or student activites center, which was being renovated during my last visit. I went in and instead of finding a swimming pool, there was a two-story fitness center! When I went to find the old bowling alley where I was solely responsible for my intramural team's losing in the playoffs, instead I stumbled upon the football coaching office.

While a student at Morrisville in 1974-76, as sports editor of the Chimes, the student newspaper, I had proposed that the college revive its long hibernating football program. Alas, it happened...30 years or so later. The fledgling DIII program took some major strides last season under the direction of new Coach Curt FitzPatrick, a 2004 St. John Fisher grad, who greeted me. We enjoyed recalling some of the better games between the Cardinals and Saxons over the years. And, quite remarkably, my alma mater, Morrisville State, will compete beginning in 2015 in the Empire 8 with the Saxons! The Mustangs and Cortland State Red Dragons will vye for Empire 8 honors in what will be a conference of solely New York State teams

Later. a visit with (retired) fellow community newspaper publisher Cynthia Kershner at her new venture, 2Ewes, a yarn shop, topped off the Central NY trip, after which I meandered home. Then I was up at 5 a.m. Saturday for a weekend trip to Cedar Point with my son. Following a crazy "Sky Scraper" ride in the Challenge Park, it was back on the road for the 5-hour trip home Sunday evening. Whew!

A MEMORABLE DAY

Fourteen Legislators and numerous visitors were present for the regular session held on May 28th, the day after Memorial Day. Former Navy Radioman Stephen Towner led us in the Pledge of Allegiance. We learned that he served from 1943 to 1946, after enlisting at the age of 17. I am continually amazed at the patriotism of our citizens.

During Privilege of the Floor Chairman Curt Crandall presented a certificate to Michael D. Spath, who recently retired from his position as Secretary to the County Attorney. Mike served in that position for 27 years. Prior to that he had served in the Navy from 1968 to 1986. Mike has provided outstanding service both locally and in the military. Clerk of the Board Brenda Rigby Riehle was recognized for her service as President of the NYS Association of Clerks of County Legislative Boards. We are fortunate to have dedicated and capable leaders like Brenda. Privilege of the Floor was also granted to Governor Cuomo's recently appointed Regional Representative, Lori Cornell. Eleven resolutions were presented to the Board for consideration. Resolution 101-14 expressed support for creation of a statewide defender program to provide indigent defense services. These services should be funded by the State, not counties. We spend almost \$700,000 annually on indigent services. Resolution 102-14 authorized creation of the position of a Third Assistant Public Defender, financed by a State Grant. That position will last only as long as the position is fully funded by NYS. Resolution 103-14 proposed changing two motor vehicle cashier-examiner positions in the Motor Vehicles Office from full-time to part-time. It was withdrawn. Resolution 104-14 granted salary increments, effective July 1, 2014, to unit and non-unit employees. Resolution 105-14 appointed Gordon Grantier to serve on the Citizens Advisory Council to the Office For the Aging. Resolution 106-14 approved the acceptance and appropriation of a NYS Interoperable Commu-nications Grant in the amount of \$5,951,039. These badly needed funds will be used to upgrade our Emergency 911 System. Special thanks to Lt. Daniel Hanchett and Sheriff Whitney for their dedicated efforts in obtaining this Grant. Resolution

107-14 approved an agreement with BI Incorporated for monitoring services. Resolution 108-14 approved acceptance and appropriation of a Grant of \$318,752 from NYS, and transferred \$157,798 local matching funds for new equipment for the E-911 System. Resolution 109-14 approved an agreement with Olean General Hospital for autopsy work. This agreement will save the County thousands of dollars compared to the current contract with the Monroe County Medical Examiner's Office. Thanks to Public Health Director Lori Ballangee for her efforts to arrange for this Agreement. Resolution 110-14 approved renewal of an agreement with Oneida County to provide in-patient psychiatric services for Allegany County prisoners held at the Central New York Psychiatric Center Forensic Unit.

Resolution 111-14 urged the State Legislature and Governor Cuomo to address unfunded Mandates that use local tax dollars to fund federal and State programs and services. In 2014 the 8 largest state mandated programs will cost a total of \$23,642,580, with only \$5,034,399 in state aid. Local taxpayers must pay the \$18,608,181 difference for those state mandated programs. Those 8 programs consist of Medicaid, Safety Net (Welfare), Child Welfare, Special Ed/Pre-K Programs, Indigent Defense Services, Probation Services, Retirement Benefits, and Youth Detention. That expense (\$18.6 million) equals the County's entire share of Sales Tax revenue. Just think what we could do (like lower taxes) if the State paid for its own programs. The "hottest" item at the meeting involved the four labor unions representing County employees presenting a letter to the Legislature. They are objecting to the Board asking County employees to pay more towards their health insurance. Some members of the Public Employees Federation ("PEF") Union attended the meeting wearing "PEF" shirts. The Legislature is committed to reducing taxes and not exceeding the 2% tax cap. The County provides excellent insurance to our employees. I believe our requests are modest and reasonable, but also believe that the proper place for negotiations is across the negotiating table, not in the media.

Alum featured in Syracuse solo exhibition

ALFRED—Work by Daniel Buckingham, a member of the AU Classes of '79, '92, is featured in a solo exhibition, "Daniel Buckingham: 'Secret Invitation,' running through Aug. 10, 2014 at The Everson Museum, Syracuse.

The exhibition guide notes: "Buckingham's triple arch pavilion, Secret Invitation, is informed by an eight-year bicycle trip the artist took around the world. Immersed in the history of the Silk Road, which facilitated the transmission of goods, ideas, culture, and religion, Buckingham's social sculpture is intended to serve as a space to meet people from our community, share stories and even, as the artist suggests, fall in love."

Daniel is a professor of sculpture at Pratt MWP in Utica, an institution created in 1999 when Pratt Institute in Brooklyn joined forces with Munson-Williams-Proctor Arts Institute in Utica.

The Everson Museum, 401 Harrison St., Syracuse, is open 12-5 p.m. Sundays, Wednesdays, and Fridays; 12-8 p.m. Thursdays; and 10-5 Saturdays.

One Time, One Meeting By BEN HOWARD

MAKING WHOLE

"Do not lose yourself in the future," Buddhist teachings advise. "Look deeply at life as it is in this very moment." Under most circumstances that is sound advice, but it can also be devilishly difficult to follow. It is human nature to dwell on the future, especially when the future is replete with uncertainties.

So it was not long ago, when I learned that I needed minor surgery, and I met with my surgeon for a pre-op consultation. A seasoned professional in his sixties, he explained the nature of the procedure, including its history and technical details, and outlined the stages of recovery. During the first week, I would be laid up and managing pain, but by the second I would probably be feeling "fifty percent better." By the end of the third, I might well be free of pain, though patients sometimes report "nuisance discomfort." Six to eight weeks out, I would probably be able to resume my customary activities.

That forecast was reassuring, but by their nature forecasts focus on the future, and they leave open the question of what the patient, his eyes on the horizon, should be doing in the meantime. In a recent article (*Prevention*, January, 2014), Sister Dang Nghiem, MD, a Western-trained physician and a Buddhist nun, offers this prescription:

It's a myth to say that time can heal. Time cannot heal. Breathing and mindfulness can. [Long after a traumatic event happens to you], a sight, a sound, a smell, a taste, a touch can trigger the complete stress response as though it's happening all over again... Through breathing, you learn to slow the stress response, the fight-flight-orfreeze response. If you can do that when going through a very intense experience, the next time you recall that trauma, you will do so with more peace, mindfulness, and clarity.

Here Sister Dang is speaking of emotional trauma, but her reflections also apply to such physical traumas as surgery. Mindful breathing calms the body and steadies the mind. For many people, the practice of mindfulness has proved helpful in managing pain and promoting the process of healing.

Yet it would be a mistake to presume that mindfulness alone can eliminate pain or cure a serious illness. And in any event, as the Zen teacher Roshi Pat Enkyo O'Hara reminds us, meditative practice has more than comfort to offer the injured, sick, and dying. In her new book <u>Most Intimate: A Zen Approach to Life's Challenges</u>, Roshi O'Hara notes that the root meaning of the word healing is "making whole." And in compelling detail, she recounts her experience of a painful and protracted illness, which robbed her of her strength and plunged her into a deep depression. Her loss of strength in particular unnerved her, because she had always thought of herself as strong

Mary Lu Wells, Master Gardener, with budding gardeners at the Almond Library, getting ready to plant their Kid's Pumpkin Patch. (Photo provided)

By SANDRA ROBINSON

Almond Library Director

ALMOND—Summer is almost upon us, and "Gardens are Blooming in our Community" which is also our theme for June. Inside the library, our kids' pumpkin plants are vigorously sprouting and growing larger by the minute. This is a reminder to all the owners of said seedlings—don't forget to return on Saturday, June 14, at 10 a.m. to transplant your prospering plants into our backor other reading device. Tell your friends and family! And stop in to see us if you need a library card.

It's hard to believe, but our Summer Reading Program is right around the corner! This year's theme is science-based, entitled "Fizz, Boom, Read." Kickoff will be July 1, and programs will be held July 9-30 on Wednesday mornings from 10 am-12 pm. If anyone would like to volunteer to help in any capacity (providing snacks, reading, registration, assisting during activities, etc.), a

and energetic. She now felt weak and less than whole.

All of that changed, however, when Roshi O'Hara realized that by clinging to an idea of her former physical condition as "whole" and her present one as something less, she was turning away from the reality of her illness. She was rejecting the totality of her experience. And by viewing her pain and weakness as enemies, she was also denying herself the very medicine that could help her heal:

Can we remember that pain and weakness and death are not our enemies? That it is our fear and rejection of pain and weakness and death that are our enemies? That it is that rejection, that casting out, that incapacitates us and does not allow us to live life with courage and fearlessness?

By no longer viewing her illness as her enemy, Roshi O'Hara came to see herself as whole, despite the painful symptoms of her illness. By training herself, breath by breath, to be present for all of her experience, including her pain and fatigue, she supported the process of healing, while also addressing the root of her suffering. "Even when we are ill," she observes, "we are wholly and completely who we are . . . What needs to be healed is our idea that we are not whole at this moment."

After a long course of treatment, Roshi O'Hara recovered. She regained her strength. Alt-hough she does not attribute her recovery solely to her meditative practice, it is clear that her "medicine" helped her endure the process of recovery and healing. And in telling her story she offers a valuable perspective, not only for dealing with infirmity but also for meeting the world.

Ben Howard leads the Falling Leaf Sangha (www.fallingleafsangha. blogspot.com), a Zen practice group in Alfred.

yard Pumpkin Patch. Otherwise, the Juvenile Room may be taken over by leaves and vines!

Geek the Library is under way at the Almond Library. "Geek" is a national campaign to raise awareness for libraries and all that they do to support our interests. On June 12 at 6pm we will begin a monthly series of speakers who will be coming to share their passions with us all. Michael Snowden from Hornell will be our first guest to enthusiastically present the topic that he geeks—presidential campaign posters. A portion of his collection is already displayed in the library, and he will be here to give us all the sordid and interesting campaign details, as well as share his experiences dealing with collectors on an international level.

Help us win a new tablet computer! From June 3-18, the Big Library Read invites you to join millions of eBook readers around the world enjoying one book. This year's selection is <u>A Pedigree to</u> <u>Die For</u>, the first Melanie Travis Mystery by author Laurien Berenson. If the Almond Library has the largest percentage increase in digital circulation within the Southern Tier Library System, we will receive a tablet computer for your use. Never read an eBook? It's easy to log in to the digital catalog on StarCat.stls.org, use your library card and pin, and download the book onto your computer

۲

planning meeting is scheduled for Tuesday, June 10 at 4 pm at the library.

This month's calendar:

Youth in Harmony' workshop funded

BELMONT—The Allegany County Area Foundation has awarded a \$300 grant to the Maple City Barbershop Chorus to support a Youth in Harmony Workshop held for the students and school music directors in Allegany County. The workshop was held on May 10 at the Alfred Almond Central School. The intent of the workshop was to introduce acappella singing to the participants. They learned about harmonizing, blending, and performing while learning to enjoy a life time of singing with others. The Allegany County Area Foundation is a not-for-profit organization that seeks to encourage educational, social, cultural and civic projects benefiting the residents of Allegany County, New York. The Foundation welcomes tax-deductible gifts in any amount to any fund at any time, including memorials for friends and loved ones. For more information please contact the Director at: director@alleganycountyareafoundation.org or call585-808-8444.

In The Alfred Sun 50, 25 and 10 Years Ago

Compiled By DAVID L. SNYDER Alfred Sun Editor and Publisher FIFTY YEARS AGO, JUNE 4, 1964

James McClure of Williamsville, an Alfred student, was apprehended early Saturday morning by State Police, and charged with malicious mischief after he had allegedly damaged an electric sign on the Alfred-Alfred Station Road. Village Police assisted in the investigation. Taken before Justice of the Peace Victor B. Cornelius of Alfred Station, McClure was fined \$100 and given a 90day jail sentence. The jail sentence was suspended, contingent upon complete restitution for damage to the sign. The sign, on the Roland Gardner property, has been damaged on several occasions by passengers in passing cars throwing beer bottles in an attempt to break it.

Authorization for village attorney Reginald J. Sootheran to contact the proper authorities to initiate a new census for the Village of Alfred, was an important action taken by the village board of trustees at their regular June meeting ... The gradual increase in the student body of both Alfred University and the Agricultural and Technical Institute makes it appear financially advantageous for the village to establish a new population figure at this time, rather than wait until the next regular census in 1970. Current per capita assistance at the rate of \$3.00 per person amounts to some \$8400 paid to the village by New York State. The board felt that the 1960 census figure was no longer accurate...

Alfred Night Owls 4-H Club—On May 26, the members met at Mrs. McGraw's house to practice modelilng our garments for the Dress Revue and to start the project "Groom Your Room." Mrs. Cartledge handed out the material for "Groom Your Room." After reading some of it, we practiced making a bed. We were shown three methods and a new way of covering a pillow. Doris Burzycki, Reporter.

Alfred University track and field Saxons closed out a successful season last Saturday as they defeated Cortland State, 85-60...Chuck Matteson, Alfred's sophomore pole vaulting star, set an Alfred University record and also a field record when he cleared 13 feet 1 ³/₄ inches. His try for 13-6 was barely missed. Bob Sevene doubled in the 440 and 880 for the Saxons, winning in 51.4 and 1:59.9. Jack Hedlund won the shot put at 47 feet and the discus at 129-9. Bob Lalley, Cortland's NYS small college champion, won the mile in 4:33.3 and the two mile in 9:58.8. Coach Cliff DuBreuil refused to have Sevene challenge Lalley in the mile and still attempt to double under his plan. The move to the 440 and 880 worked perfectly. Dave Woodruff and Crawford still were 2-3 behind Lalley in the mile and Crawford took second in the two mile. It worked out to an edge of 23-13 for Alfred in the four events involved.

Alfredians—Vincent Trotta of New York City was a weekend guest of Mr. and Mrs. Vincent Trotta Jr... Robert White of Denver, Colo., now serving in the Coast Guard at Groton, Conn., was a weekend guest of the Rev. and Mrs. David S. Clarke...A.M. Cottrell of Elmira was a Monday overnight guest of Mrs. Helen Cottrell... Mrs. Earl Stopfel returned home Saturday with her new daughter, Joanne Mae, born May 26, at St. James Mercy Hospital...Miss Eva L. Ford is spending two weeks at Salem, W. Va., as a guest of her sister, Mrs. Ross Seager, and Mr. Seager...Mr. and Mrs. Huber Watson and family of Rochester spent the Memorial Day weekend with Mrs. Lloyd Watson...Dr. and Mrs. Willis G. Russell left yesterday for Massachusetts to bring their daughter Susan home from Wellesley College...Miss Harriet Saunders of New York City is a guest of her parents, Dr. and Mrs. Paul Saunders. Arriving for the commencement weekend will be Mr. and Mrs. Frans Popelier of Teaneck, N.J. Miss Saunders and Mrs. Popelier will observe their 25th class reunion, while their parents will receive citations on their class's fiftieth anniversary...

Almond—Weekend guests of Mr. and Mrs. Worth tt were Mr and Mrs Richard Cott and son and Gavlord Cott of Syracuse...Mr. and Mrs. Paul Atwell and children of Wellsville and DeForest W. Truman of Alfred were dinner guests of Mr. and Mrs. A. Prentice Stillman of Memorial Day...Memorial Day dinner guests of Mr. and Mrs. Donald Burdett were Mr. and Mrs. Robert Burdett and daughter of Buffalo, Mrs. L. Galen Stout and daughter of Wellsville and Mr. and Mrs. Lee Ryan Jr. and family of Almond... The average temperature for May 1964 was 57.7. Over the years the average for the month of May is 53.9. May of 1944 was the warmest May on record at 61.8 while May 1917 was the coldest with an average temperature of 46.0. This year, May was below the average for rainfall with only 1.55 inches while the average is 3.68 inches. The maximum temperature during the

month was 87 while the minimum temperature, 31 degrees.

TWENTY-FIVE YEARS AGO, JUNE 8, 1989

(Photo) New Name—Dr. John Stull, director of the observatory at Alfred University, works on the 29-inch Newtonian Reflector scheduled to be completed for use in December 1989. This spring the University Board of Trustees named the observatory the John Stull Observatory in honor of the physics professor.

Six retirements were announced, and four employees were recognized for "excellence" at the annual luncheon for classified service personnel at Alfred State College. The six who retired this year and their length of service at the college are: Joan Speca of Alfred, principal clerk, 21 years of service; Irene Ellis of Canisteo, senior clerk, 20 years of service; Orrin Hartwell, formerly of Alfred Station, janitor, 19 years of service; Gertrude Cole of Wellsville, supervising janitor, 19 years of service; and Barbara White of Almond, janitor, 10 years of service...

Alfredians—Wayne Higby's bowl "White Table Canyon" (1981) has been purchased by the Smithsonian Institution, Washington, DC, for its permanent collection...Dorothy and Philip Crayton have returned from Orlando, FL where they attended the memorial service for her sister, Nancy Jennings, at the First Presbyterian Church...Dr. Bradley S. Bowden, chairperson, division of biological sciences and professor of biology in the College of Liberal Arts and Sciences at Alfred University, attended the annual meeting of the Northeastern Association of Advisors for the Health Professions in Saratoga Springs April 28-30. He served as moderator for a panel discussion...Kathleen (Carter) and Doug Barber observed their wedding anniversary on June 7... James and June Funk have moved to South Carolina. They are eager to have Alfred friends come and visit... Dr. Robert Condrate, professor of spectroscopy at NYS College of Ceramics at Alfred University, presented a lecture at Oueens University, Kingston, Ontario, Canada, May 10. He lectured to the physics department on application of Fourier Transform Infrared and Raman spectroscopy to investigate the structures of inorganic glass...Fred and Elinor Gertz, professor of English emeritus and assistant professor of nutrition emeritus, respectively, were named honorary alumni at the awards luncheon held Saturday, June 3 at Ade Hall.

(Photo) Officers Installed—Outgoing Alfred Lions Club President William W. Pulos hands over the gavel to new President Jon LeGro at the May 25 installation of officers and Ladies Night. Others installed were Bob Nixon, Sidney Sparks, Ronald Ellis, Robert W. Boyd, Rich Nicol, Leo Lejeune, Mike Snyder, Charles Phillipson, Nate Herring and Carl Luger.

Laurie Jo Schon of 1438 Lake Lodge Road, Alfred Station, was graduated magna cum laude from Nazareth College with a bachelor of science in accounting...Laurie is the daughter of Mr. and Mrs. Anthony Schon of Alfred Station...

A book by Dr. John C. Gilmour, professor of philosophy and director of the fine arts program at Alfred University, will appear in a series of books called Philosophy of Art...

Marianne J. Dickens, 78, of Alfred, died Monday, May 29, 1989, at Wellsville Manor Nursing Home, where she had been a resident for the past 10 months. Born Feb. 13, 1911, in Angelica, daughter of Emery and Madge Dunning Johnson, she was married Aug. 13, 1939 in Canisteo to Donald Dickens, who died in 1984. A former resident of Friendship, Wellsville, Buffalo and Canisteo, she had lived in Alfred since 1944. She was a graduate of Wellsville High School, Buffalo State College, receiving a bachelor's degree, and began the kindergarten program at Canisteo Central School in 1932, where she taught until 1940. She later taught kindergarten for 20 vears at Alfred-Almond Central School, retiring in 1971...Survivors include one son, D. Richard of Dallas, Texas; one daughter, S. Anne Joyce of Alfred; four grandchildren; two nieces... (Photo) Lions Help Fire Company—The Alfred Lions Club recently donated \$1,000 each to the A.E. Crandall Hook & Ladder Fire Company, the Alfred Ambulance Corps and the Alfred Station Volunteer Fire Department. At the check presentation were Lion Secretary Rich Nicol, 1989-90 President Jon LeGro, Alfred fireman Tom McDowell holding his son, Lion Treasurer Robert Boyd, EMS Assistant Chief Barbara Fletcher, Alfred fireman Dr. Michael Webb, 1988-89 Lion President William Pulos, Alfred Station fireman Keith Stanley and Alfred Fire Chief Rich Hoffman.

dedicated to the 50th anniversary of the school. Superintendent Gary Minns was given a copy for the school. A memorial dedication was also presented to Mrs. Elizabeth Rossington in memory of her husband, Andrew. Mr. Rossington, a former Alfred-Almond student, was the business teacher and senior class advisor prior to his death this past winter. The following persons will head the ALCEN staff next year: Joei Kernan, editor-in-chief; Aron Keesbury and Maya Adams, layout editors; Tom Meacham, copy editor; David Schwert, sports editor; Kevin Weeks, photography editor; Andrew Alesso and Patricia MacDonald, advertising managers; Janice Baker, sales manager; Kristina Snyder, business manager; and Jon Hardy, artist.

TEN YEARS AGO, JUNE 3, 2004

The Alfred-Almond Lady Eagles put together a total team effort in Scio on Tuesday night to defeat the Ripley Lady Eagles in the Far West Regional game of the NYS Softball Tournament by a score of 6-2. Casey Curran earned her 17th victory of the season in the complete game on the mound, striking out seven, walking three and giving up three Ripley hits. Lindsey Moretti sparked the offense with a 2-for-3 performance, including a double and an RBI. Haley Aguglia was a perfect 2-for-2, and Katie Flint punched out three RBIs...

(Photo) Roger and Lois Moritz of Alfred enjoy the Alfred Sun at Snow Canyon State Park near St. George, Utah in February 2004. Roger and Lois will make St. George their permanent home later this month.

After months of preparation, anticipation and, perhaps, a little "hype," Alfred's Traffic Light Festival is upon us...

Alfred-Almond Central School has announced that the Class of 2004 has co-valedictorians and co-salutatorians whose cumulative grade point averages are all within .3 of each other. The co-valedictorians are Daniel Mauro, son of Mr. and Mrs. Ronald Mauro of Whitney Valley Heights, Almond, and Amanda Butts, daughter of Mr. and Mrs. Dennis Butts of Jones Road, Andover... The co-salutatorians are Amalie Donius, daughter of Mr. and Mrs. Robert Donius of Palmiter Road, Alfred Station, and Jesse Harvey, son of Ms. Cathy Harvey of Almond and Kenneth Harvey of Almond...

Gary Roberts, information systems librarian at Alfred University's Herrick Library, is this year's recipient of the 21st Century New Librarian Award, presented by the Syracuse University School of Information Studies. Roberts joined the staff of Herrick Library in 1999, shortly after graduating from the University of Buffalo Library School...

Alfred University will welcome back hundreds of alumni for its annual Reunion Weekend, June 11-13. While the event is a special time for AU graduates, it's also a time for residents from the area to join in on the fun. "Reunion Weekend is an event geared toward alumni, for sure, but it is also a time for a celebration of the community as a whole," said Mark Shardlow, director of Alumni and Community Relations at AU. "So much of the Alfred University experience is intertwined with the Main Street business district and surrounding neighborhoods, that we want everyone to feel welcome to join in on the fun."

The peace and quiet which has descended over Alfred and Almond since the college students departed has been shattered twice in the past week, thanks to the exploits of the Alfred-Almond varsity softball team and their staunch supporters in the local fire departments. After capturing their third straight Section V, Class DD title on Thursday, the girls were escorted through Alfred and Almond by the fire trucks, with at least 30 cars filled with fans forming a long tail behind their bus...

Wendy Beckemeyer will become Alfred University's new vice president for enrollment management, effective Aug. 1, AU President Charles M. Edmondson announced last week. Beckemyer has been vice president for enrollment management and dean of admissions at Colby-Sawyer College in New London, NH for the past eight years... For the Birds--The last bird of my spring banding season at Braddock Bay Bird Observatory was a beautiful Yellow-billed Cuckoo, one of only two banded this spring and only the fourth one since banding operations began in spring 1986. Mekalea Chambliss, volunteer puppy raiser for Guiding Eyes for the Blind, has just seen her first puppy graduate as a full-fledged guide dog. Varsity, a black male Labrador Retriever, had been with the Chambliss family since he was just eight weeks old. Now fully trained to be part of a Guiding Eyes team, Varsity is fulfilling his potential as a working guide dog in St. Johns, Newfoundland, Canada...

The 1989 Alfred-Almond yearbook, ALCEN, was

۲

RETIREES OF Alfred State were honored recently at the school's annual recognition luncheon. Vacation Bible School set for August

you looking forward to Vacation Bible School at the Alfred Station Seventh Day Baptist Church, "A 3 C church: Connect-Care- Community"?

Yes. it will be happening. Yes, it will be for youngsters who Pre-Kindergarten completed through completed 6th grade in

ALFRED STATION--Are June 2014. But the time of Vacation Bible School has moved from late June to August.

This is your first invitation. Your friends and neighbors at the Alfred Station Seventh Day Baptist Church invite you to join them for "SonWest Round-up" Monday, August 18- Friday, August 22 from 8:45 am-2:00 pm.

Plan now to be a part of this wonderful time of Bible sharing, and celebrating God's love. Please put this on the family calendar so nothing gets in the way.

For further information you may call the church office at 607-587-9176. We hope to see your children there.

For the Birds... By BETSY BROOKS Alfred Sun Columnist

The spring 2014 banding season at Braddock Bay Bird Observatory ended on June 4. It was one of the wettest and coldest spring seasons I can remember. On the first three banding days I was there (April 28,29,30), we banded a grand total of 11, 7, and 4 birds. Normally, those numbers would be five to ten times that.

My diary from that first week records my frustration with having to wait to open certain nets because they were frozen shut, the conditions being "cold and windy and then rain starts," and worse. Our net lanes were a combination of deep mud and/or over-the-top-of-the boots water.

We have one volunteer whose wife fell on our slippery net lanes two years ago. Since then, he has made it his job to single-handedly spread dry mulch and wood chips on our net lanes. This spring alone, he spread four truckloads of mulch given to us by the Town of Greece!

Eventually, our numbers improved. The week of May 11 to 17 was particularly good with 330 birds banded on Monday, 54 on Tuesday, 364 on Wednesday, and 164 on Thursday before heavy rain closed us down again on Friday

Even better than the numbers of birds banded was the number

Three Baltimore Orioles. Photo by Ryan Kayhart

5K Run/Walk set June 7

ALFRED—Alfred University's Annual Reunion Weekend 5K Run/Walk will be held on Saturday, June 7 at 9 a.m. beginning at the Bandstand, Main Street, Alfred.

There is a \$15 registration fee, which may be paid the day of the event. Tee-shirts are guaranteed to the first 50 people who register on a first-come-first-served basis.

Race/Walk-day registration begins at 8:15 a.m. For more information, contact Bradley at 607.871.2350, or email saxonathletics@alfred.edu. The 5K course encompasses the campus and surrounding neighborhoods. A water stop will be located halfway through the course. In case of hot weather, you are encouraged to bring your own additional water.

Ribbons will be awarded to all finishers and medals will be warded to first, second, and third overall male/female race finishers as well as medals to male/female group winners. The groups are broken down as: age 14 and under; ages 15-19; 20-24; 25-29; 30-34; 35-39; 40-49; 50-59; 60-69; and 70 and over. All proceeds from this year's event will benefit the Gail Walker Book Scholarship Fund. AU awards the Gail Walker Book Scholarship to worthy students whose lives reflect the values the late Professor Gail Walker lived by.

banding talks and demonstrations to students from Canisius College, SUNY Geneseo, SUNY ESF, and Penn State University at Mansfield, PA along with visitors from a Senior Living Center, two hiking clubs, several church groups and members of Genesee Land Trust. We had two Israel "ringers" (as banders are called in much of the rest of the world) pay us a visit. Banders love to visit other banders' stations. It is amazing how much we learn from each other. It is incredible how many innovations can happen when we are all doing essentially the same thing catching, holding, banding, studying (measuring, aging and sexing), and releasing birds!

While I love being at Braddock Bay, it is good to be home again, and to be starting my breeding bird studies and summer nest-searching and documentation. This past Sunday morning, I did the first census of the summer on the 41-acre mixed conifer/hardwood state reforestation plantation near the junction of the Brown and the Vandermark roads. I have censused that area every summer since 1974.

One 12-acre section of that plot was selectively logged about six or seven years ago, and a more open area with small shrubs and young fir seedlings emerged. The Golden-crowned Kinglets, Blackburnian Warblers and Black-throated Green Warblers that prefer mature spruce habitat moved out of that section to find territories with older spruce trees. What moved in to the area were White-throated Sparrows and later a really interesting combination of Canada, Chestnut-sided and Mourning Warblers. They prefer newer conifer growth. Change is not always bad. I'm looking forward to leading some bird walks this summer. The first one will be my annual Summer Solstice evening walk on Sunday, June 22 at Foster Lake. (I can't do it on the actual day of the Summer Solstice because I am already leading a bird walk for members of the Rochester Birding Association that day)! Meet me in the parking lot at the lake at 7:30 PM on Sunday evening. Children, accompanied by adults, are definitely welcome. The second walk at Foster Lake will be in connection with From The Earth Dav on July 26 at 8 AM. I'll schedule a third walk at the lake in late August, a time often overlooked for birding but often interesting with mixed flocks of birds getting ready to migrate south.

THE GLORY OF AMERICA

Thursday, June 5

As the debate over whether to finally separate from Great Britain intensified, each delegate had to weigh what the struggle for independence could mean in terms of his own personal life. John Adams wrote:

"If it be the pleasure of Heaven that my country shall require the poor offering of my life, the victim shall be ready, at the appointed hour of sacrifice, come when that hour may. But while I do live, let me have a country, and that a free country!'

ART FORCE FIVE GIVES BACK TO INDIANAPOLIS

The Art Force Five visited the Landmark for Peace, an Indianapolis monument depicting the speech Robert Kennedy (top right) gave to the city upon hearing the news of the assassination of Martin Luther King (top left). Many believe RFK's words quelled rioting in the city. Students from left to right - Ortiz, Ramon, Castro, Rahim, and Shepard. Indianapolis, IN – Five Alfred University students spent May 26-31 in Indianapolis attending the National Conference on Race and Ethnicity (NCORE) and found time to give back to the host city. Their busy week was highlighted by a middle school visit, two community-based art projects, and presentation of a day-long workshop for NCORE attendees.

The students are part of Alfred University's Drawn to Diversity (D2D) program which explores equality through

Drawn to Diversity presented a full day NCORE workshop for fourteen professionals and students from around the world.

D2D led a conference-wide art project which asked attendees to paint one tile (using cosmetics) of a tribute to Madame CJ Walker. The final mosaic was donated to the Madame Walker Theatre and Urban Life Center. art and creativity. The program's outreach and projects are intended to "promote equality, reduce violence, and strengthen communities." AU students who traveled to Indianapolis included Andrea Castro (Bronx, NY), Owens Shepard (Rochester, NY), Maimoona Rahim (Binghamton, NY), Jasmine Ramon (Newburgh, NY) and Bridgette Ortiz (Washington state). More information about the program can be found at www.drawntodiversity.com or by contacting program director Dan Napolitano at D2D@alfred.edu.

The Art Force Five was invited by former Alfredian Dr. Anita Saunders to present their workshop to over one-hundred students at Indianapolis' Tindley Preparatory Academy.

During the conference, attendees were notified of the death of poet Maya Angelou. The D2D team responded by creating daily "street art" using metal buttons arranged on the hotel lobby floor. Each day a new image was unveiled.

ACT to stage cabaret June 20 and 21

ALFRED—Alfred Community Theatre (ACT) is getting its act together for another summer production.

The local organization, founded in February 2000 for the twofold purpose of getting

Traffic Light Fest

(Continued from front page) Watch the parade pass by, then follow it to the intersection of Pine and Main for a variety of events and the awarding of prizes for costumes and vehicles. Decorate yourself, your car, your bicycle, your skateboard, your little red wagon, your hot wheels, your baby's buggy, your horse and buggy, your tractor, your manure spreader and walk, skate, clump on stilts, drive, or just ride in the parade OR watch from the sidelines and fall in, when you feel like it

summer theater going again in Alfred, and helping to restore the 1890 Firemens Hall Theater in Alfred Village Hall, recently met to make plans for July.

Mark your calendars. ACT will stage a cabaret at 7:30 p.m. Sunday, July 20 and Monday, July 21 in the Alfred Village Hall Theater. Given the talent in this community, it will be an up-

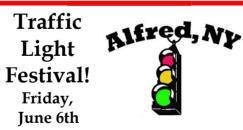

roariously good time.

ACT will hold its next meeting at 4:30 p.m. Monday, June 9 at the Alfred Station S.D.B. Church Christian Education Building, Main Street, Alfred Station.

Area residents who wish to be involved in any way with Alfred Community Theatre are welcome to attend the meeting.

Upcoming Community Events at Alfred University:

12 THE ALFRED SUN, Thursday, May 29, 2014

HITS AND MISSES:

It is state qualifier time in baseball after the sectional champs have been crowned and the states loom. Bolivar-Richburg grabbed the "C" championship trophy, Whitesville is the "D" winner and Batavia Notre Dame topped Arkport in the "DD" finals. Softball "locally" is a little more confusing as the website is terrible. Arkport (20-1) was victorious in "D1" play while Andover (16-3) took home the "D2" championship. Those two met in the state "D" qualifier and trying to find results of that is like trying to get something out of the CIA. The Section Five baseball website is great. The girls softball ... not so much. In "C" qualifier action it was Bolivar-Richburg (20-1) squaring off against Gananda (19-0). Both of those programs have been solid of late.

Pat Atwell (Andover) had great seats at Busch Stadium in St. Louis on Sunday to see his beloved Cards play as the SF Giants romped, 8-0. Ouch. Guessing Atwell, the AD at Drury University, got some fine tix compliments of Josh Kinney. The former Panther star did get to see Tim Hudson of the Giants pitch a gem. Probably about 90-degrees in the shade there!

Wisconsin-Whitewater has pulled off a major "trifecta" in Division III athletics this school year as the Warhawks have added the NCAA baseball championship to the football and men's basketball plaques they have already won! Yikes. In addition, according to John Leathersich (A-A) who lives in Wisconsin, the school also is the NCAA gymnastics champions. Pretty much the NCAA Division III program of the year.

Former Canisteo baseball player, Vernon N. Van Skiver played in a slow pitch softball tournament over Memorial Day weekend in Canada. His first outing in softball in 12-15 years and team he was on won the event. The second-sacker played for Top Shop in the old AASPL, some with the Bandits tourney team and briefly with the Joker's Wild squad out of Brockport in his slow-pitch career. He is still playing in a Rochester area men's baseball league. Amazing!

Phil Hughes (6-1) grabbed an unexpected win for the Minnesota Twins over his former team, the NY Yanks on Sunday as the Twins exploded for six-runs in the top of the ninth to win, 7-2. Hughes used to have trouble getting past the fifth-inning with NY as his pitch count would be in the 100-range. Not the case on Sunday. Watch him make the All-Star team now.

Speaking of All-Stars and early balloting results ... Melky Cabrera (Jays), Nelson Cruz (Orioles) and Ryan Braun (Brewers) could all be voted in as starters for the summer classic. All-Stars and convicted PED users. Great.

Congrats are in order for Joe Q. French ... the "Babe Ruth of Waterloo" on his enshrinement (team) for the undefeated Indians team of 1972 that went 18-0. The former Alfred State College/SUNY Geneseo women's hoop coach was already a Waterloo Hall of Fame member (1999). "Guessing" he is joined there by Gina Boyd (Alfred State hoops), Tom Curle (Plattsburgh hoops) and Toby Brown (ex-ASC cager) ... but strictly a guess on that one.

The New York Collegiate Baseball League is underway again for the summer and hoping to take in the Hornell Dodgers at Rochester Ridgemen game (6/4) if the weather holds up. Rochester the former Athletes in Action team based in Alfred. Former Alfred State College baseball coach, Tom Kenney back at the helm of the Hornell squad. Will wander over to the Basket Road complex in Webster to see game with AU photographer, Leo Nealon.

The AOH Irish Road Bowling tournament will be held this Saturday in Andover on the famed Kilbane Road Course. John and Brandon Dougherty hold the record in this fund-raising event at 27rolls. Looking for the team of Mike Jackson and Dickie Joyce to nip that and emerge victorious!

A batch of NYS vanity plates spotted of late: SABRE7 with Buffalo logo ... Martin from French Connection line?, 65BELAIR ... it was and sweet, GR8MOVE ... many by Frank, HSE SAIL, UCP27ELK, MRHOUSTN ... Hoover, WHOBUT12 ... 3L and OK-WAHO1 ... "Ungawa."

The LPGA Championship in Rochester this year will be the final installment of the long-running ladies golf outing as this "Major" will move to the NYC area in 2015 with KPMG as its sponsor. Rochester has great fan support (and volunteers) for this event but sponsorship is lacking. Remember talking to golfer Cindy Rarick a number of years ago and she would always rave about the fan support, the size of the crowds in Rochester. Unfortunately, like the Corning Classic before it, the LPGA stop in Rochester is most likely history. The U.S. Open at Pinehurst is just around the corner and there will not be a Tiger Woods siting again, just like in the Masters. Woods is still rehabbing from surgery and apparently just not ready. The Women's U.S. Open is also at Pinehurst this year in a rare "double dipper" of events. The LPGA Championship in Rochester is in mid-August this season instead of its standard late June date. The Rochester Knighthawks are the three-time champions (five overall) of the NLL as they as they took home the trophy in the pro indoor lax league by defeating Calgary in the championship

The Dugout continued...

series. The K-Hawks have also lost four-times in the finals so a pretty impressive tally.

The Duke men won the NCAA Division I lacrosse championship as they beat Notre Dame on Memorial Day, 11-9. It was the third title in five years for the Blue Devils who have reached the "Final Four" for eight-straight seasons.

\$2-billion (with a b) dollars for the LA Clippers franchise in the NBA? Stunning.

It will indeed be a Miami-San Antonio repeat in the NBA Finals as the Heat will be in the last grouping for the fourth-straight season. The Spurs polished off OK City and their two-person offense while Miami took care of Indiana and the clown on their team known as Lance Stephenson. Taking Spurs in six, maybe seven ... but not a shock to see LeBron James go "crazy" and lead his team to another title.

Had a chance to hit the links on Saturday past at the historic Stafford CC in the annual SUNY Geneseo athletic department fund-raising outing. Played in it now for four years in a row with Coach Wiley, women's soccer and always a good time. Mike Setzer ... college roommate of Wiley's and Gene Setzer ... filling in for Coach O'Driscoll, rounded out our foursome (-1). Had a chance to chat with Shuey, briefly and Frank Adonnino ... fresh off a hole-in-one at Old Hickory in Livonia. Bill Schuster (AU) a few groups behind us on the course. Wish O'Driscoll along but soccer duties at PS-Behrend called. Hoping to play Stafford later this summer with Simbo, Savo and Obie.

It was a "Sunday addition" to my weekend past at a graduation party for Stephen Baker of UPenn. Always a good time heading over to the Baker's in nearby Penfield/Fairport and know good number of family members now on Colleen's side. Enjoyable! As was the party ... and food! "Congrats" to Stephen. Bob and Barb Baker there doing "double duty" on a Baker-Baker family gathering, first in Almond.

Off to Lake Placid this weekend with stops along the way in Saratoga-Queensbury-Lake George as Lauren running a Half-Marathon in the Olympic Village again this year. Great time last summer at this event. 3L then off to Portugal on vacation after Placid. Yikes

THIS WAS the scene at the conclusion of the 2012 "Bikers from Mars" trip from Mars (Pennsylvania) to Alfred University's King Alfred Statue on the AU campus. (Photo provided)

FORON TO AU Alumni to pedal into town at noon Friday

By DAVID L. SNYDER ALFRED–The bikers are

coming, the bikers are coming! Alfred University alumni are

cycling in a weeklong trip from Toronto to Alfred. Expected to arrive in Hornell today, area residents are invited to join them for their last leg into Alfred on Friday, June 6.

What began with a small group of athletically minded alumni from the class of 1958 back in 1998 has evolved into an annual event with a growing following.

This year's group includes veteran riders Dave Conrad '76, David Holleb '77, Dave Perry '61, Jim Randall '77, and Peter Stull '75. Joining the group for their inaugural ride are Stephen Barton '13, Richard Rygiel '76 and Bob Wade '64 (Bob is going all out for his 50th class reunion!). Janan Chandler '79, who resides in Toronto, has graciously agreed to be our hostess this year and is dusting off her bike in preparation for the ride. Ed Law '58, a long-time partic-

۲

ipant, is our sponsor "at large." In 2012 we were "Bikers from Mars" (Mars, PA that is). In 2013 we were "Alums along the Mohawk" (Mohawk River from Albany). After much thought and deliberation, and sage advice from past veteran riders, this year's group has settled on "TorontoAU." It's simple, yet conveys our journey from Toronto to Alfred University.

After a night or two at the Toronto Hilton (downtown) the group began their journey Sunday morning, June 1at Harbour Square Park on the waterfront. They expected to bike about 50 miles each day and expect to arrive at the King Alfred Statue on campus around noontime Friday, June 6. Overnight hotel stays were planned in Hamilton, Ontario; Niagara Falls, Ontario; Batavia, NY; Letchworth State Park, Castile, NY; and Corning, NY (Corning won Rand McNally's Most Fun Small Town in America for 2014!). While in Canada they fol-

lowed the Waterfront Trail, a paved bike path that runs from Toronto to Niagara Falls. They passed through the following towns in Ontario: Oakville, Grimsby, Burlington, St. Catharines, and Niagara-on-the-Lake. In New York they were passing through Lockport, Mt. Morris, Hornell, and Bath. On the last day of their ride, Friday, June 6, they will be stopping at the Hornell Comfort Inn midmorning to join with local riders on the final leg to Alfred.
