

The Handcraft Shop

Marblehead

Mass.

Dear Prof Binns,

Please accept my sincere, though rather tardy, thanks for your kind letter. Your approval means very much to me and I have been wearing a somewhat swelled head as a result of the opinion of my work you expressed.

I feel honored that you wish a specimen of Marblehead pottery for the school collection and will bring it with me when I come home at Xmas time, a few pieces from which you can choose one or two for that purpose.

Thank you again for your kind encouragement,

Sincerely yours,

Arthur E. Baggs
