Chancellor in Alfred

SUNY Chancellor addresses STEM conference

ALFRED—State University of New York Chancellor Kristina M. Johnson spoke passionately about the importance of STEM education recently during a keynote address she gave at Alfred State College.

Speaking to educators of all levels at the 2019 New York State STEM Education Collaborative (NYSSEC) STEM Summer Institute, Johnson reflected on how several of her instructors instilled in her a love of STEM (science, technology, engineering, and math) when she was in junior high and high school. The chancellor explained how one physics experiment she had performed as a student in 1975 helped her figure out a problem she faced as an energy industry professional during the 2010 BP oil spill.

"You never know how every kid that you teach every day may change the world by something you said or something you encouraged them to do," she said.

Johnson also told the crowd, "Some of the experiences that I gained when I was in the classroom really paid off in terms of helping me find out my particular path."

At another point in her address, Johnson applauded Alfred State and noted her excitement about getting to tour several facilities on the college's main campus after delivering her speech. Alfred State, she said, "has de-

veloped an international reputation for engaging innovative and cutting-edge research and development in STEM programming."

Near the end of her remarks, Johnson noted that the annual three-day conference is about far more than illuminating the importance of the technical sciences in society, saying, "It's really about the future of our society and our economy."

She also concluded, "The future belongs to nations that understand the importance of STEM education."

In addition to the SUNY chancellor, two other speakers provided keynote addresses at the conference. They were SUNY Fredonia Distinguished Teaching Professor in Mathematics Dr. Robert Rogers and Clarkson University President Dr. Anthony Collins.

Numerous educators and industry professionals gathered for the annual event in an effort to discuss and share best practices for increasing interest in science, technology, engineering, and math (STEM) careers among young men and women.

This year's event featured 50 cutting-edge presentations, as well as tours of Alfred State's Micro-Nano Fabrication Laboratory, and agriculture and nursing facilities. The full conference provided up to 17 hours of Continuing Teacher and Leader Education (CTLE) certified professional

development hours.

Additionally, several STEM leaders were presented with the 2019 Summer Institute Margaret Ashida STEM Leadership Award, which seeks to honor those who are making significant STEM connections within their community through their time, actions, talents, and dedication.

This year's honorees included Jennifer Leonberger, instructional support teacher at Greater Southern Tier (GST) BOCES; Ellen Falk, a mathematics teacher at North Salem High School; Dr. Lorena Harris, the director of the Collegiate Science and Technology Entry Program (C-STEP) and the Louis Stokes Alliances for Minority Participation Program (LSAMP) at SUNY Schenectady; Lisa Blank, the director of STEM programs for the Watertown Central School District; and James King, a partner at King + King Architects.

Dr. Craig Clark, vice president for Economic Development at Alfred State, said, "This year's institute again included great presentations and keynotes that allow faculty to connect and continue to improve STEM education. Thank you to the SUNY chancellor, as well as all of our speakers, presenters, attendees, and supporters for once again making this conference such a success."

SUNY Chancellor Kristina M. Johnson delivered a keynote address at the 2019 NYSSEC STEM Summer Institute held at Alfred

OBITUARIES

Keith M. Rogers, 77, Coast Guard vet, Alfred Rural Cemetery caretaker

KEITH MILTON ROGERS

Veteran of US Coast Guard
ALFRED STATION—Keith Milton Rogers, 77, of Palmiter Road, Alfred Station, passed away peacefully, Friday, July 26, 2019 at St James Mercy Hospital, Hornell.

He was born in Yonkers, November 2, 1941, the son of late Rev. Albert Nash Rogers and late Janette (Looftboro) Rogers. He graduated from Alfred-Almond Central

School "Class of 1959". He met his wife Donna at the Seventh Day Baptist Church in Denver, where Rev. Rogers was the minister. As the story goes, Donna's cookies brought them together, and they were married one year later on November 26, 1964.

He served in the Coast Guard for 23 years and it took Keith and his family all over the United States living in Tennessee, Alaska, Florida, Maine, Connecticut, and New York. Retirement brought them to Alfred in 1984. Keith and Donna took over the care of Alfred Rural Cemetery. A unique job, he was a thoughtful groundskeeper and superintendent for 21 years. He loved working there; he always stopped and talked to all who came, and he would say, "I am privileged to be the last one to let you down."

He is survived by his loving wife Donna R. (Stephan) Rogers whom he was married to for 54 years. Keith and

Donna had three children; Jenni (Michael) Peters, Julie Seymour, Jason (Heather) Rogers. Twelve grandchildren; Emma and Grace Peters, Natalie, Nicole, Joe, Joshua, Caleb and Zoey Seymour, Jaden, Devin, Avery, and Quinn Rogers. He is survived by his brother Brian (Carol) Rogers, and sister Cindy (Steve) Rogers Rudolph.

Creative and talented, Keith could make or repair just about anything. Tool talk and tinkering made his day. He drove a purple dune buggy in the '70s, motorcycle in Maine, and a snowplow in New York. He loved his trucks, could operate a Kubota, and had a thing for lawnmowers. His puppies gave him joy. Keith was helpful, resourceful, kind, and always smiling. Indeed, a great way to be!

After the diagnosis of Frontal Temporal Dementia, he requested his body to be sent to the Rochester Medical

School to help the further study of his illness.

The family will be present 2–5 pm Saturday, August 10, 2019, at the Bender - Brown & Powers Funeral Home, 354 Canisteo Street in Hornell, where a Memorial Service and Military Honors will be held at 5 pm, with Rev. Patricia Bancroft, officiating. Burial will be in Alfred Rural Cemetery at a later date.

To send a remembrance, please visit www.brownpowersfuneralhomes.com, or on Facebook @brownpowersfh, the family is being as-

sisted by director Chester A. Gosper IV.

Due to allergies, the family requests no flowers to be sent, consider a donation to the Alfred Rural Cemetery, PO Box 12, Alfred Station, NY. 14803.

The family would like to thank the staff at Elderwood Nursing in North Hornell, St James Mercy Hospital. Additional thanks to Mary (Keith's excellent caregiver, who came when needed) and David (who came once a week for a chat or a ride).

By **SHERRY VOLK**

A pleasant family breakfast at the Collegiate on July 29, 2019, ended with excellent live entertainment.

We'd seen the big orange truck with the huge crane come into the driveway, and when we emerged from the

restaurant, the setup was complete. The operator said the crane is 140 feet long, and they were there to lift the bridge over Canacadea Creek from Alfred State College to Community Bank out in a single piece.

We watched the testing of the big straps attached to the crane arm, then the actual removal and placement on a flat bed truck.

1st photo: B-i-g orange truck with outriggers supporting that 140-foot arm. Alfred State in the background, across the street.

SUNNY SIDE UP

By **ELLEN SHULTZ**
Alfred Sun Columnist

Scandinavian iced berries worth pickin'

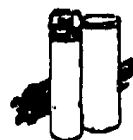

[Editor's Note: Like most of the recipes she shared with our readers over the past couple of decades, Ellen Shultz's Sunny Side Up columns are worth repeating.]

This recipe is from an old Bon Appetit magazine. It is a good way to use the wonderful berries of summer and is a refreshing change also. I used last year's frozen blueberries from my freezer, frozen blackberries, which were the most delicious part, and frozen strawberries. It probably would have been even more delicious with fresh berries iced in the freezer beforehand. You really need to find the better grade white chocolate. I have used white chocolate chips and while it was good, it wasn't as mouth watering as the high grade chocolate.

Scandinavian Ice Berries with White Chocolate Sauce

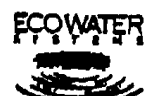

1 6 oz. basket raspberries
1 6 oz. basket blackberries
1 6oz. basket blueberries
1 6 oz. basket red currants
1 c. whipping cream
8 oz. white chocolate (such as Lindt) chopped

Place berries on rimmed baking sheet. Freeze until icy but not frozen solid, about 20 minutes. Meanwhile, bring cream to boil in small saucepan over high heat. Remove from heat. Add white chocolate and stir until melted and smooth. Bring mixture just to simmer over medium heat. Divide berries among 4 shallow soup bowls. Pour hot white chocolate sauce over berries, serve immediately. (Really will serve more than 4).

‘I am woman, hear me roar...’ two Alfred gems

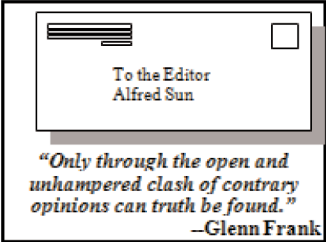

To the Editor:

There are several women in the Alfred area who are strong and successful. The two I want to talk about are dear friends of mine. I know them more intimately and feel I can speak of them in an honest, in depth light. Kathy Curran Snyder and Dr. Krista Burdick Szalc are two of the most incredible women I know and I know a few.

Kathy Snyder has run West Side Liquors for her Dad for many many years, doing the apartment rentals and accounting for her father also for many of his businesses. You never saw Kathy sitting still--even while running the register she was working and moving.

If you know her you know she is no bigger than a, hmmm, what's a good metaphor to describe her, no bigger than a twig. That one keeps sticking in my head. There is more spunk, strength, determination in her petite 4' 10", 100 lb frame than most people I know. Kathy raised three boys, three terrific boys whom she fed and cared for along with her husband, Ron, while working at all the jobs I listed above.

Her youngest, Kelly Snyder, we all know. Kelly is very very special and has and will need his Mom more than most. She encouraged him in all he wanted to do, which is a lot. He is interested and interesting, he has a big heart and knows more about the Alfred Volunteer Fire Dept than

most of us as he is a volunteer. When you see him running down Main Street, he's on a call. Kathy is there for Kelly, her work, her husband and her family, whether healthy or ill. She is a good friend, an excellent writer and talented artist. She is retired now, well earned, but you will see her downtown daily bringing Kelly in for the afternoon. Then home to cook for her family and care for herself, finally. I am honored and proud to call her friend.

Then there is Dr. Krista Burdick Szalc, Audiologist extraordinaire. Like Kathy, Krista grew up in Alfred. She and her husband Jesse have four beautiful children who are cared for by Jesse while Krista, Dr. Szalc, manages her three offices. She has one in Dansville, Wellsville and Hornell and is currently filling in at Jones Memorial for a maternity leave one day a week.

Krista is strong, resilient, generous and very good at what she does. My admiration of her stems from working for her for almost a year after I retired. She needed help and asked me to step in. Like Kathy there isn't one aspect of her practice that she isn't knowledgeable about. She is

hard working, and cares deeply for her patients. To call her friend is an honor I will always cherish. Krista is smart and feisty, handling her daily routine of kids, husband, two employees and hundreds of patients with humor and professionalism. She is one of the best people I ever worked for. Her patience is unending, her love of family and friends deep and genuine. She amazed me, when pregnant for her four kids she worked through labor pains because she had patients. I know of one instance where she called her husband on the way home to tell him to call her obstetrician because the

baby was coming. She delivered safely, and fast all of her children. She is a great Mom, friend and Audiologist. She is one of the hardest working women I know. Both she and Kathy have had their challenges but they do not give up or give in. They stay the course and do the job. Honoring these two women is one of the best things I have done. They deserve more, but this is the best I can do for now. I will always call them friend as I am so fortunate to be called their friend. They enhance my life, and make me a better person. Sincerely, Lauren Butler Alfred

Quite frankly, we’d like you to subscribe to the Sun!

Back in 1884, a simple item appeared in the Alfred Sun that said, **“Wanted, one thousand subscribers to the Sun.”**

That goal suggested by Sun co-founder and legendary Editor and Publisher Frank A. Crumb, was met before the new millennium. But now we’d like to keep the dream alive. So we’ve set a goal of 135 new subscribers to mark the SUN’s 135th anniversary.

During Frank Crumb’s Dream Campaign, we offer new subscribers 13 months for the year’s subscription price of \$35. That’s **\$65 off** the news stand price. And you’ll read hometown news and interesting stories found nowhere else!

If you would like to help keep Frank Crumb’s Dream alive, send your name and address or that of a loved

one with check payable to “Alfred Sun” to: Frank Crumb’s Dream, c/o Alfred Sun, P.O. Box 811, Alfred, NY 14802. We thank you and Frank thanks you!

FASSETT GREENSPACE

Allegany Arts offers GreenSpace workshop

By ELAINE HARDMAN
Special to the Alfred Sun

WELLSVILLE—Decades ago a little boy made a collection of clay dinosaurs in his mom's studio. They were on his shelf for a long while and then shuffled off to a stout box in the attic.

The dinosaurs were still cute and lumpy so the mom couldn't toss them out. Luckily that little boy's mom is on the board of Art for Rural America (AFRA) and involved with the Fasset GreenSpace so she brought the dinosaurs to the garden and put them among the plants wondering what would happen.

Over the next 15 months, people moved the dinosaurs around the labyrinth, playing and caring for them. After a time stegosaurus lost bony plates, brontosaurus surrendered most of its tail, and some whole creatures disappeared.

At last sighting a mastodon was in the mint and AFRA's president Cassandra Bull said it was time to repopulate and create a tradition of Creatures of the GreenSpace.

We are calling for children, ages 6

and up to gather with Kristin Bucholtz, art teacher in Belmont, to make dinosaurs and other creatures to live among the plants at our GreenSpace. Ms. Bucholtz's program will be sponsored by the Allegany Arts Association.

Participants will make one dinosaur to live at the GreenSpace and one to take home. Workshops are on Friday August 16 and Friday August 23 from 10 to noon at the Fasset GreenSpace. Ask for information by email at Kbuchholz@genvalley.org or contact a board member at 585-808-0385.

The board and members of the GreenSpace community thank the many children who played with the dinosaurs, made by a very young Jay Hardman, and hope that the new creatures will be played with as respectfully and enthusiastically. Feel free to move them, to reposition them, to put them on the walls or in the soil or to put a bit of a plant in their mouths or to make a necklace of grass for them.

The GreenSpace is part of the #PlayEverywhere program so play with our outdoor instruments while you are there.

ArtForce 5 at Bills camp celebrates 19th amendment

PITTSFORD—Alfred University's Art Force 5, a program that uses community-based art to inspire discussion on topics of equality and social justice, was at Buffalo Bills training camp this week, engaging visitors in a project celebrating women's empowerment.

Rochester city leaders and members of the public were at Bills camp at St. John Fisher College, painting 196 tiles used to create a mosaic of women's rights leader Susan B. Anthony, who spent most of her life in Rochester. The mosaic project at Bills camp is part of an effort by Art Force 5 to celebrate the centennial of the 19th Amendment granting women the right to vote.

The Art Force 5 team, led by Alfred University alumnus Dan Napolitano B.F.A. '93, M.S. Ed '98, program founder and assistant dean of Alfred University's School of Art and Design, was at Bills camp Sunday, July 28, to begin the project. The team returned to camp Wednesday, July 31, to finish painting tiles and complete the Susan B. Anthony mosaic. While Sunday's camp required pre-purchased ticket admission, Wednesday was a non-ticketed day.

Connors & Ferris LLC law firm serves as a sponsor of the Buffalo Bills training camp and was instrumental in getting the Art Force 5 program included in the fan section for the Sunday and Wednesday sessions. Alfred University alumnus Greg Connors '92 (B.A., political science) is a partner at Connors & Ferris and serves as chair of the University's Board of Trustees.

Napolitano hopes the project at Bills camp will grow into a national effort to pay tribute to champions of women's rights, with Art Force 5 offering similar projects in other NFL cities.

"A concept called 19 by 19 would see the Art Force 5 travel to 19 cities, joining fans in painting 19 tributes to women's empowerment icons associated with those cities, in team colors," Napolitano explained. "For example,

Shirley Chisholm (first African-American woman elected to Congress) could represent a New York City team while a Betsy Ross (creator of the first American flag) mosaic might be painted in green and silver for Philadelphia."

Each female empowerment mosaic will be accompanied by a sports jersey giveaway, with the first design created by 2019 Alfred University graduate Tiffany Gannon (B.F.A.) in collaboration with Napolitano. The project and image received approval and support from the National Susan B. Anthony Museum and House. Napolitano said he is seeking partners to provide support for the project in other NFL cities.

Art Force 5 has in the past participated in noteworthy projects with both the city of Rochester and the National Football League. In 2016, the organization was awarded the Democrat and Chronicle's Unite Rochester grant and built community art alongside the city's police department. In the weeks leading up to this year's Super Bowl in Atlanta, Art Force 5 partnered with the NFL Network to community effort to create mosaics honoring the city's first African-American police officers. Two NFL players – Dalvin Tomlinson and Kenyon Drake – joined the public in painting tiles for that project.

A special edition of the NFL Network's Emmy-nominated NFL 360 series, Impact & Influence, was broadcast Feb. 22. The four-part piece, which celebrated Black History Month, includes a segment on the Art Force 5 project in Atlanta. Trent Cooper, a 1992 Alfred University graduate (B.A., political science) and producer of original content for the NFL Network, directed the segment on Art Force 5 which aired as part of the NFL 360 piece.

Founded in 2006, Art Force 5 has received national recognition for its unique diversity training and interactive community-based art, and has a proven record of engaging communities through creativity. Throughout 2017, the team conducted a statewide tour building mosaics and raising

awareness of 1917's East St. Louis Riots through portraits of the leaders of the subsequent 1917 Silent Parade. The final works were exhibited at both the NAACP National Convention in Baltimore and at the State University of New York (SUNY) Central Administration in Albany, NY.

Art Force 5 held a summer residency on Manhattan's Governors Island in 2018, serving New York City residents and visitors with engaging art initiatives. The program is cur-

rently in a second summer residency on Governor's Island, which culminates with an art exhibit on Aug. 9 featuring Harlem icons.

Art Force 5 was the recipient of nearly \$400,000 in state grant funding through the State University of New York (SUNY) Office of Diversity, Equity and Inclusion (ODEI) and Provost's Performance Improvement Fund (PIF). The two-year grant is funding Art Force 5 projects over a two-year period, 2018 and 2019.

Sophie Napolitano of Alfred, talks to a pair of youngsters about Susan B. Anthony's legacy. Napolitano participated in an Art Force 5 community art project at Buffalo Bills training camp Sunday, July 28 during which time visitors painted tiles to create a mosaic honoring Anthony, a champion of women's rights. The project concludes on Wednesday, July 31.

Immune System: Acute vs. Chronic

We have covered a lot of ground in our exploration of the immune system! Now it is time to dive into some of the immune issues that you or your loved ones may be experiencing. We will begin by evaluating the difference between acute vs. chronic immune responses.

Our immune system uses inflammation to protect and repair the body from something damaging. When this occurs in a brief and intense fashion, it is called acute inflammation and manifests as scabbing, redness, pus, and swelling. However, when an inflammatory response is prolonged and becomes the body's new norm, it is called chronic inflammation. This condition is often more subtle and sneaky at first. The body responds to damage internally, rather than externally. So we may not see the symptoms of chronic inflammation, which manifests as dilated blood vessels, unchecked white blood cells, and a hyped up immune system.

Autoimmune conditions are the primary form of chronic inflammation. Sadly, they have become more and more common to the point where one in five Americans now suffer with an autoimmune condition. [1] Here is a list from WebMed of some of the most common:

• Rheumatoid arthritis. The immune system produces antibodies that attach to the lining of joints. Immune system cells then attack the joints, causing inflammation, swelling, and pain.

• Systemic lupus erythematosus (lupus). People with lupus develop autoimmune antibodies that can attach to their tissues throughout the body. The joints, lungs, blood cells, nerves, and kidneys are commonly affected in lupus.

• Inflammatory bowel disease (IBD). The immune system attacks the lining of the intestines, causing episodes of diarrhea, rectal bleeding, urgent bowel movements, abdominal pain, fever, and weight loss. Ulcerative colitis and Crohn's disease are the two major forms of IBD.

• Multiple sclerosis (MS). The immune system attacks nerve cells, causing symptoms that can include pain, blindness, weakness, poor coordination, and muscle spasms. Various medicines that suppress the immune system can be

used to treat multiple sclerosis.

• Type 1 diabetes mellitus. Immune system antibodies attack and destroy insulin-producing cells in the pancreas. By young adulthood, people with type 1 diabetes require insulin injections to survive.

• Psoriasis. In psoriasis, overactive immune system blood cells called T-cells collect in the skin. The immune system activity stimulates skin cells to reproduce rapidly, producing silvery, scaly plaques on the skin.

• Graves disease. The immune system produces antibodies that stimulate the thyroid gland to release excess amounts of thyroid hormone into the blood (hyperthyroidism). Symptoms of Graves disease can include bulging eyes as well as weight loss, nervousness, irritability, rapid heart rate, weakness, and brittle hair.

• Hashimoto's thyroiditis. Antibodies produced by the immune system attack the thyroid gland, slowly destroying the cells that produce thyroid hormone. Low levels of thyroid hormone develop (hypothyroidism), usually over months to years. Symptoms include fatigue, constipation, weight gain, depression, dry skin, and sensitivity to cold. Taking a daily oral synthetic thyroid hormone pill restores normal body functions." [2]

These conditions can be debilitating and devastating as the immune system fights against the body instead of for it. There are many medical treatments for these conditions which help to reduce the symptoms; however, the immune system continues to damage the body. The real question is, what caused the condition and how can we support the root issue? This will lead us to our next discussion of understanding the origin of chronic inflammation (particularly autoimmune diseases), and the numerous ways nutritional therapy can not only quiet, but oftentimes resolve these issues.

OBITUARIES

Eight years after her death, Kelli's ashes find a home

KATHRYN LOUISE (KELLI) SCHWERT
Grew up in Alfred
ALBION—Kathryn Louise

(Kelli) Schwert passed away on January 26, 2010, at the age of 39 after a long battle with breast cancer.

As a participant in the Anatomical Gift Program, her body was delivered to the University at Buffalo where she hoped her request to “go back to college” would mean a return to D’Youville College where she had earned her BS and MS degrees in Occupational Therapy. Because there was no family plot, her ashes were not interred when returned to her parents, Dave and Trudi Schwert, in Medina.

Eight years later the Schwerts found the ideal site on Hope Avenue in the Mount Albion Cemetery in nearby Albion and a forest green granite stone was ordered from Brigden Memorials where David Strickland, a skilled carver and artist with a whimsical touch, created the Schwert monument.

Strickland patiently listened to the family’s wishes and made changes accordingly – truly a labor of LOVE which would delight Kelli no end!

A very special urn to contain Kelli’s ashes was made by Kay Brooks, professional potter in Scio with Alfred State College ties to both Trudi and Kelli. Both monument and urn are decorated with a sleeping cat, reflecting Kelli’s love for everything feline!

On Monday, June 24, 2019,

Kelli’s ashes were interred, following a service conducted by Rev. Aleka Schmidt, next door neighbor to the Schwerts and a breast cancer survivor. The ceremony was attended by Kelli’s immediate family and folks who had been caregivers in her final days.

Following the service, re-

freshments were served in the pergola across from the Schwert site. A box of Kelli’s handmade polymer beads and chips (100% fat free) were offered just as they had been after her February 2010 memorial service. Kelli’s memory lives on through her creativity.

Mary Lou Bennett, 72, killed two deer with one shot

MARY LOU BENNETT
Loved to hunt and fish

ANDOVER—Mary Lou Bennett, 72, of Andover, passed away Sunday, Aug. 4, 2019 at Strong Memorial Hospital following a brief illness.

Mrs. Bennett was born on Feb. 5, 1947 in Andover to Harold “Slim” and Fannie (Taylor) Lehman. She attended Andover Central School. On Nov. 14, 1964, in the Andover United Methodist parsonage, she married Wendell H. Bennett, who survives.

Mary Lou devoted her life to the care of her husband and family.

In addition to her husband of 54 years, Mary Lou is survived by a daughter, Tammy (Ray) Gavin of Andover; two sons, Mark (Joyce) Bennett of Somerville, Tenn. and Willie Bennett of Ponca City, Okla.; two sisters, Hazel Cornell of Andover and Darlene (Mike) Willis of Wayland; a sister-in-law, Betty Lou Eddy of Morgantown, W.V. and a brother-in-law, Ed Ryan of Andover.

Additionally, she is survived by 7 grandchildren, Samantha Gavin, Mitchell Gavin, Dakota (Brielle

Studer) Gavin and Jacob Bennett, all of Andover, Trenton Bennett of Ponca City, Okla., Jackie (Morgan) Haslam of Spring Hill, Tenn. and Hunter (Kasie Hudson) Bennett of Bellevue, Nebr.; and several nieces, nephews and cousins.

She was predeceased by 4 brothers, Charles Lehman, Carl “Pudge” Lehman, James Lehman and Robbie Lehman and a sister, Lois Ryan.

Mary Lou loved to hunt and fish. It’s still talked about in the family of the time she took down two deer with one shot. She was quite the marksman during duck hunting season as well. Some of her children’s favorite memories were at Waneta Lake for swimming and fishing. Two of her favorite indoor pastimes were playing euchre and putting together jigsaw puzzles.

Mary Lou was very proud of her family. She was always there at the local sporting events cheering on her grandchildren and Hunter Greene, who she loved as if he was a grandchild. She was also very community minded. She was a member of the Andover Rescue Squad, the Andover Ladies Auxiliary, the Southwestern Association of Volunteer Fireman and the Allegany County Firemen’s Auxiliary. Mary Lou was also fondly remembered as “Boon-Boom Bennett” during her playing days on the Andover Town Softball team.

Visitation will be held on Friday, August 9 from 2-4 and 6-8 p.m. at Baker-Swan Funeral Home in Andover. A memorial service will be held at 8 p.m. at the funeral home immediately following the visitation. A private burial in Hillside Cemetery will be at

the convenience of the family. The family requests that you wear something purple in honor of Mary Lou’s favorite color.

In lieu of flowers, memorial contributions in Mary Lou’s name may be made to Andover Ambulance Corp., 8 Chestnut St., Andover, NY 14806 or Strong Memorial Hospital Cardiac Care Unit, Unit 4-2800 (Cardiac ICU), 601 Elmwood Ave., Box 619-27, Rochester, NY 14642. Online condolences may be offered at www.baker.swan.com.

THIRD GENERATION descendants of Ernest and Ferne Jacox Snyder gather for the reunion picnic.

More than 100 attend 29th Snyder Reunion

ALFRED STATION—Just over 100 attended the 29th Will-Snyder Reunion at Camp Harley Sutton in Alfred Station. The remote, peaceful setting lost all its solitude when the Snyder clan enthusiastically invaded the pavilion, main lodge, playground and basketball court on Sunday, July 21.

The dinner bell rang as more than 90 descendants of the Ernie/Ferne (Jacox) Snyder family gathered to get reconnected. Five out of six children of Ernie and Ferne were there: Frank (91), Harold (Bev), Nelson (Amanda), Kay Chapman and Dorothy (Lyndie) Goodridge. All but Dorothy (NH) still reside in the Alfred area.

Ron, the eldest son of Ken Snyder (d.10/01) and eldest grandson was there to help celebrate 49 years of marriage to Kathy Curran Snyder and recognize the ways she has enhanced the Snyder image with her honesty, integrity and conservative values in Alfred.

After thanking God for our many blessings, all enjoyed BBQ pulled pork sandwiches smoked by Justin (Ken/Bonnie) Snyder and a variety of dishes to pass.

Before and after the meal attendees enjoyed the basketball court, swings and waterslide.

A short business meeting followed the meal to gather news from all the families in attendance. Everyone rejoiced and celebrated all that had transpired—including multiple births, marriages, and, remarkably, no deaths—since seeing each other last year or in some cases two years ago. It was also reported during the business meeting that the Mix Caucus, after much heated deliberation, had agreed to the *Alfred Sun* being retained as official newspaper of the Snyder Family Reunion.

The afternoon concluded with pictures and words of encouragement as all ages enjoyed each other and the facilities. A good time was had by all and little by little everyone made their exit to their daily lives near and far. Thus, another year of celebrating four generations of a very large, lively, fun-loving, Snyder family.

Alfred Farmers Market offers local food, music

ALFRED—What are you doing this weekend?

This week, on Sunday, August 11, the Alfred Farmers Market will be the place to be for excellent local food, music, art, and culture. Oren Wiley Clark Schultze will be the musical performer from 11 to 1 pm and Kristina Snyder from 1 to 3 pm.

Oren is a 12-string guitarist, vocalist, and songwriter, and Christina Snyder writes a lot of her own music with a Christian/folk sound.

Individuals of all ages and abilities can join in the fun and be entertained with hands on educational and hands on activities. The Family Activities tent will feature a Whirligig Spinner which is hand decorated circle shape that spins powered by a penny or string.

A handcrafted mug made

by local artisan, the MUD Club will be raffled off as a fundraiser for the market. Don't miss out on this one of a kind item!

The recipe featured this week is Grass-fed Beef Meatloaf, which showcases local items like grass-fed beef, eggs and onions that can be found in season this week. The Alfred Farmers Market wouldn't exist if not for the dedicated farmers and artisans that regularly attend.

The highlighted vendor of this week is Sugar Haven Farms from Rexville. They offer healthy, wholesome products, from animals raised without hormones and antibiotics. They use proven approaches to agriculture in a sustainable model that benefits both the land (the billions of microbes found in one handful of soil) and the care-

takers of the land. Be sure to check them, and all of the other producers, out at the market!

The Alfred Farmer's Market is located at the Alfred Village Bandstand on the corner of Main and Saxon Drive.

Market days are every Sunday from 11am-3 pm from June 16 through October 27. SNAP/EBT, WIC checks and FMNP (Farmers Market Nutrition Program) and senior checks are accepted.

Meet your friends, neigh-

bors and farmers on Sunday and enjoy the bounty of the season and the Alfred Farmer's Market. For more information, visit AlfredFarmersMarket.com or Like the Alfred Farmers Market on Facebook.

The Alfred-Almond 34th Annual Alumni Banquet was held July 16 at the Knights of Columbus in Hornell with more than 300 alumni participating in the many events that were held during the weekend. Master of Ceremonies was Holly Horton Hogan, who was also speaker for her class of 1969 that was celebrating its 25th year. Honored guests this year were David Luellen, retired guidance counselor (1978-1992) and Paul Gabriel, retired agriculture teacher (1966-1993). Members of their families were in attendance to observe this honor with them. Kay Snyder Chapman, president of the Alumni Association, presented the annual alumni scholarship (Jean Hanks Palmiter Memorial Scholarship) to two seniors of the 1994 graduating class, Meredith Allgrim and Kevin O’Buckley...The new inductees of the Alfred-Almond Sports Hall of Fame were recognized for their accomplishments and each received a plaque. They include Frances Crossett (1942), John Albiston (1953), James Bey (1962), John Baker (1979) and Kenneth Wirt (contributor). The presentations were made by Robert Baker and assisted by Floyd Farley, chairman of the Sports Hall of Fame Committee. Notes from Palmiter Hill (By Rev. Albert N. Rogers) A friend in Germany, Hans Zizmann, sent us an anniversary greeting. He was our house guest some years ago when the S.D.B. World Federation met in Alfred...Vacation times are quiet in town, but we welcome those who come to our quiet village for musical training, especially Dr. Fuchs and his associates...Frequently we see men and women fishing in the little pond on the hill below us. Irving Palmiter, who was our good neighbor in years gone by, had the pond built on his land to encourage this leisure activity and at the same time hold back spring-time rains which wash down our hills. He would be pleased to know that the site is enjoyed by those who come up for Easter Dawn services by the pond where they can see the sun rising over Hartsville Hill...Rev. and Mrs. Leon Wheeler are on vacation for a few days visiting the Win Randolpchs at their Adirondack cottage as well as family in New England...J.N. Norwood, in his history of Alfred University, describes the intellectual thirst of the Alfred settlers in the 1820s and the Alfred Union Library from which they borrowed books they could not afford to buy. Bethuel Church encouraged Jonathan Allen to attend the common school Church was teaching then in Alfred and promised to accept firewood for tuition. The young man felt he did not have suitable clothes to stand and do exercises at the blackboard which was quite embarrassing to him. Allen eventually became president of the college, now Alfred University.

Sunbeams—Tony and Ginny Schon of Lake Lodge Road, recently spent a weekend visiting their children, Lynn and Sid Elston in Marblehead, MA and Lisa and Shawn Becker in Ballston Spa...Kelly Palmer, son of Jim and Faith Palmer of Tinkertown, received a Master of Fine Arts in ceramics degree from Alfred University in May. He has accepted a position as a technical specialist at the Cleveland Institute of Art, Cleveland, OH, beginning next month.

The newly resurrected Alfred Lions entry in the Hornell Babe Ruth League capped an 8-2 regular season last week with a 12-5 win over The Association to clinch the regular season league title. The team, coached by Mike Baker and Mark Culley, is now in the league playoffs with a game scheduled tonight at Maple City Park...Against The Association, Aaron McCormick, Andy Allgrim and Brennan Lang each went 3-for-4 at the plate. Allgrim and McCormick each scored three runs while Chris Allen and Lang scored twice. Allgrim went the distance on the mound, striking out 10 before the time-up alarm sounded in the 6th inning.

Alfred’s Southern Tier Amateur Soccer League (STASL) team suffered an upset 3-2 loss at Richburg Tuesday, July 19. Scott Cuykendall and Ken Hassler scored for Alfred. The loss dropped Alfred out of a first palce tie into a second place tie. On Thursday, July 21, Alfred put together its sixth win by shutting out Arkport 4-0 during Alfred’s final home game of the season... “It was a great feeling to put together a good win like this,” said team representative Brian LaCourse, “We played the last three games poorly and without intensity and as a result, lost a couple of games. Against Arkport, we regained that intensity and really dominated the game from the start...”

THE GLORY OF AMERICA

Thursday, August 8

Speaking of the regard the founding fathers had for the Bible, and that of the first Puritans to come to New England, Daniel Webster declared in 1843:

"The Bible came with them. And it is not to be doubted, that to free and universal reading of the Bible, in that age, men were much indebted for right views of civil liberty. The Bible is a book of faith, and a book of doctrine, and a book of morals, and a book of religion, of especial revelation from God; but it is also a book which teaches man his own individual responsibility, his own dignity, and his equality with his fellow-man."

Almond Union Church will host Family Funfest Sunday, August 11

ALMOND--An open invitation to join a family fun day on Sunday, August 11, has been issued to the community by the folks at the Almond Union Church.

Pastor Charles Emerson notes that the Family Funfest will be held from 12:30 p.m. to 3:30 p.m., and will feature games, face painting, a water slide, bounce house, barbecue, music by G.P.S. and drawings for prizes.

Come join us at 11 Main Street, Almond; the event will be held in the adjoining Almond Historical Society yard and pavilion.

"Last year, approximately 100 people attended this event on a beautiful sunny day," Pastor Emerson said. "Both bounce houses were a hit, and our band, G.P. S. played a good

mix of music that older people enjoyed as well. Our menu featured pork barbecue, hot dogs, salads, and desserts, and everyone was surprised that it was free!

"Invitation tickets were used for the door prizes drawings, which folks welcomed and appreciated," Pastor Emerson explained, "We are happy to sponsor this event once again, and invite everyone to come and have a fun time!"

Everything is FREE! All are invited to bring the entire family and enjoy the food, fun and fellowship!

For further information, contact Almond Union Church Secretary Dawn Mormino at 276-6151.

Dear Editor,

Many, many thanks to Dan Rase, Laurel Buckwalter, and the organizers and supporters of the Wingate Memorial Summer Carillon Recital Series.

Hearing the bells ring out over Alfred is one of the delights of living here. This was the first year that I was able to attend all of the Tuesday evening concerts, and each one was excellent - a fitting tribute to the Wingates.

I hope that Alfred University's Davis Memorial Carillon will continue to be played by world-class carilloneurs for many summers to come, and that carillon instruction will be included in the Performing Arts Department offerings.

Gratefully,
Susan Steere

INAUGURAL YEAR

Alfred State Police Academy going strong

ALFRED—As the first phase of the inaugural Alfred State Police Academy winds down, organizers are reflecting on the success of the program, while also looking forward to its future.

Wendy Dresser-Recktenwald, Alfred State's chief of staff of Human Resources and the Center for Community Education and Training (CCET), said the program was started with the goal of operating an academically rigorous academy that would prove to be an "academy of choice" for local and statewide recruits.

"We focused our efforts on both technical and soft skills and looked specifically for cadets with emotional intelligence," she said. "Working in law enforcement in today's world is hard. The hours are long, the public is difficult on law enforcement officers, and they need to be proficient with both technical skills and the ability to communicate."

Dresser-Recktenwald noted that Session Director Scott Richardson "worked hard and stacked our academy with a great group of trainers from law enforcement agencies all over western New York."

sity Board of Trustees from 1992-95 and was re-elected to the Board in 1999. Meyer holds the distinction of being the longest serving chair of the Board's Finance Committee, a position she held for 14 years, from 2001-15, when she stepped down to participate on the University's Presidential Search Committee. She also served as chair of the Audit Committee and was a member of the Enrollment Management, Executive, Finance, Human Resources, and University Advancement committees, as well as on the Trusteeship Subcommittee.

Meyer is a member of the American Institute of Certified Public Accountants and the New York State Society of CPAs, and is a CPA in New York. She resides in Skaneateles.

Welter is a 1968 Alfred University alumnus, earning a bachelor's degree in finance. While at Alfred, he was a member of Klan Alpine fraternity and was active in track and lacrosse. He served an initial term on the Board of Trustees from 1993-96, and was re-elected to the Board in 1998, serving on the Audit, Facilities and Grounds, Finance and Student Affairs committees.

In 1984 Welter founded Data Graphics and serves as chief executive officer. Data Graphics evolved from R.K. Welter & Associates, a firm he started shortly after leaving Alfred in 1968 that manufactures labels, overlays and front panels for electronic equipment for large corporations and for military hardware. Welter and his wife, Melinda, reside in Port Orange, FL, and have three children.

"We are deeply grateful for the thoughtful counsel, passion for improvement, and generous philanthropic support that Vicki Meyer and Bob Welter have provided to our University during their many years of service on our Board," Zupan commented. "We look forward to their ongoing engagement and support now as Life Trustees."

In the front row, from left to right, are Timothy Thurston, Theodore Quant, Craig Cornell, Logan Graham, Jayde Miles, Daniel Congdon II, Frank Bork, Charles Smiley, James Giglio, and Richardson. In the back row, from left to right, are Alex Vranic, Dustin Johnson, Jacob Chase, Evan Hilfiger, Matthew Howard, Christopher Lafler, Jason Daniels, Kyle Evanetski, and Kyle Bree.

These include the Steuben County Sheriff's Office, the Department of Environmental Conservation (DEC), the Hornell City Police Department, the Hornell Fire Department, the Cuba Police Department, the Wayland Police Department, the Cattaraugus County Sheriff's Office, the Canisteo Police Department, the

Wellsville Police Department, the Alfred Police Department, Retired State Trooper Walt Mackney, the Allegany County Sheriff's Department, and Alfred State staff members within the University Police Department, the criminal justice programs, and Health and Wellness Services.

Additionally, SUNY Cortland donated a police car to the academy. The vehicle had been taken out of service and will be utilized for vehicle pullover training, as well as the Emergency Vehicle Operation Course (EVOC).

"It is the support we received from outside law enforcement that has really helped to build this program," Dresser-Recktenwald said. "We want more than a police academy; we want to be a resource for law enforcement training and to be the training site of choice for western New York law enforcement."

The first phase of the Alfred State Police Academy officially launched in May. Over the past two months, 18

According to GasBuddy price reports, the cheapest station in New York is priced at \$2.57/g today while the most expensive is \$4.29/g, a difference of \$1.72/g. The lowest price in the state today is \$2.57/g while the highest is \$4.29/g, a difference of \$1.72/g. The cheapest price in the entire country today stands at \$1.97/g while the most expensive is \$5.09/g, a difference of \$3.12/g.

The national average price of gasoline has fallen 2.6 cents per gallon in the last week, averaging \$2.70/g today. The national average is down 5.6 cents per gallon from a month ago, yet stands 15.8 cents per gallon lower than a year ago.

recruits have learned a great deal about law enforcement, from conducting various types of investigations, to vehicle stops and traffic enforcement, to dealing with crimes in progress, and much more.

Richardson said he is very pleased with how well the academy has been going.

"I have been hearing very positive comments from both the law enforcement community and the civilian community," he said. "I believe the success of the academy is a result of the tremendous support that we have received from everyone involved, including Alfred State College, local police chiefs, county sheriffs, and NYS DEC for allowing their officers and deputies to instruct our recruits. I am very excited about the direction we are going in to make Alfred State College a quality police academy and law enforcement training center."

Dr. Greg Sammons, vice president for Student Affairs, said Alfred State set the bar high in order to provide high-quality law enforcement training.

"The police academy, under the leadership of Session Director Scott Richardson, has exceeded our already-high expectations. In speaking with several police chiefs, some are already planning to make the Alfred State Police Academy their training location of choice moving forward,"

Sammons said. "As absolutely pleased as I am, we will always commit to identifying ways to make our academy even stronger with each new session and class. This begins soon with our Phase Two of the basic academy that starts in one month."

Specifically, the second phase of the police academy will begin Aug. 12. Also in August, Alfred State Police Academy representatives will be on site at the Steuben County Fair in Bath to answer any questions about the academy. The fair runs from Aug. 13-18.

Looking further into the future, Dresser-Recktenwald said Alfred State expects a high-volume enrollment for the 2020 academy. She encourages all prospective recruits to begin preparing now, especially physically.

"We encourage our recruits who may be thinking about our academy to get their paper work in and to start getting in physical shape now," she said. "Physical fitness seems to be the biggest obstacle for recruits, even when they are told from the start to get in shape. This is a real academy, and if they can't pass the physical fitness, they are not able to get through the program, and there are no exceptions."

Those interested in learning more about the Alfred State Police Academy should contact CCET at 607-587-4015 or CCET@alfredstate.edu.

Alfred University's women's volleyball team excels in the classroom.

Volleyball team earns Team Academic Award

ALFRED—The Alfred University women's volleyball team was listed as one of the 175 NCAA Division III women's programs in the country to be named to the American Volleyball Coaches Association (AVCA) Team Academic Award on Monday afternoon.

The award honors volleyball teams that have maintained at least a 3.30 cumulative team grade-point average on the 4.0 scale during the academic year.

This is the Saxons' second year in a row that they have earned the recognition, making it the first time in school history they have received it in back-to-back years as this is their third time making the list since its creation during the 1992-93 academic year.

"Our staff is thrilled about the academic success of last year's team. Not only is this the third time in four years that we have received this

award, it is also the first time ever we have received it in consecutive years!" Head Coach Dakota Pruiss said. "While we had a lot of individuals on our team post personal bests for an academic year, we are also proud of the type of culture that is establishing itself within our program. Winning in the classroom has become a way of life for AUVB."

The AVCA recognized an organization record, 1,125 teams from the 2018-19 year.

The largest number of teams came from high school girls teams with 444. The NCAA Division I level contributed 189 schools while Division III followed with its 175 as Division II had 141. The levels of NAIA Women, high school boys, collegiate beach, two-year college, collegiate men and NCCAA all had less than 100 teams earn the AVCA Team Academic Award throughout 2018-19.

Coach Pruiss's Saxons achieved a Team GPA of 3.32 as they had five student-athletes make the Empire 8 Spring President's List which required a minimum GPA of 3.75. They were led by senior Elisabeth Estep (Horseheads, NY/Horseheads), Mikala McCartney (Buffalo, NY/St. Mary's), Alex Taylor (Rancho Cucamonga, CA/Los Osos), Rachael Moravansky (Mount Airy, MD/Linganore) and Karina Morling (Canisteo, NY/Canisteo-Greenwood). Estep, McCartney, Moravansky and Morling were joined by Sarah Raeman (Canandaigua, NY/Canandaigua) on the Empire 8 Fall President's List as well.

Alfred University was joined by Houghton College, St. John Fisher College, Stevens Institute of Technology and The Sage Colleges as fellow 2018-19 Empire 8 schools that made the AVCA

list as Stevens is now out of the Empire 8.

The Saxons are now less than 40 days away from the season-opening serve when they head to Latrobe, PA for the Bearcat Challenge at Saint

Vincent College. They start the year with two matches on Friday, August 30 with a 4:30PM start against Allegheny College followed with the hosts at 8:30PM.

Coach attends leadership academy

ALFRED—Alfred State wrestling coach Justin Signorelli attended the NWCA Leadership Academy this summer in Daytona Beach, FL. Signorelli was selected to attend the annual academy that helps coaches sharpen their leadership skills.

The NWCA Leadership Academy is a full scholarship program designed to help coaches strengthen their CEO skills (fundraising, marketing, promotions, communication,

general leadership, etc.) and promote best practices for improving retention and graduation rates.

Attendees are required to complete a ten-part online course prior to their arrival. The two-day event features workshops that allow coaches to engage in group discussions with their peers and apply the concepts learned in the online courses to meet the needs of their wrestling program.

Additionally, attendees will have the opportunity to participate in a mentoring program, receiving ongoing guidance from a seasoned veteran coach and/or athletic administrator selected by the NWCA.

Signorelli was hired as the Alfred State wrestling coach this summer and will begin his first season at the helm of the program this fall.

The annual Alfred-Almond alumni banquet is a summer event I look forward to on a yearly basis and with other events surrounding it, the extended alumni weekend in July was great. The A-A Class of '79 was celebrating their 40th year reunion and with friends aplenty in that class, a solid weekend in Alfred was had.

Fred Taft came in from Florida and we started the long weekend with a round of golf on Thursday (7/18) at the Stafford CC with former Joker's Wild softball teammates, Jim Simboli and Mike Heaney. Both are members at Stafford, a tough tree-lined layout, that was in excellent shape. My lone golf highlight of the day was almost carding a hole-in-one on the downhill, #4 hole. Tee shot hit directly to the right of the pin, about eight inches away. Key word ... "almost." Overall not bad for only the third time out all summer. Simbo-89, Iron-94, Jake-99, me-102. Many "thanks" to the two members for having us out there. Iron Mike Heaney filling in for the injured Robin Charcholla who begged out at the last moment.

Dinner at the Pittsford Pub that nite as "Hilly" Moses and Bakes joined Taft and myself on the outdoor patio. Great place. Those three are classmates. Moses kept us entertained on a beautiful evening as Stu a "no show" to join us. Spotted Rob-Liz-Liv Harris at a nearby table, Geneseo soccer folks. Liv followed daughter Lauren from Webster Schroeder to Geneseo and now, ironically off to NYC and living two-blocks from 3L. Small world time.

Friday would be a very busy day as Taft and I were meeting more Joker's Wild softball buddies out at Timber Ridge in Spencerport for some golf on a hot, steamy day. Bud Man (achilles), Chark (alleged bad back) and assistant coach, Tom Bedard unable to join us. Pat Milgate there though and we talked AU football as his son, Nick is a senior this year and has the honor of wearing the #32 uniform of fallen NYS trooper, Nick Clark. A thunderstorm rolled in and halted our golf game early. Back at the pro shop/snack bar area, spotted Coach Bachl, who was on the soccer staff at SUNY Geneseo when Lauren was there. Good catching up with him.

Our next stop on "tour" was at the home of Brantley and Diane Davis, just past the A-A school, as they were hosting the Class of '79 gathering. Fortunately I was an honorary member for this weekend. Great class turnout for them, roughly 40! Had a chance to chat with Longman (Ithaca) alot as he and his wife, Cathy were there. He knew perhaps three others in attendance. Always good catching up with him. Cody stopped by and think it was just to give me grief. Moses then proceeded to fill their former baseball coach in on antics he may or may not have been aware of back then. Another great evening and "thanks" to Speed and Diane.

After that it was off to Alex's in Alfred, otherwise known as the "Sauna in Alfred." Remnants from the Class of '69 in there as well, good seeing them. Never would've recognized Randy Stockweather if I passed him 100-times on the street. Obie, Jay Evans, Terry Fraser, Dwight Gertz, some others. Was hoping to see Gator ... Ray Carter, plus Penny and Pam Powers, but no go. John Leathersich from the Class of '64 there, posing as Mike Minnich. Good crowd, saw Z Curran briefly, Mixer and Diane showed up, but the heat was suffocating.

Saturday dawned and it was time to have breakfast at the Collegiate! Moses, Taft and I met there. Excellent start to the day even with Moses joining us. Dr. Bill LaCourse in booth behind us and we quizzed him on some old softball names. After that, the three of us stopped in at "Green Acres" in Almond before heading to Jeff & Lisa Ryan's place in Canisteo. That was an adventure. A very relaxing afternoon in Canisteo with the Ryans hosting, Cutter & Ann, Gids & Lin, Bakes & Colleen, Moses, Taft and myself. Hoopster Raegan Ryan the huge helper with Lisa sidelined in a wrist cast. Moses "attempting" to top Raegan in basketball, helping with her form. She was only the Player of the Year in her conference her senior year in college and he's helping her? Classic Hilly! Many "thanks" to the Ryan's on a very relaxing afternoon.

Time for the A-A alumni banquet and seeing those from various years past. Always a fun time, some years better than others and this was a good one. Sat with Nick Obuhanich, the actual Mike Minnich, the "Cage Man" up from JMU, plus Dave Kingman and his wife, Tammy. MC Brooke Harris did his usual standout job, ex-President Bill Pulos "graciously" accepted a

THE DUGOUT CONTINUED...

\$100 raffle winner and donated it back, Eva Bergren Cronin won \$25 in a raffle and never bought me a drink, Lawrence and staff had the food line moving along smoothly and all the festivities went well. Obie spoke for the Class of '69 and Don Z. Higgins will have to go aways to top that next year for the Class of '70! Solid banquet on Kay Chapman's (almost) 80th birthday !!

Tried Alex's again afterwards but 30-35 of us went to a cooler GJ's instead. Mostly the Class of '79 there, others as well. Had more of a chance to chat with Gids as it had been years since we last saw each other. Mixer joining us on an AASPL slow pitch debate. Wrapped up a solid, overall day.

Sunday morning it was back to the Collegiate with a host of '79 classmates in there. "Thanks" to Linell Soule for easing our server over to us! Taft and I stopped in to see Cutter & Ann, Bona girl and Chris afterwards. Caitlin Cook off to Chicago to work. Next stop for Taft and I was in West Almond to see our Aunt and Uncle, Cass & Butch. Good catching up with them in a quieter setting. All too soon we were off to Irondequoit/Webster to have dinner with Lauren-Jason-Quinn at Murphy's Law II overlooking the Irondequoit Bay. Nick and Jess (Herbst) Benway plus Joe & Mary Herbst joined us. Good time as Jake hadn't seen Quinn yet. Lauren in town to see many on her "traveling agenda." And Quinn is still every much the character. Won't see her now until September in Saratoga, sadly. The super-busy weekend comes to a close with many great memories and fun-times had.

HITS AND MISSES:

Had one more event on my extended weekend as Monday nite was a surprise 60th birthday party for Ellen Lindahl at a lodge overlooking Lake Ontario in Webster. Lauren and Chels Lindahl best of friends at Schroeder, she was there, in from SF. Sister Hayley in from Philly, along with boyfriend, Tim as we talked Duke hoops! Bob & "Fitzy" Clerkin up from Long Island. Fitzy and Ellen great friends from Alfred State. Katie Clerkin played soccer at Geneseo and roomed with 3L their frosh year. Many others to chat with as Tom Shevlin put together a nice party. Lindahl and Jo Ann "Fitzy" Clerkin were recently honored at the Alfred State College Hall of Fame and Alumni Recognition Dinner that was held in early June.

As Taft got off the plane at the Tampa International Airport from his weekend in Alfred, he was behind "Sweet Lou" Piniella, returning from the Hall of Fame ceremonies in Cooperstown. Not to be outdone, Moses was at a rest stop in Massachusetts on his way home when he spotted and chatted with Peter Gammons, formerly of ESPN and now the MLB Network. "I'm sure" that interrogation went well for Gammons!

Now that the Houston Astros have added starter, Zack Grienke to their rotation from Arizona, they have to be the favorites to represent the AL in the World Series versus the LA Dodgers. The starting

pitching from the Yanks is inconsistent, at best, with no ace and counting on Luis Severino and Dellin Betances to return to the active roster this season is a big ... IF. Houston grabbed Justin Verlander in 2017 to beat the Yanks for the AL pennant and out-bid NY for pitcher Gerrit Cole last season, now Grienke is added. Not down on Yanks GM Brian Cashman on this one though as not sure Grienke would thrive in the Big Apple and the asking price was nuts.

The SF Giants have designated 1B Tyler Austin for assignment. Maybe the injury-riddled Yanks will grab their former farmhand. Daughter Lauren and I saw Austin plus Aaron Judge hit back-to-back dingers their rookie season, their first HR's in the big leagues, at Yankee Stadium.

Mark & Barb Stuckey took in the Pawtucket Red Sox at Durham Bulls "AAA" International League game late last month. Did not hear whether the once-legendary Kaz was in attendance though. Huge Rays fan, Our Man Frank was not.

Took in a game at Frontier Field with Leo Nealon last week (7/31) as the Scranton WB RailRiders (Yanks) were in town to face the Red Wings (Twins). Clint Frazier, Thairo Estrada and Mike Ford were the first three hitters for SWB, all up with the big club this season due to injuries galore. Had hoped to see Tyler Wade as well but he got called up one day prior. Top pitching prospect, Deivi Garcia started for SWB and was shelled early on. Big crowd on hand, over 12,000 and "many thanks" to Jeff Dodge for tickets. Dodge has same position with the Rochester club that brother, Scott O. Lorow does with the Norfolk Tides at Harbor Park.

Former Almond resident, Dave "PD" Smith and his wife Tammy took in a SWB game about two-weeks back as Garcia was the starting pitcher in that game as well. The retired Smith now roams the country for three months at a time, in various locales, while his wife works as a traveling nurse. They also took in the Hall of Fame ceremonies in Cooperstown two weekends back.

The Team USA men's basketball squad has more names withdrawing from the roster than "stars" committing to the FIBA World Cup later this month. There won't be names on there like: Harden, Curry, Irving, Westbrook and on and on. Will be a NBA collection of players that won't necessarily be favored to win the event.

The Buffalo Bandits of the National Lacrosse League have traded goalie Zach Higgins to the Philadelphia Wings. Not to be confused with former A-A soccer-wrestling-track&field star,

Zeke Higgins.

Chowan College in North Carolina has named Hayley Nejman its Acrobatic and Tumbling coach. Huh? Former Chowan men's soccer coach and current SUNY Geneseo women's soccer coach, Nate Wiley "might" have withdrawn his name from consideration for the position.

Tuesday (8/6) was the last day for the Buffalo Bills camp this year at SJ Fisher College and maybe the last camp there? The Bills have preseason games against Indy, Carolina, Detroit and Minnesota before their season opener on September 8th against the Jets in New Jersey.

Did not make it down to the Corning CC to see the LPGA Shootout on July 26th as it was closed to club members, sponsors and guests. Had hoped to see Cindy Rarick, a past Corning Classic champion, once again. Sent a text to Schaebs and he filled me in on the event with no public admittance.

The annual Bob Hutter Memorial Scramble/SPCA charity golf tournament will be held at the Wellsville CC on August 18th. Hutter was an Alfred University professor and an attorney who had an office in Andover plus he served as counsel to the SPCA, among his many other titles along the way. Team Gary Hodnett from Fillmore is the pre-tourney favorite ... unless Team Obie decides to enter on his home course.

It was off to Old Forge and Inlet for some golf this past Sunday-Monday with the illustrious Smitty and Tommy LaSorda, thus the early writing of this column. Smitty ... a member of the "Unique Five," and I have talked about golfing Thendara in Old Forge for years. Finally getting around to it. Classmate John Mills was asked to join us but he's on the "disabled list." I asked Larry Caruso of Frito Lay to come up but he "doesn't like going to places he's never been to before!" Smitty coming off a solid 43 (allegedly) at Twin Hickory in Hornell, playing with his Dad and Dan Acton. Waffle not around to verify that though.

Off to Kentucky this weekend to see sister, Robin and family. "Fish" and I golfing (9) on Friday, then Robin and I off to the Keystone Bar & Grill for dinner, before taking in Cubs-Reds game at the Great American Ballpark. Saturday is the annual Holy Cross HS Clay Eifert Athletic Boosters golf outing at Twin Oaks in Latonia. A scramble event with Fish, his brother Bob and hopefully a ringer! Golfing somewhere on Sunday and then some awesome corn-on-the cob for dinner. Busy weekend on tap.

Ah yes, Captain Picard of Star Trek ... returns!
