Parking Restrictions this Weekend

The Alfred University Women's Softball Team is hosting the Empire Eight Championships this weekend at Harrington Field. This will result in a significant increase in visitors to the Alfred University Campus.

The Office of Public Safety is asking all faculty, staff, and students to avoid parking in the McLane Center Parking lot on Friday, May 1 and Saturday, May 2 unless attending the games.

Alternative parking is available in the Ade Lot, the Free Lot, and on Park Street.

If you have any questions, please contact the Office of Public Safety at 607.871.2108.

New Policy for Summer Motor Pool Use

Due to the increased demand for exclusive, long-term use of fleet vehicles during the summer months, it has become necessary to revisit the current operating procedures to ensure we are able to most effectively serve the needs of the campus community. With currently more than 75% of the vehicles being reserved for the entire summer, the ability to support normal university travel requests and maintain the fleet of vehicles is compromised. Most of these vehicles reserved for the entire summer travel very few miles and the payback does not cover the maintenance on the vehicles during this period. Therefore we have developed the following policy (see below):

Math Talk: 'The History of Mathematics in Ancient Greece'-Samantha Marnon

Alfred University Mathematics Presents Samantha Marnon's talk on "The History of Mathematics in Ancient Greece."

The talk will look back at several mathematicians in Ancient Greece and what major contributions they made to math, especially the development of the proof.

Reflecting on these mathematicians reveals some key factors that halted the progress of mathematics. This then begs the question whether or not we have something similar preventing the further development of mathematics today.

Join us for this educational and interesting opportunity!

Located in Myers 335 Wednesday, April 29 at 11:20 a.m.

Pizza and Soda will be served.

All are welcome.

Ecology of the Bahamas Information Session

There is no better introduction to Bahama's ecology than to explore its coral reefs, mangrove bays, and tidal flats. In the distance-learning portion of this course you will make connections between natural selection, biogeography, and biodiversity. Then in January you will spend nine adventure-filled, unforgettable days on San Salvador Island investigating the island's natural history through an immersive approach.

Learn more at the course information session Wednesday, April 29, 12:15 p.m. in room 326 of the

Science Center.

FMA Talk: Mitchell Holbrook - Market Valuation Through Data Analysis

Mitch Holbrook will be presenting a FMA Talk in the Olin Building Rm. 310 on Thursday, April 30 at 9:30 a.m.

The talk will be about how the classic axiom of investing is to buy low and sell high. This is a difficult task as most investors do not have a simple method to determine when a market is under or over valued at a given time. Through the use of mathematical analysis we are able to create a new index that represents the intrinsic value of the S&P 500. We then show that the intrinsic value index is relatively accurate in determining market bottoms, which investors could use as a signal to enter the market with a larger margin of safety.

Join us for this interesting and educational talk!

All are Welcome and Bring a friend!

Lecture: Peace Corps Experiences in Fiji

Speakers: Florence Anne (F.A.) and Dr. Joe Felsen
Thursday, April 30 at 7 p.m.
Nancy Howe Auditorium
David A. Howe Public Library
155 N. Main St., Wellsville
585-593-3410

In 1961, President John Kennedy established the Peace Corps to promote world peace. Since then, more than 215,000 Americans have served in over 139 countries. From September 2012 to September 2014, F.A. and Joe Felsen were placed as Peace Corps volunteers in Fiji to assist in meeting that area's health care needs in Viseisei on the island of Vitu Levu and in the capital city of Suva.

They will share their "great adventure" in native dress and bring a display of item from Fiji. Join us as they discuss their experiences in this illustrated talk.

This library-sponsored lecture is free and open to the general public.
