Reclaiming Splendor: Ceramic Design by Chunmao Huang at ACAM

Featuring the First Lady of China's Banquet Ware

September 20 - December 30

Opening Reception: Thursday, September 20, 5:00 pm - 8:00 pm
Alfred Ceramic Art Museum at Alfred University

The Alfred Ceramic Art Museum announces a major new exhibition of porcelain tableware from China, which has never before been seen in the United States. In 2016, China's premier ceramic designer Chunmao Huang created banquet ware for Peng Liyuan, the First Lady of China. At her request he designed her banquet ware for the G20 summit, which was held at a historically distinguished restaurant on the shore of Hangzhou, China's famous West Lake. Turning her favorite color turquoise into a glaze, Chunmao Huang used this color to inspire his invention of a spectacular ensemble of porcelain recalling the past glories of Chinese ceramic history. As a result, he has introduced to the world a provocative and beautiful new assessment of the art of ceramic design.

Chunmao Huang writes: "For the First Lady's banquet ware, I strove to develop the model in a soft, delicate, rich, and variable way. For the weight, hardness, motion, and priority of design, I work like a pianist composes music, making sure there is tone, melody, climax, and subtlety."

Also on exhibition as part of Reclaiming Splendor, designed by Chunmao Huang: banquet ware for Xi Jinping, the President of China, for the BRICS summit 2017, the First Lady of China's banquet ware for the BRICS summit and the now often recognized porcelain tableware - thanks to a photo of President Obama enjoying the banquet - that Chunmao Huang designed for the Asia Pacific Economic Conference, APEC 2014, held in Beijing.

Chunmao Huang is a 2003, MFA, graduate of the School of Art and Design, Division of Ceramic Art, New York State College of Ceramics at Alfred University. In addition to being China's leading ceramic designer, he currently is the chair of the ALFRED-CAFA Ceramic Design for Industry Program, a collaborative educational initiative between Alfred University and the Central Academy of Fine Arts, Beijing, China.

HR Supervisor Tip of the Month

What To Do When an Employee Resigns

Did you know that as a Supervisor there are steps you need to take when an employee announces they are leaving the University?

1. Fill out a PAF located at <https://my.alfred.edu/hr/...>

Please include on the PAF:

- a. Name of the employee
- b. Effective date of action (the date that they are terminating)
- c. Banner ID
- d. Check the appropriate box under Separation, please note in the comments section why they are separating employment
- e. Attach a copy of the employee's resignation letter to the PAF
- f. Once the form is complete the form needs to be sent around for approvals by the necessary people, that way everyone is in the loop.

2. Once the PAF has reached Human Resources and has approval, if you wish to refill the position, you must submit a Recruitment Requisition Form located at <https://my.alfred.edu/hr/...>

3. The Recruitment Requisition form must have all relevant information filled out. If you need help with salary information, please contact Mark Guinan, Director of Human Resources for assistance.

If you do not fill out the PAF, HR does not know that the employee has left employment. Without the Recruitment Requisition form, HR does not know that you want to fill a vacancy in your department.

Artist In Residence Eric Souther

Dates: Monday, October 1 - Saturday, October 5

Sponsored by: NYSCA and The Institute for Electronic Arts

Eric Souther is a video and new media artist whom draws from a multiplicity of disciplines, including anthropology, linguistics, religion and critical theory. These investigations coalesce into works where ritual, materials, and technological assemblages form emergent systems. Work made with these systems arise from the dialog between myself and the codes that constitute our world. He looks for new ways of seeing beyond the seductive qualities of an image to find unseen pathways that help us understand our digital and non-digital existence. His work takes many pathways, which includes single channel video, interactive installation, projection mapping, and audiovisual performance. His work has been featured nationally and internationally at venues such as the Museum of Art and Design, NYC, Everson Museum of Art, Syracuse, NY and the Museum of Art, zhangzhou, China. His work has been screened in The Athens Digital Arts Festival, Athens, Greece, Cronosfera Festival, Alessandria, Italy, the Galerija 12 New Media Hub, Belgrade, Serbia, and the Simultan Festival, Timisoara, Romania. In 2016, Eric won the Juried Award for Time-Based at the international art competition ArtPrize. He received his M.F.A. in Electronic Integrated Arts from Alfred University and is currently an Associate Professor of New Media at Indiana University South Bend.
