## Band, Campaign Speeches Lined Up For Wednesday

### Ten Candidates to Vie for Chief Campus Post--Primary Elections Friday Afternoon

●STUDENTS WILL REALLY GET OUT behind the brass band in a feverish pre-election political rally Wednesday evening in Alumni Hall at which time candidates for the Student Senate Presidency for 1940-41 are slated to present their campaign platforms.

First Student Senate Presidency election to be conducted by popular vote in recent years, ten candidates are expected to mount the board and present their views, their aims, to the student body.

The rally is scheduled to begin at eight-thirty o'clock in Alumni Hall, Wednesday evening. The University band will be on hand and it is expected that candidates and their supporters will add to the realism of the situation with posters, handbills and other campaigning material.

Members of this year's Senate will be present on the stage, along with the candidates for the next year's presidency. Irving Milrot '40, acting chairman of the Senate in the absence of President Dick Callista and Vice-President Bob Ayres, will preside over the meeting.

#### ANYTHING GOES

Candidates will be allowed complete freedom in the conduct of their campaigns. They will be allotted five minutes each. General chairman of the rally is Robert Henshaw '40.

An amendment to the Student Constitution calling for the election of the Senate President by popular vote was passed by a near-unanimous vote at the last Senate meeting before Spring Recess. Heretofore, the president had been elected by senators in a closed vote.

Primary vote on the Senate presidency, as well as Student Life Committee student and faculty representatives, and Senior, Junior and Sophomore class officers will be held Friday afternoon, from one until five o'clock in The Fiat Lux office, Burdick Hall. Three senators will be in charge of the polling.

Totaling of the primary votes will be made at five o'clock immediately following the close of the polls. Results will be posted in the Post Office that evening.

#### SENATE VOTE HELD BACK

Only result that will not be posted will be on the Senate Presidency. Following a motion passed by the Senate last Wednesday evening, results of that vote will be kept secret until the day of the final elections, Thursday May 2.

The two candidates polling the highest number of votes in that election, as well as the other contests, will go into the finals.

Candidates for class, campus officers, as released by the Student Senate, are listed alphabetically below:

#### SENATE PRESIDENT

## Moore Gets INA Vice Presidency

●FIAT LUX EDITOR Jack B. Moore was elected vice-president of the Intercollegiate Newspaper Association of the Middle Atlantic States at the semi-annual convention held during Spring Recess at Bethlehem, Pa., on the campus of Moravian College for Women.

Third Alfred newsmen to hold an INA office in the past half decade, Moore will serve as righthand man for John Ammarell of Muhlenberg College, elected president for the com-

ing year. Moore will also conduct student opinion polls throughout the thirty-six member college newspapers and will aid in the editing of makeup manuals for the group.

John L. Dougherty, Jr., a former editor of the Fiat Lux and now a Rochester Times-Union reporter, was president of the INA in 1938-39, while Charles D. Henderson '36, business manager of the Fiat Lux in his senior year, was vice-president in 1935-36.

The Fiat Lux returned from the confab towing a second place honor in the news contest and a third in the sports.

#### NEWSMAN LIKES ZIP

Said Stanley Cryor, night editor of the Philadelphia Record and one of two judges in the news contest: "The Fiat Lux should receive first place in news because it has the zip of a live newspaper, good heads and a fair make-up". Muhlenberg's Weekly edged the Fiat Lux out for first place.

Six delegates from the Fiat Lux attended the two-day meet, returned Sunday evening on the eve of the school's opening after Recess.

While at the meet they attended group sessions conducted on news, editorials, sports, makeup and business; were feted at two banquets; heard William Lyons Phelps, Profes-

# A college editor sits down and takes stock

●AN EMPTY FEELING SWEEPS OVER US as we sit down to our typewriter and begin the task of editing The Fiat Lux for the next twenty-eight weeks of school.

It is no easy task that confronts us, this assignment that has been given us. We realize fully the responsibility that has been laid at our door.

The job facing us, as we see it, boils down to this: We must edit a paper that will best serve the needs and purposes of Alfred University. Yet, we must keep ourselves from becoming too entangled by that view.

We must not allow ourselves to forget that outside the Valley there is a World, a world in which, at this very minute, history is being made—history that most certainly is of vital importance to all of us here in Alfred. There's no room for a feeling of pseudo-comfort and immunity in this world of today.

Petty partisanship is another factor that must be kept from the columns of this paper. The Fiat Lux is for the students of Alfred University and must be kept that way. There must be no sales tags attached to it, no matter what the cause if that cause is for the selfish gain of a selected few.

Accuracy must be the keynote of anything and everything that we undertake. We recall that a few years ago one of our predecessors set accuracy as one of his goals. Ironically, we feel that that goal must be our MAIN one. On that point, observation has led us to the conclusion that a newspaper must play Alice in Wonderland, must run fast to stand still.

So there it is—so much for paper policy. And now to work. Excuse us, please.

# Here's that word-- and we ask 'what of it?'

●MUCH CREDIT IS DUE THE STUDENT SENATE for the favorable action taken by them on the matter of electing next year's Senate President by popular vote. It is, we think, a step in the right direction and a large one.

Their action did away with what was undoubtedly an obsolete and an unfair method of selecting the student body's leader. Their action was, we believe, a move that will eventually lead into the adoption on the campus of a bi-party election system and will cause the scrapping of the present inadequate system.

One thing bothered us, however, as we were told of the details of the elections and at this point we'd like to pass on to the senators a little sage advice:

We've always been strict adherents to the time-worn adage of "Don't pull your punches" and we are of the opinion that the Senators, to assure the success of this year's elections, also would do well to heed it.

Paradoxically, the Senators, in setting up the plans for the rally and new election system, passed a motion, calling for the holding back of the names of the two successful candidates until the day of the final election. We ask "Why?"

If their reason for the move—a move directly contradictory to the general policy approved by them for this year's election—was to put a halter on "campus politics" we are tempted to challenge their logic.

Surely they do not hope to effect such a check on such an irresistible force as campus politics after they, themselves, have furnished the impetus.

What matters it if politics are played in this election? There always have been politics played and we are rather inclined to think that there will be for some time to come.

So Senators, why not step out of your Little Dutch Boy at the Dyke role and let matters take their true course?

# Human relations topic seen as 'sanest solution'

●ALFRED AGAIN WELCOMES vicinity civic leaders to its campus for the fourth Annual Human Relations Conference, a one-day program of human relations study directed toward the ideal of a World Federal Government.

"Union Now," the idea of an ideal, has been presented by Clarence Streit. It is the modern expression by a newspaperman of an age-old dream. Others have lately taken this to make other proposals of like nature. Before World War II, a United States of Central Europe was held by many as being the sanest solution to the European problem.

Whatever you think about "entangling alliances" and the isolation principle, "Union Now" is a dynamic plan which you would do well to know.

Leader of this year's conference and forum is Dr. Vernon Nash, a noted speaker. He is crusading for the Inter-Democracy Federal Unionists. He is coming here to make the plan for democratic world government understood by you, and you may be sure that you will hear sincere workable ideals expressed.

# College TOWN

This job as editor has its good points, we find—prima donna artie shaw reveals his new style music—sound effect novel for 'our town' rehearsal

—BY THE EDITORS

●ALTHOUGH WE'RE STILL VERY NEW TO THE JOB of editing The Fiat Lux, we're beginning to like the job very much.

Going through our mail monday morning we came upon a very thick and interesting letter. Opening it, we found a letter from a Nashville, Tenn., Shoe concern. "Dear sir," the letter read, "We are conducting a shoe census. What brands of shoes do you prefer?" Always the obliging soul, we conscientiously filled out the enclosed post card. For—did we tell you? the census-takers had been very considerate. Post-script to the letter read: "We are enclosing a pair of shoe laces in appreciation of your assistance."

You know, it isn't everyday that one can receive shoe laces in the mail—and, who knows?—a pair of shoes may come as a follow-up.

●IF YOU ARE AMONG THOSE who have been intrigued these past few months by an extensive bally-hoo campaign levelled at America by a nationally-known recording company, concerning the brand new type of music to be dished out by famed Artie Shaw, the terrible tempered Mr. Bang of Melody Lane, then perhaps you will be interested to know that one side of the first record waxed by his thirty-one piece string-swing band is now to be heard in the music box at the Collegiate.

It's called "Adios, Marguita Linda" and its really good, in the subtle sense of the word. Shaw's clarinet is still the dominating instrument in the arrangement and he apparently hasn't lost any of his skill. Maybe we're old fashioned, but we had a yearning for Tony Pastor's sax and his intriguing voice, however, while we were listening to it for the first time.

●LONG ARMS OF THE LAW reached out for W.S.G. President Marge Lawrence '40, recently, and deposited a ticket under her windshield wiper.

Marge had been to Wellsville. She didn't see the ticket. She didn't see it at all, as a matter of fact, until her fellow kitchenite Chuck Cassamo '41 Marge dashed to the car, pulled the ticket out pointed it out.

from under the wiper, and tried to figure out the significance of "Olean-25". Nobody, could help her till she tried asking Chuck. He made much show of concentration and thought deeply on the subject. Finally, in a fit of inspiration, he opened his loose-leaf notebook to a torn page, placed the ticket—so-called—into the ragged edges, and asked "Fits pretty well, doesn't it?"

●OUR TOWN'S SOUND effects suffered a distinct pang during the initial revival of rehearsals when the record that supplied all the trains and crickets and chickens turned up missing.

Always ready with service plus a smile, Paul Pettit '41, attempted to fill in. For quite a while he chirped, choo-chooed, and crowed obligingly. But he couldn't take it—the cast and their casual remarks were too much for him. After a certain Waterloo point, Paul would very determinedly stand pat and announce "Cock crowing!" or "Train in distance!" or whatever the script called for.

The cast, however, were not satisfied with this turn of events, and the whole gang jumped into the breach—creating the most variegated barn-yards and freight car hoots and hollers ever heard. Paul couldn't bear to be outdone, and went back to the job with enthusiasm born of competition. He made up his mind too late, however, because the cast—including Prof. Smith—continue to help out on everything, right down to the crickets and whipporwills in the love scene.

# Aylor suggests opening library for noon-hour

Editor Fiat Lux:

No other building on the campus is more used than the library. The majority of students consider it a place for study; whatever may be his objective, the student is unusual who does not spend hours of his time in this "house of books".

To those in charge are due sincere compliments for their careful administration. Discipline, which is always difficult to maintain in public buildings, is quite satisfactory; willing aid is given those who desire help in finding reference materials.

However, there is this question: why is the library closed during the lunch and dinner hours? Alfred is a college town; the library is extremely important; almost every-one studies there; it is well administered.

Why, then, isn't it kept open all through the day? The time at noon is invaluable to commuters who have little time to do library work. Local students could utilize extra minutes by doing some much-needed newspaper reading. As for someone to take charge at the desk, student workers could be employed.

It seems not only necessary but logical that a college library be kept open continuously through the day.

# Starr assails 'lack of support' among students

Editor, Fiat Lux:

In the course of the school year practically every organization has a dance or social function of some sort. Each of these upper class organizations have had occasion to ask for Freshman cooperation in order that their social functions might be a financial and social success. We know that the Freshman class has responded to these pleas by giving real support in each of these cases.

On April 4th, the Freshman Class was able to sponsor a dance, which was an outstanding and unprecedented event, as no other Freshman class has ever sponsored so ambitious a social function. This would seem to have been an ideal opportunity for the student body, especially of the upper classes, to cooperate to make this worthy addition to the social calendar a real success.

The Freshman class certainly gave unselfishly of time, money, and effort to make this event a memorable one, which everyone could and would have enjoyed.

We confidently expected cooperation from the upper classes, whose social events have been so well attended by Freshmen, at a dance

which was a real credit to the school.

It seems, however, that the class has been over-optimistic in counting on the support of the three upper classes. Cooperation, I think you will agree, must necessarily be a reciprocal affair. We wonder how anyone can hold the belief that cooperation is a one way matter, and if they believe that such cooperation, which is not returned, can long continue to their advantage.

The Class of 1943 has shown rare initiative and ingenuity in promoting an ambitious and well managed social affair of this nature. It felt proud that it would be able to welcome the whole school to a really pleasurable evening for an extremely moderate price.

The class failed to receive the cooperation it should have had. There are many who now believe that perhaps it is not necessary that they cooperate with the upper classes in these matters. May we suggest that reciprocal cooperation might help to knit the classes more closely together, whereas lack of it may cause coolness and perhaps even unfriendliness?

### Present Organization

"In the present organization of Alfred University the College of Ceramics, the School of Agriculture, the School of Theology and the Department of Education, each through systematic efforts have been successful in placing their graduates considering the keen competition they must meet."

Graduates in this group have been faithfully assisted in the past by the Deans and Heads of Departments. It is with the idea of coordinating these various efforts that a Placement organization is being formed in the office of the Department of Vocational Counseling."

### Yunevich to Direct Proposed Tennis Ladder Tournament

●WHEN SPRING makes its belated entrance, tennis enthusiasts will be able to make good use of the university courts located on Park Street. The three courts will be made ready for use as soon as weather permits, it was announced today by the Athletic Department.

Plans also are being formulated for organization of ladder tournaments. Those interested have been asked to submit their names to Coach Yunevich. The tournament will be divided into two sections, A and B.

"A" division will be made up of tennis players with three or more years of experience while novices and less experienced players will make up the "B" class ranks.

Ladder tournament rules allow a player to challenge either of those one or two steps above him. Challenges must be accepted and played off at earliest convenience. One set will decide the match.

If the calibre of material is up to expectation, intercollegiate matches later in the season are expected to be made, Yunevich pointed out.

# Unseasonable Snows Hamper Tracksters in Penn Relay Preparations

## Squad Leaves Thursday For Meet

● UNSEASONABLE WINTER weather during the past week has hampered the Saxon cindermen greatly in their preparation for the forty-sixth annual University of Penn Relays to be held Friday and Saturday at Franklin Field, Philadelphia, Penn.

In spite of the fact that an inch and a half of snow covered the track at Merrill Field, Coach James A. McLane held time trials Saturday and definitely decided to take Bill Finn '40, Joe Kelly '41, Lennie Dauenhauer '40, Cliff Leahy '41, Ira Hall '42, and Frank Morley '41, for the competition in the relay events. Bill Finn, Ag School star, turned in the best time of the day.

Also making the trip will be husky Mike Greene '42, for the shot-put and discus events, Bo Johnson in his specialty, the high-jump, and possibly Wee Willie Gamble '42, and Gene Burgess '41, in the two-mile race.

Coach McLane has entered teams in the M.A.S. Mile Relay to be held at 4:45 o'clock on Friday afternoon, and in the College and University Mile Relay at 2:15 o'clock on Saturday afternoon. The team will leave the gymnasium for Philadelphia on Thursday morning at eight o'clock.

The relays are expected to attract approximately 3,000 athletes from 500 schools and colleges in a program of 76 events. Pre-meet dope has it that N.Y.U. is the team to beat, with Manhattan conceded a good chance to take them.

## 'We'll Moider 'Em' Claim Dodger Fans; Others Disagree

By Ernie Nadelstein  
Fiat Lux Sports Editor

● "SOMEWHERE THE SUN is shining bright....". But there is no joy in Alfred. The Mighty Casey didn't strike out. Instead he pitched the Dodgers to a 12-0 win over the Giants as the 1940 season opened.

This coupled with Wyatt's five hit opener has the Anti-Dodger fans non-plussed. It was bitter medicine to take as Wyatt's legs supported him to a shutout but it was rubbing salt into the wound to have the Terrymen, the largest party in the Anti-Dodger Front, take that awful shellacking.

The Fiat Lux managed to get two of the more tolerant Dodger rooters to say a few words concerning the long-run aspects of the race:—

George Hyams, Fiat Lux columnist said "I have no qualms about the race. The only question in my mind is: Will it take Brooklyn 4 or 5 games to subdue the Yankees next October?"

Johnny Eggleton, came to the same conclusion "It's in the bag. Why they're starting to build a third decker on Ebbets Field already. We'll moider da bums. It's the Yankees in the junior circuit."

Unshaken by the Dodger's startling initial win, Lewis Kluth, Alfred's No. 1 Giant rooster, confidentially remarked "I don't see how the Giants can lose with their added pitching strength. It's the Bronx Bombers again in a close fight with the Boston Golds. They'll win by three games.

Opinion of a majority of the senior baseball fans was ably expressed by Luke West, outgoing senior track manager, "I personally don't give a darn who wins what. I probably won't have enough pennies to buy a ticket after graduation anyway."

Personally, the only five cent series we think there will be is if they build a nickle subway between Cincinnati and Cleveland!

freshmen matmen: Dudley Russell, Ralph Brigham, Edwin VanHouten, Don Griffin, and Win Repert.

Outstanding are the men returning from last season's successful squad: Bo Johnson, Duke Dutkowski, Reggie
