Increased Internet Bandwidth

Through an agreement with our Internet Service Provider, ITS has increased the Internet bandwidth from 60 to 100 Mbps. We hope this increase will help alleviate some of the congestion problems that we have encountered in recent semesters.

We are also exploring long-term solutions to further increase our Internet bandwidth.

Introducing PrintSmart Program

Recently a meeting was held in Nevin's Theater to introduce a new program called PrintSmart to purchase toners and printer cartridges at a discounted price from Toshiba Business Solutions using an easy-to-use Web portal.

For those of you who could not attend, I am attaching the brochure that was available at the meeting.

The meeting informed the attendees about the program, how it worked, what savings they would see, environmental practices, standardization, and how to order online.

Should you have any questions regarding this program please contact Procurement Services at x2698.

Census Forms Due April 1

Recently, the Census Bureau placed a box of extra census forms in the Powell Campus Center mailroom. This message is to clarify the issue of which students need to submit 2010 Census questionnaires.

If you live on campus (residence halls, special interest housing, etc.), you do not need to submit a census form of any kind. Alfred University will submit your census information for you.

If you live off campus and have not received a census form either by mail or delivered you your home, you must submit a census questionnaire. Questionnaires can be found in the Powell Campus Center mailroom.

In addition to English, forms available in the mailroom are printed in Spanish, Chinese, Korean, Vietnamese, and Russian. These forms are restocked weekly.

If you have any questions regarding the 2010 Census, please call toll-free (866) 872-6868, or visit us on the Web at <http://2010.census.gov>.
