Reminder Regarding Emergency Closings (Weather or Other)

Should President Edmondson, in consultation with his staff, announce a full or partial closing of the University, only those persons designated as "Essential Personnel" will be compensated for continued work on the campus. If the University closes for a partial day all "non-essential" persons are to leave at the announced closing time (and no sooner than the announced closing time in cases where your department staggers its departures.)

If you report to work to find the University has closed you are asked to return home as soon as it is reasonably safe to do so, given whatever conditions exist.

If the University suspends classes, an announcement will be made on radio and television stations listed in the Alfred University Inclement Weather Closing Policy as well as via e-mail and voice mail. If classes are continued but non-essential personnel do not have to report, the announcement will be made by e-mail and voice mail but there will be no media announcement.

Please recognize that President Edmondson, as our official designee, is the only person authorized to declare a closing or partial closing of the University.

The Alfred University Inclement Weather Closing Policy may be found on the HR Policy Web site at Our.alfred.edu, see attachment below.

Questions can be directed to Human Resource Services at ext. 2909 or 2276.

Lecture: "From Muscles to Motors in the Farm - Henry Ford and the Great American Tractor Wars 1910 - 1930"

Speaker: Dr. Milton C. Sernett, Syracuse University, Professor of History, retired

Tuesday, March 2 at 7 p.m.

Nancy Howe Auditorium at the David A. Howe Public Library, 155 N. Main St., Wellsville

Join return lecturer Dr. Milton C. Sernett as he discusses Henry Ford's entry into the tractor business which had long-term consequences for American life on and off the farm. The transition from horse power to tractor power, from muscles to motors, took place in an era of rapid social changes in American life. Dr. Sernett uses rare images from the great tractor manufacturers and depictions of the seasons of agricultural work before the factory farm replaced the family farm. This is also an opportunity to share memories of farm life in our community.
