EXCLUSIVE MANUFACTURERS

BRADFORD, PA. Jan. 11, 1921.

Mr. Chas. F. Binns, Director,
N.Y. State School of Clay-Working & Ceramics,
Alfred University,
Alfred, N.Y.

Dear Sir:

We are in receipt of your letter of the 10th instant and note with appreciation the results you have obtained from test.

If possible we would also like a chemical analysis made of the shales sent you (your records # 975 and 976). This is partly for our own information and partly for the information of the American Dressler Tunnel Kiln Co. who are building a tunnel kiln for us. Can you give us an idea of the geological formation, that is, the relation of our shale above or below any well-known strata?

Your kind attention will be greatly appreciated.

Yours very truly,

BRADFORD BRICK & TILE CO.
