### Tickets for the May 2018 Commencement Ceremony

Alfred University announces a new ticket policy for the upcoming 2018 Commencement Ceremony.

Graduating students will each be allotted five tickets to the May 12, 10 a.m., ceremony. The policy is being implemented to help establish a safe and secure venue in compliance with fire and safety codes. In past years, admission to the ceremony in the McLane Center was on a first-come, first-served basis.

Faculty and members of the 2018 graduating class will not need a ticket because they are part of the ceremony. Non-graduating students and University staff members will each be allotted one ticket.

Tickets will be available April 16 through May 11. Graduates, staff and students can pick up their tickets in the Powell Campus Bookstore on the second floor of the Powell Campus Center. December graduates walking in the May Commencement Ceremony may request a hold on tickets by March 28.

For questions regarding tickets for Commencement please contact Marcy Bradley in the Powell Campus Bookstore at [BRADLEMK@alfred.edu](mailto:BRADLEMK@alfred.edu) or (607) 871-2350 or Meghan Dwyer in the Provost Office at [dwyer@alfred.edu](mailto:dwyer@alfred.edu) or (607) 871-2137.

## International Print Media Artist Lectures

Monday March 26th, 4:30pm

Holmes Auditorium

Cost: Free and open to the public

Sponsored by: IEA and the Division of Expanded Media

Internationally renowned Print Media Artist will give public lecture on their work.

Kabi Raj Lama

Kabi Raj Lama is an Artist from Kathmandu Nepal. He is known for his large-scale Woodcuts and Lithographic works. As a resident of Boudha and living close to the sacred Boudhanath Stupa, he was inspired by the strong cultural and spiritual environment. He believes that printing genre matches his creative tendencies, allows his emotions to easily transmit onto chemicals, ink, stone surface and paper. His recent works are bold and independent with brush movements creating raw strokes revealing the swift tendency he has developed in printmaking. He likes the idea of preparing the plates without any plans, not knowing its end result. The scale, speed and colors of these imprinted strokes speak the language of his inner motions. Kabi's work has been exhibited internationally and he has been an Artist in Residence in Japan, China, Germany and the United States.

Barbara Madsen

Madsen is known for her works in installation, sculpture, photography, and video. Her vast collections of cast-off 20th-century industrial matter--spark plugs, machine parts, welding masks, light switches, rubber, plastic, prosthetics, artificial eyes, and much more--serve as fodder for her work depicting a voracious world gone awry.

Madsen's recent videos have been broadcast in Germany, France, and Italy. She has had solo exhibitions in Italy, Scotland, the Czech Republic, Serbia, and the United States. Her works have been shown in numerous international exhibitions in Europe, Asia, and the Middle East. Her art has been exhibited at the

New York Public Library, the Corcoran Gallery of Art in Washington, D.C., Pratt Institute, Brooklyn, the Lowry Lab Theater in Minneapolis, and at the International Print Center New York. She has been a visiting artist in New Zealand, Serbia, Belgium, Scotland, the Czech Republic, and Singapore. Her works are in the collections of the New York Public Library, Library of Congress, Dartmouth College, University of Sharjah: United Arab Emirates, Guanlan Art Center; Shenzhen, China, and Amoco Corporation.
