Artist in Residence Presentation: Bernd Klug and Johanna Tiedtke

Date: April 14, 2016, 6 p.m.
Location: McGee Pavilion Room 205
Cost: N/A
Sponsored by: The Institute for Electronic Arts and the Division of Expanded Media

Bernd Klug and Johanna Tiedtke of Brooklyn will be participating in a two-week artist residency at the Institute for Electronic Arts beginning April 14.

Working under the collective name BEARING, Tiedtke, a German painter, and Klug, an Austrian sound artist, began their collaboration working on the album "Cold Commodities" and would see their work grow organically by building a tight knit net of relations between sound and imprint, making use of acoustics, human interactions, geographic locations, personal viewpoints, and time as interchanging factors.

BEARING has held exhibitions at the Galerie Freihausgasse Villach, Austria, and at the Austrian Cultural Forum in New York City.

Tiedtke and Klug's ambitious proposal will see the team continuing work on their project installed originally at the Galerie Freihausgasse Villach involving zinc plates which visitors to the show left visual and acoustic traces through touching them. These zinc plates were scanned and translated into 12" vinyl records and, for a release, Tiedtke and Klug intend to produce prints from these records as well as design and print album covers for an eventual release of these records.

More information and work can be found on Klug's website: <http://klug.klingt.org/>

The Institute for Electronic Art's Visiting Artist Program is sponsored in part by the NYS Council on the Arts with the support of Gov. Andrew Cuomo and the NYS Legislature.

The work in the collection has a history of fueling conversations around the Gill's dinner table and home spaces.

Sharon McConnell's Exhibition Design class selected work, a small portion of the collection, to present in the intimate and homelike environment of the Cohen Gallery, intermingled in a reflection of the Gills' home. This portion of work from the Gills' collection, both their home and basement (SoLo) gallery include ceramic pieces from the Ming Dynasty to the summer of 2015.

AU Photo Library Online - Gallery Server Pro

AU has a new searchable photo library, Gallery Server Pro (<http://gsp.alfred.edu>), accessible to AU faculty/staff. This library contains a wide variety of downloadable AU images ranging from seasonal campus scenics, to classrooms/labs, to selected campus events. To access, please go to our.alfred.edu and scroll down the left-hand side to Faculty/Staff. Click on Faculty/Staff and scroll down to Gallery Server Pro.

Gallery Server images are cataloged by semester, by month and by topic, and as new photo assignments are completed, additional images will be cataloged and posted on a regular basis. The photos are extensively tagged to assist in searches for specific subjects.

NOTE: The images have been carefully selected from more extensive photo sessions that include alternative views and formats (landscape vs portrait). Those images are archived separately and you will need to contact Rick McLay, director of Creative Services at 2736 (mclay@alfred.edu) to inquire about those additional images. There is also a separate folder dedicated to faculty/staff portraits, many of which were completed the week of Aug. 17, 2015.

BEFORE YOU DOWNLOAD

The primary use of many of these images is for Admissions and University Relations marketing efforts in both printed and web formats. In order to keep track of downloads (except for faculty/staff portraits), please contact Rick McLay (mclay@alfred.edu) or Judy Linza (linza@alfred.edu) with information on which images you are downloading, and where they are going to be used.

TO DOWNLOAD

Access to Gallery Server requires AU username/password to review images and to download in three formats: 1. Thumbnail (small image), 2. Web optimized (low resolution but full size), and 3. Original (high resolution). To download the image of your choice, use the download/share icon, which is the one on the left in the icon grouping above each image, and follow the directions.

ADDING PHOTOS TO THE AU PHOTO LIBRARY

We welcome the opportunity to obtain images from faculty and staff. Though much effort goes into documenting as many things as possible on campus, it is impossible to cover it all. When there are events such as art shows, or special lab/classroom activities that faculty/staff are photographing, we would very much like to review those images so that the library is as comprehensive as possible. Please contact Rick McLay if you have images that you think should be considered for this.

ATHLETICS PHOTOS

Current images of athletics events are available at (<http://gosaxons.com>). By contractual arrangement with the professional photographer, there will be a charge for athletics images. Mark

Whitehouse, AU's Sports Information director (whitehouse.alfred.edu), is the contact regarding usage.

If you have any questions or suggestions for photos you want cataloged and included, please contact Rick McLay at mclay@alfred.edu or Ext. 2736. If a student requests access, please contact Rick McLay.
