Cool NEW Portal Launching Over Weekend

ITS will be launching the new combined student-employee portal over the weekend, starting Friday (2/10) evening. There will be some minimal down time during launch of my.alfred.edu. We apologize for the inconvenience.

We are excited about the new portal that will serve the educational and informational needs of both students and employees. The new portal will feature a mobile-responsive design, and provide easy access to frequently sought-after slices of information in single dashboard display. This portal dashboard is fully-customizable allowing campus users to reorganize the display of information based on their personal need. The portal dashboard has useful components including...

A daily menu for Ade Dining Hall
Access to the U:Drive
A daily listing of campus events
Campus directory of students and employees
Today's Weather
Residence Hall laundry machine availability (students)
Network account password change module
Personalized Web link organizer
Local movie listings
Printing balance (students)

How To Post An Announcement On The New MyAU Portal

When we launch the new portal over the weekend, one of the changes you will notice is posting announcements.

We have combined these announcements with the Alfred Today application. This is a one stop shop where you can post all your announcements for both my.alfred.edu and Alfred Today.

There is still no approval process for announcements that are posted to my.alfred.edu. The only approval process is for announcements posted for Alfred Today.

The attached document explains how to post announcements on the new MyAU portal.

If you have questions please contact ITS Helpdesk.
