Upcoming Changes to the Storage of AU Zoom Recordings

Information Technology Services is pleased to continue offering Zoom to the campus community. In order to ensure the quality and availability of this service, AU will routinely delete old recordings from our instance of Zoom. This will be scheduled twice per year, in July and January. All recordings made prior to May 15, 2021 will be deleted on July 1, 2021. Users are encouraged to examine their recordings and download any items that need to be saved. This routine maintenance will allow us to continue to provide Zoom for virtual classes and meetings. Any questions on this matter can be directed to the ITS Helpdesk. Thank you for your cooperation.

Thinking about applying for a grant?

If you are considering applying for a grant, the Office of Sponsored Programs (OSP) and is here to help. Please contact our office as soon as you identify an opportunity you would like to consider, but at least 2 weeks before it is due. This gives our office the time it needs to effectively assist in your application. Grant proposals involving equipment purchases will need to be coordinated with OSP even earlier since Procurement and Facilities also need to be involved in those discussions. The pre-application checklist will be needed for each submission. If you have any questions, please reach out to us directly. Thanks.
