Review Pay-stubs for Accuracy

HR asks a favor from all employees. With all of the new deduction changes for 2019, please review your pay-stub for accuracy.

Paycheck number 2 for the dates of 12/30/18-1/12/19 paid on 1/25/19 should have reflected all new premiums for the 2019 year if you are on the lagged payroll.

Paycheck number 1 for the dates of 12/30/18-1/12/19 paid on 1/11/19 should have reflect all new premiums for the 2019 year if you are on the paid current payroll.

If you discover a discrepancy on your pay-stub, please contact Kayleigh Misner for Statutory (NYSCC) employees or Kim Wyant for Non-Statutory (AU) employees, to clear the issue up.

Media Mondays: The Watermelon Woman

In the film *The Watermelon Woman*, Cheryl is young, Black, and lesbian, working in Philadelphia with her best friend Tamara and consumed by a film project: to make a video about her search for a Black actress from Philly who appeared in films in the 30s and was known as the Watermelon Woman. Following various leads, Cheryl discovers the Watermelon Woman's stage name and real name and surmises that the actress had a long affair with Martha Page, a White woman and one of Hollywood's few female directors. As she's discovering these things, Cheryl becomes involved with Diana, who's also White. The affair strains Cheryl's friendship with Tamara. More discoveries bring Cheryl (and us, her audience) to new realizations. This film is FREE and open to all! A short discussion will follow the film.

HR Tip of the Month

Did you know that if you are covered under a health insurance plan that there is such a thing as zero cost preventative care options?

By now, many consumers know that health insurance plans are required by law to cover 100% of the costs for preventive care. However, a question we often hear is, "What is preventive care?"

Preventive care is the care you receive to prevent illnesses or diseases. It also includes counseling to prevent health problems. Providing these services at no cost is based on the idea that getting preventive care, such as screenings and immunizations, can help you and your family stay healthy. Preventive care may also help reduce your health care costs down the road if you catch a problem early, or if an immunization keeps you from getting a serious illness.

If you are covered by the Universities new Health Insurance, Univera, please visit <https://www.univerahealth...> to learn more about the preventative services that are offered.

If you are a NYS College of Ceramics employee, covered by the Empire Plan, please visit <https://www.cs.ny.gov/emp...> to learn more about the preventative services that are offered.
