Department of Fine and Applied Arts,
Carnegie Technical School
Pittsburgh, Pa.

My dear Ruth:-

I have heard from Miss Moorman and have received her drawings. Candidly, I am not very greatly impressed by them. We like her color and her design is fairly good but the drawing is certainly poor.

I am coming down on Wednesday and will be with you that morning. I am writing Miss Moorman to this effect. I think you spoke of another girl whom you had in mind. Will it be possible for you to present somebody else without committing us to any decision?. I hope also that Miss Davidson will be there as I should like to talk the matter over with her.

With kind regards, I am,

Yours very truly,

Director.
