## **Upcoming Changes to the Storage of AU Zoom Recordings**

Information Technology Services is pleased to continue offering Zoom to the campus community. In order to ensure the quality and availability of this service, AU routinely deletes old recordings from our instance of Zoom. This is scheduled twice per year, in July and January. All recordings made prior to May 14, 2022 will be deleted on July 1, 2022. Users are encouraged to examine their recordings and download any items that need to be saved. This routine maintenance will allow us to continue to provide Zoom for virtual classes and meetings. Any questions on this matter can be directed to the ITS Helpdesk. Thank you for your cooperation.

## **Kassie McCarn Moving On**

It is with much mixed emotion that I share with our community that Kassie McCarn, Assistant Director of the Pamela Lavin Bernstein Center for Advising has accepted a position at the University of Buffalo as a Senior Academic Advisor. Kassie has been instrumental in the development, opening and success of carrying out the mission of the center in assisting our first year students in their onboarding to AU. She will be missed beyond words. Kassie's last day on campus will be Friday, June 24th.
