The 10th of April 1792
Dear Companion I was
sent on a mission to the
you so that you may not
and I hope that you will
with you and to the
I am sure we all will
of a visiting you yet we
and Company, to go out
I might keep the river
we saw the boats seem
we saw where they were
in case of our work we
went last night and night
in to see last night and
with us and we saw the
and they were in the
and we ^{the} convinced
with a charge in the
with six miles of
under us with

The most we are getting and is
the night we are with our
southward to pick up our
and our sharp shovels work at the
same place with mine and our
six men come from the Rich pit
I was in our way engagement
fighting along the river below
every day for night I am not
want to get in retreat and another
therefore we eat of our supplies
my mind made much progress yet
they would spend in as you in the
will get with Artillery but our
birds are shelling them to keep them
from fortifying. I don't know
but can tell you the right and
mine but I think that they
we are with the place without
doubt they will be a great many
killed and more as it is
in battle

part and for with. I did
I am in the and you glad to
you you want to know what you
we will do hope that you now get the
none but I said to you you wanted
in to tell you now say I satisfied
we I intended for three years or
until the West of the war with
and I exchanged with you and
in to say with you and you
at least we are safe of a little
in we can not you can and by
part of your health see it I would
not at work to help you to support
the family your health will be your
again dependance you must see to
and we support in every time of
I had and remember me in you
I hope for my respects to all
your family and
