### Washington Semester Program for Fall 2009

Dr. Heineman of the Social Sciences Division is now taking applications for the Washington Semester Program for Fall 2009.

The Washington Semester Program is sponsored by American University and enables students to spend a semester in Washington, D.C. studying public policy in a variety of areas.

Students who have participated in the program have used their experience and contacts to obtain excellent positions in Washington and elsewhere.

In addition to taking coursework, students will meet with government officials and political leaders in seminar sessions and will participate in an internship of their choosing. In addition to its major focus on American national government, the program also has a number of options utilizing non-governmental resources in the Washington area, including working with interest groups and art and cultural institutions. Some of these are: journalism, law enforcement, public law, economics, international business, international organizations, and women and politics.

Course credits and grades are fully transferable to the student's transcript. Students can obtain additional information on the program at [www.washingtonsemester.co...](http://www.washingtonsemester.co...)

Juniors or seniors are eligible to participate, and scholarships are available. Over the past year, Kalyn Follmer and Kristin Rubisch attended the program.

Those interested should contact Dr. Heineman in room 209 of the Olin Building. Applications should be completed by Monday, April 6, 2009.
