To apply:

Complete the attached application and submit it, along with the required additional materials to the Office of Admissions (located in Alumni Hall) or via e-mail to bentley@alfred.edu or pomeroy@alfred.edu no later than July 1, 2018. Interviews will start when the Fall semester begins.

Admissions ambassadors are student leaders who are knowledgeable and enthusiastic about Alfred University. Ambassadors must possess strong communication, organization and leadership skills. The job entails a great deal of responsibility, since it directly supports the enrollment efforts of the professional admissions staff and the university as a whole. Toshiba - Automatic Toner Replenishment Program

Reminder: Procurement Services has switched all of the networked Toshiba and Lexmark MFPs (copiers) on campus to an automatic toner replenishment program. This means departments will no longer have to order MFP toner cartridges. When your MFP is down to 20% usage, it will message Toshiba to send a new toner. Your toner will be sent free of charge. When your toner is received, please wait until your MFP is out of toner before replacing the cartridge. There may still be toner left in your cartridge, and we want to ensure toner will not be wasted.

This is only for networked and contracted Toshiba and Lexmark MFPs. This program does not include any desktop printers. Please contact Procurement Services for any questions or concerns.

Cristina Cordova: La Jungla & Mysteries of Place

Friday, February 2 -Sunday, July 29, 2018

Opening Reception: February 2, 6:00 pm - 9:00 pm

Alfred Ceramic Art Museum

CRISTINA CORDOVA: JUNGLA

An exhibition of sculpture and drawings by Cristina Cordova. Cristina's figurative work has established her as one of the preeminent ceramic artists of her generation. Her work renders the figure as a mysterious, sensual force of compelling urgency. Her masterful use of the ceramic medium empowers her work with a mesmerizing, at times uncanny presence.

Mysteries of Place

In collaboration with the Institute of Electronic Media, School of Art and Design, Alfred University, has resulted in the magnificent exhibition Mysteries of Place: The Cahaba River Project, prints by Elisabeth Pellathy, Lee Somers and Scott Stephens. This collaboration lies at the core of the Museum's exhibition policy, which acknowledges works in all media. We are pleased to exhibit the work of these particular artists who have strong connections to Alfred University.

Mingqi: Terra Cotta Towers - Han Dynasty

DONALD ROYCE-ROLL

2018 Visiting Professor
School of Art + Design

Professor Emeritus
Alfred University

SOLO EXHIBITION
Opening - June 9, 10 to 6
Cube Gallery, Harder Hall
Alfred University

Han Mingqi "Ghost Vessels" (206 BCE-AD 220) are funerary clay models of daily furnishings that were placed in Chinese tombs to provide replicated objects to the physical soul for use in the afterlife. Watch towers of well over a hundred extant examples can be found in museum collections with no two similar enough to categorize them into a systematic order.

Within the genre of "tower" each example shows an imaginative and distinct design, customized for the clients commissioning the works. Some are detailed with clay pigs, cows, goats, and farmers tending to their stock.

I began studying the craftsmanship and individuality of Ghost Vessels over the past two winters and have been re-imagining designs, construction, and firing techniques to (re)create architectural structures. Together, these towers offer a window into the duality of simplicity and complexity of the daily lives of the period.
