Announcements

TIAA (Retirement Advisors) Virtual Sessions

As an employee of AU, you can sign up for a virtual meeting slot on the TIAA website and a representative will assist you with reviewing your retirement account or any questions you may have. This is a free service for any employee with a TIAA account.

1. Click the link below
2. Select your state of residence in the box
3. Once you do that you can select a day/time that works for you to sign up for your virtual session

If you prefer, you can schedule your appointment via phone at 800-732-8353.

BannerWeb's Degree Evaluation is being replaced

Alfred University is implementing a new degree audit software called Degree Works to replace the degree evaluation currently used in BannerWeb. Expected completion is by October 31st when Advising Week starts for the spring term.

As we transition there will be a temporary hiatus of waiver/substitutions. We need to 1. Transfer the current waiver/substitutions into Degree Works. And 2. Since Degree Works is also expected to automate some adjustments a waiver/substitution may not be needed. So it is best to wait for any new waiver/subs. Degree Works calls waivers and substitutions "exceptions". Where the student is given an exception to the degree/major requirements. There will be an update on how to submit and process these in late summer.

We will keep you apprised of our progress.

Here is a link to a video showing how Degree Works is used. Even though from another institution it is a good overview of what to expect.

Public Safety to host Narcan training session Aug. 10

Jessica Middaugh, chief of Public Safety at Alfred University, will be hosting an on-campus training session

which includes instruction on the proper administration of Narcan, a medication designed to help reverse the effects of an opioid overdose. The training will be held on Aug. 10 from 2-4 p.m. in Nevins Theater, Powell Campus Center.

The session will include information on the signs and symptoms of an opioid overdose; New York State's "Good Samaritan" law; ESAP and SEP (Expanded Syringe Access Program); and the proper use and administration of Narcan. Narcan will be provided to all participants.

Use the link below to sign up to attend the session.

IEA Immersive Technology Workshop: 3D Scanning & Motion Capture

Monday, July 25 2022 at 9:00 AM to Friday, August 5 2022 at 5:00 PM

Harder Hall: Institute for Electronic Arts

Immersive Technology Workshop: 3D Scanning and Motion Capture lead by IEA Media Projects Director & Associate Professor of Video Art Eric Souther and assisted by Yunda Sun our IEA Research Specialist, Electronic Media and Film.

The workshop will focus on the accessible and innovative uses of motion capture and 3D scanning for

the creation of immersive experiences. Motion capture allows for anyone to animate a humanoid avatar with the simple movement of their body in real-time. This allows for performative and rapid development of animations for use in game engines, augmented reality applications, and virtual film production. 3D scanning allows for creators to easily create digital models from physical objects. The implications of ease-of-use of these technologies and rapid development is empowering for new adopters. The workshops will focus on the creative use of these technologies for the creation of both VR experiences within the Unreal Game Engine.

This project is made possible with funds from the NYSCA in Partnership with Wave Farm: Immersive Art & Technology Initiative, with the support of the Office of the Governor and the New York State Legislature.

International Travel and the IFFD

After a hiatus due to the Covid 19 pandemic, the International Fellowship Faculty Development (IFFD) is now welcoming applications for the upcoming academic year. Alfred University is committed to providing opportunities for faculty to broaden their international perspective on the academic subjects they teach. Working with an allocation of \$10,000,

the International Fellowship for Faculty Development can provide up to \$5,000 for individual faculty travel to internationalize their curriculum.

The application for the upcoming 2022-23 year is on the Canvas site "International Fellowship Faculty Development." The deadline for submission is October 28, 2022. Contact chair Nicholas Schlegel if you have additional questions. Contact Meghanne Freivald if you need to be added to the IFFD Canvas site.
