Athletics Department conducting bone marrow dtivr

The athletic department led by the football program will be hosting a bone marrow drive registration this Wednesday, April 26. The registration will take place from 11am to 2 pm in the Knight Club in Powell. We are asking all students, faculty & staff and community members to strongly consider registering. It requires nothing more than signing some forms and swiping a Q-Tip swab in your mouth. That simple task could literally save someone's life who is suffering from different forms of Blood Cancer, like Leukemia. We have set a goal of trying to get 300 registrations across campus. All registrants must be between 18-44 years old. We will provide fresh popcorn and bottled water for anyone that stops by. Please let me know if you have any questions.

ICU looking for presenters on cultural awareness workshops

Alfred University's Institute for Cultural Unity is looking for professionals interested in presenting twenty-minute talks on relevant topics as part of our "Wednesday Talk & Response" series. The institute is a source of diversity education and multicultural programming. The institute is a resource center that develops self-awareness and respect for others through the sharing of experiences and cultures. Through this, we hope to create a stronger community here at Alfred and expand our educational philosophy even further.

We would like to invite anyone who would be interested, to hold a short talk of no more than twenty minutes followed by small group discussion based on three questions of your choosing. Our focus areas include diversity, inclusion, tolerance, social justice or any topic that helps unites a community rather than divide. Topics will range from the timely "What is a Sanctuary Campus?" to the lighter "Why Beyonce's Lemonade Matters?" (right before the GRAMMY Awards).

If you are interested in presenting a topic, or have any questions, you can contact me by e-mail at ic3@alfred.edu.

Thank you for your consideration.

Student Campus Climate Survey - Reminder

Due to some technical problems, the original survey may not have been delivered to all students and has been resent. Until April 28th, every Alfred University student will be given the opportunity to participate in this year's Campus Climate Survey on Sexual Assault and Sexual Misconduct. The primary goal of the survey is to provide our community with information to inform policies to prevent and respond to sexual assault and misconduct. The survey was designed to assess the incidence, prevalence and characteristics of incidents of sexual assault and misconduct. It also assesses the overall climate of the campus with respect to perceptions of risk, knowledge of resources available to victims and perceived reactions to an incident of sexual assault or misconduct. We hope everyone will take 15 minutes and provide your feedback.
