Accounting for Time During Weather Closing

Employees are reminded that only "Essential Personnel" who were specifically called in to work during this week's weather closing will be paid for those hours actually worked.

If you reported to work, but were not required to do so, you must report the hours that you were here on your time sheet and will be paid only for those hours. If you were not required to be here but were already scheduled for vacation or were sick you must report your hours as vacation or sick.

If you were not "essential" and did not report to work you will record your time as "excused" and make a note in the comment section "Weather Day."

Supervisors must confirm with the Vice President or Provost for their area whether or not a person is considered "essential" before they approve time worked during the shutdown.

If you have any questions please contact the Payroll Office or Human Resources.

Curator's 'Shop Talk' with Caitlin Brown

Date: Feb. 25, 2016

Time: 5 p.m.

Location: Cohen Gallery

Cost: N/A

Sponsored: Art History Club

On Thursday, Feb. 25 at 5 p.m. at the Cohen Gallery, the Art History Club will host a "Shop Talk" featuring Caitlin Brown, Director and Chief Curator at The Cohen Center for The Arts Gallery. This is an opportunity for students to experience the behind-the-scenes stages of curating and installing an art exhibition. It is open to all, and is the perfect time to ask questions about the process of organizing and assembling an exhibition.

How Does Google Decide Who Makes the Cut as a Googler?

If these topics sound interesting, these undergraduate and graduate summer course offerings are for you! Courses are open to most students but may be subject to instructor permission.

MGMT 300 01/MBA 600 03: People Analytics - This course focuses on the tools, procedures, and analyses used to inform data-based human capital decisions in organizations.

The methods taught in this course will be applied to HR and OB policy in organizations including but not limited to staffing, training, and measuring employee performance and satisfaction. Identification of the appropriate tools and statistical procedures for analyzing human capital will be emphasized along with the ability to effectively interpret and communicate statistical analyses into organizational policy recommendations.

MBA 600 02: Modern Issues in HRM - This course emphasizes five contemporary HRM trends in the workplace. The Society for Human Resource Management (SHRM) lists several of these trends as critical for HR professionals' success in the coming years. These trends include management of knowledge workers, contemporary hiring strategies, workforce training and gamification, work/life balance, and demographic issues in talent management. An evaluation of the utility of HR departments in the modern workforce is also examined.

If you're interested in learning more about these course offerings, contact Dr. Jennifer Griffith at griffith@alfred.edu. I look forward to hearing from you!
