Dear Ruth:

I have an enquiry from Skidmore College at Saratoga Springs, New York for a person to teach Ceramics and Sculpture. I enclose the letter from Miss Pease as this gives as full information as I have been able to obtain. I have written to Miss Pease recommending you at Miss Fosdick suggestion, with which I entirely agree.

I have not the least idea what salary they will offer nor whether your own engagements will permit you to consider the case. Please send back Miss Pease's letter.

With very kind regards, I am,

Very sincerely yours

Director
