

## **Alumna's work featured in Metropolitan Home article**

2/23/06

Readers of the March 2006 issues of Metropolitan Home: The Guide to Modern Design may recognize a familiar name: Eileen P. Goldenberg '74. The article, entitled "Mood Indigo," features blue objects, including (on page 34) a teapot made by Goldenberg. Beginning May 28, Goldenberg's art - ceramics and drawings - will be featured in a half-hour show, "Artist's i," that will be broadcast on Comcast, channel 11, in the Bay Area, where she and her partner, Judith Dancer, make their home.
