### Art students sought for NYC school visit on 8/1

Drawn to Diversity will be visiting a NYC school on Aug. 1 and performing for students with autism and special needs. We would love to add a collection of art students to draw portraits or caricatures of these students.

If you live in NYC and could join us for the day, it promises to be a memorable and worthwhile experience. E-mail Dan at [napolitano@alfred.edu](mailto:napolitano@alfred.edu) for more info or to volunteer.

### Ceramics payroll moving to Banner

Beginning Aug. 1, 2007, the responsibility for processing the payroll for employees in the NYS College of Ceramics will be transferred from the State of New York to Alfred University. This method is consistent with the practices of Cornell University and its statutory colleges, and will actually result in real savings of time and effort for several of our employees in the payroll and business offices. This change will have no net effect on levels of compensation or benefits.

Please see attachment for further details.
